Pipers of the 236th Highlanders

(St. Andrews Beacon.)

Col. J. B. MacLean, head of the great Toronto firm of The MacLean Publishing Co., accompanied by Mrs. MacLean, is a guest at the Algonquin.

Colonel MacLean is not one of the honorary colonels whom our War Minister and his predecessors have scattered all over the land, but for over thirty years has taken an active interest in the Canadian Militia, and has attained his rank by degrees and well-merited promotion.

He is taking an active interest in the organization of the 236th Overseas Battalion (the New Brunswick Killies—Sir Sam's Own) C. E. F., of which Lieut. Col. Percy A. Guthrie is the O. C.

The tartan adopted by the battalion is the MacLean. Under the circumstances the pipers should be of the Rankines, for they are the hereditary pipers of the MacLeans of Coll, a leading branch of the great militant Clan of MacLean, of which Col. Sir Fitzroy

MacLean, Bart., of Duart, is hereditary chief, but as Mrs. E. Atherton Smith is providing the pipes for the battalion the pipers are to be called after the Clan Macpherson, to which Mrs. Smith belongs.

Let us hope that the pipers of Sir Sam's Own will not meet the fate of the Macphersons recorded in the Bon Gualtier Ballads. The first stanza of the immortal poem follows:

Fairshon swore a feud

Against the Clan MacTavish;

Marched into their land

To murder and to ravish;

For he did resolve

To extirpate the pipers.

With four-and-twenty men

And five-and-thirty pipers.

THE CASE OF CAPT. FRYATT.

No Dealings With Germany Until Reparation is Made.

London, Aug. 16.—Replying to a question in the House of Commons, Premier Asquith said the government was determined that "this country will not tolerate a resumption of diplomatic relations with Germany after the war until reparation is made for the murder of Captain Fryatt."

General Sarraill (at left) the commander of the French Balkan army, on the field at Saloniki.

UNTRUE REPORTS ABOUT WESTERN CROPS

Yield in Manitoba Will Not be Much Below the Average—Reports From Other Provinces.

Montreal, Aug. 16.—Much indignation is expressed in Winnipeg over reports telegraphed to American and English papers to the effect that the wheat crop of Manitoba is badly ruined. Hon. Edward Brown, provincial treasurer of Manitoba, says:

"These reports are quite untrue. I have personally examined the crops in several districts and have absolutely unbiased information obtained through most reliable channels, that the damage to the wheat crop in Manitoba is pretty well confined to the southern part of the province, and with a good crop in many other districts. I do not look for the yield to be much below the average; and from reports received would expect the deficiency in Manitoba to be more than made up in Saskatchewan and Alberta. The yield of other grains is reported excellent."

Yield 12 to 18 Bushels an Acre. David Horn, president of the Fort William Elevator Co., and for many years chief grain inspector for the Dominion Government, stated that reliable reports he had received would indicate that the crop would run from 12 to 18 bushels per acre, and that the numeral result would be much more satisfactory than the pessimists would lead us to believe. He also expects the deficiency in Manitoba will be made up in Saskatchewan and Alberta.

Edward James, of the Imperial Elevator & Lumber Co., expressed the opinion that the damage reports were quite unjustified. He stated his company, which had extensive lines of credit out on farmers, had not reduced its credits by a single dollar, as they were of opinion that the crop, in volume and financial return would be a most satisfactory one.

S. J. Smith, of Smith, Murphy & Co., formerly president of the Grain Exchange, stated that their company, which was largely interested in export business, was laying plans to handle at least an average crop, and that as far as the province of Manitoba was concerned they expected it to be little, if any, below the average, and any shrinkage undoubtedly would be made up in the other provinces.

PALE-CHEEKED GIRLS

TIRED-OUT WOMEN

QUICKLY BUILT UP

WONDERFUL RECORD MADE BY NEW BLOOD-FOOD REMEDY.

Certain Results Guaranteed.

Pale people have pale blood. In other words, the blood is watery and lacks red corpuscles.

The stomach is wrong. Assimilation is poor and food is not changed into blood. Naturally the system is robbed of vitality, lacks strength and reconstructive power.

Don't slip from vigor into weakness. Don't allow the appetite to fail, but instead use Ferrozone.

You're bound to feel rejuvenated and strengthened at once.

Appetite is braced up, digestion is stimulated, vigor imparted to the stomach. Everything you eat is transformed into nutriment that supplies what your thin, weak system needs.

Vital, life-giving blood that makes rosy cheeks and dancing eyes—that's the kind that Ferrozone makes.

The strength and buoyancy that defies depression and tiredness—that's the sort you get with Ferrozone.

Every pale woman can transform her bleached-out appearance with Ferrozone.

Not only will it improve looks and spirits, but by rebuilding all weak and tired organs Ferrozone establishes a soundness of health that's surprising.

For women and girls who want to feel well, to look well, to be well, and stay well, nothing known in the annals of medicine is so certain as Ferrozone. Won't you try Ferrozone?

Concentrated cure in tablet form, that's Ferrozone, 50c. a box or six for \$2.50, at all dealers, or direct by mail from The Cattarhozone Co., Kingston, Ont.

DIED AT 102 YEARS OF AGE.

Woodstock, Ont., Aug. 16.—Maurice Egan died here early this morning in his 102nd year. He was born in Ireland and came with his parents to Canada when a mere lad.

WORLDLY WISDOM.

A girl's ideal young man is a novel hero who probably couldn't earn enough in real life to feed a canary bird. "In time of peace prepare for war," said a young man who had just squandered his hard earned coin on an engagement ring.

The romantic maid who waits for a man to come along and make love to her after the manner of the hero in a novel will remain single to the end of the chapter.

WOMEN AS BRAVE AS THE MEN

Their Struggle Shows a Remarkable Spirit.

Talk about the bravery of men, but where can you find a finer spirit than among the half-sick women who are fighting and struggling to do their duty against the terrible odds of ill-health, and who will not give up.

One woman in every three is struggling against weakness. Most of them are not exactly sick, but, oh, how miserable!

The burden and misery of it all has its foundation in the blood, which is thin and watery. The red cells are too few. The very stream of life is reduced in vitality. Weakness and inevitable ill-health are the certain result.

Every ailing or weak woman can quickly regain her health in this very simple way. By filling the system with the nutrition that comes from rich red blood, a quick change for the better will result. To accomplish this, take two chocolate-coated Ferrozone tablets after each meal. You'll feel better immediately for the simple reason that Ferrozone renews the blood. It gives you vim, vigor, endurance, restores a tired, worn-out system very quickly.

You'll feel like new all over once you get Ferrozone working through your blood. It puts color into faded cheeks, brightens the eye, quickens the step, brings back that wonderful feeling of youth.

One of the finest things Ferrozone does is to make you eat lots and digest it as well. With keen appetite, sound sleep, strong nerves and lots of nourishing blood, you're bound to regain robust health. Any sickly girl or ailing woman that Ferrozone won't make well must be incurable. There is a secret power in Ferrozone and it is worth a trial at all events. Fifty cents per box, six for \$2.50. At all dealers in medicines, or by mail from The Cattarhozone Co., Kingston, Ont.
