OF INTEREST TO WOMEN

TO COLOR CURTAINS.

If curtains are dipped in coffee in the right way the color will be restored. If you want a deep ecru the coffee must be quite strong and the curtains left in for some time. If a light color is desired the coffee need not be black and the curtains are dipped in only for a few seconds.

FASHION JOTTINGS.

Slippers and stockings should match the evening dress. Where the skirts are so short in places, or so transparent, if different colored stockings are worn the silhouette is wrong. No matter how lovely the dress may be, the effect is spoiled if this point is not covered.

The arm bag, a gorgeous thing of silk, metal braid, laces and beads.

embroideries, is an absolute necessity to brighten up the sober tailored costumes of broadcloth and velvet. These arm bags are all sizes and shapes.

Between and between girls are wearing very strong shades of tan stockings and shoes for every day, with blue serge one piece or Russian blouse frocks.

THE ART OF MAKING GOOD TEA.

It is generally believed that any one can make tea. This is far from the case. Great care should be taken to have the teapot hot. Scald it out with hot water before putting in the dry tea. The water to pour on the leaves should not only be boiling, but should be freshly boiled. The big tea kettle which stands on the stove all day and is filled at irregular intervals does

not furnish the best water for the purpose. Get a small enamelled war kettle holding about a quart of water. Pour the water on the tea, which should not steep over three minutes. Then you will have a cup of tea which is not only very much better in flavor, but is much more wholesome than that made in the ordinary careless fashion.

FOR VASELINE STAINS.

You can get them out this way: Cover the article with boiling water and let stand awhile. Then add a teaspoonful of washing powder. Let stand until the water is cool enough to put the hands in. Then wash as usual. The cloth will be clean and the grease will be on top of the water.

Slants of Humor

MISTAKEN IN THE LOCALITY

"In heaven, said the sentimental maiden, 'a man is never separated from his wife.'"

"I beg your pardon," interrupted the misogynist, "but I think you are getting mixed in your geography."

LOOKING HER BEST.

Business Caller (looking at photograph): This is a picture of Mrs. Peckington, I suppose?

Peckington—Yes; that's her when she is—er—getting her picture taken.

BETTER

Hearing those high priced opera singers on a phonograph is almost as good as hearing them on the stage.

"Better. You can shut them off whenever you like on the phonograph."

DIFFERENTIATION

"Well, landlord, how's business now-a-days?"

"Oh, purty good, purty good. Had a whole passel of people register yesterday. They was five gentlemen, three ladies, and four musicians."

CANDOR.

He—You used to say there was something about me you liked.

She—Yes; but you've spent it all now.

MISNOMER

She—I hear that you skated into an air hole the other day.

He—That's what they call it, but I found it full of water.

SUCH AN EASY JOB.

Most any one can be an editor. All the editor has to do is to sit at a desk six days out of the week, four weeks of the month, and twelve months of the year, and "edit" such stuff as this:

"Mrs. Jones, of Cactus Creek, let a can opener slip last week and cut herself in the pantry."

"A mischievous lad of Picketown threw a stone and hit Mr. Pike in the alley last Thursday."

John Doe climbed on the roof of his house last week looking for a leak and fell, striking himself on the porch."

"Harold Green was escorting Miss Violet Wise from the church social last Saturday night, a savage dog attacked and bit Mr. Green on the public square."

"Mr. Fong, while harnessing a bronco last Saturday, was kicked just south of his corn patch."

Yes, it's a wonder they draw salaries for it.

TO TRIFLE WITH CATARRH IS TO RISK CONSUMPTION

Usually it comes with a cold. Being slight, it is neglected—but the seed is sown for a dangerous harvest, perhaps consumption. To cure it once, inhale Catarrhazone. It destroys the germs of Catarrh, clears away mucous, cleanses the passage of the nose and throat. The hacking cough and sneezing cold soon disappear and health is yours again. Nothing known for colds, catarrh and throat trouble that is so curative as Catarrhazone. It cures by a new method that never yet failed. The one dollar outfit includes the inhaler and is guaranteed to cure. Smaller sizes, 25c. and 50c., sold everywhere.

We Want Everybody to See the Enterprise Perfect Double High Oven Range

The Range that appeals to every woman. No more stoves to bake or cook.

It has two large ovens that can be used at the same time with the same fire, saving a great saving in fuel. Both ovens are at the right height to work; are fitted with thermometers, have doors to drop level with oven bottoms, and the oven is fitted with a glass door, so contents can be seen at a glance without opening. The Warming Closet is double the usual size. The cooking surface is surrounded with Porcelain Enamel, keeping it beautifully clean.

It is full of labor-saving devices, and for comfort, convenience and ease of management surpasses anything ever produced.

We cordially invite everyone, whether considering a purchase or not, to come in and look carefully over this splendid specimen of the Stove Makers' skill.

It's something we are proud of and anxious to show. Let us demonstrate it to you. If you cannot call, send for circular.

Enterprise Stoves always give satisfaction.

Tuberculosis Rapidly Increasing Among Children of Belgium and Northern France.

More Food Urgently Needed to Keep up Their Strength

An interview with Mr. W. L. Honnold, American Director of the Belgian Relief Commission, brings to light a new danger threatening the population of the territory occupied by Germany.

Mr. Honnold reports that about 5,000,000 wholly or partially destitute people, who have been dependent on the Commission, generally show diminished vitality. The effects are most apparent among the older children, particularly those in the adolescent stage. Among these there is an alarming increase of tuberculosis, due to the lower power of resistance consequent on an inadequate diet.

To overcome this serious danger, the Commission appeals for extra contributions so that a special meal can be served every day in the schools. Efforts are also being made to provide as far as possible for children outside the schools.

This can only be done—Belgium's children can only be saved—if every one of us who can possibly do so will give something toward the Fund. Whatever you can afford, send your subscription weekly, monthly or in one lump sum to Local or Provincial Committees, or
