Infantile Paralysis in Western Canada

Vancouver, B. C., Aug. 17.—Local doctors have a four-year-old boy believed to be suffering from infantile paralysis under observation.

Moose Jaw, Sask., Aug. 17.—A two year old child here is recovering from infantile paralysis.

How solemn a furnace looks in the summer time!

WORLDLY WISDOM.

A girl's ideal young man is a novel hero who probably couldn't earn enough in real life to feed a canary bird. "In time of peace prepare for war," said a young man who had just squandered his hard earned coin on an engagement ring.

The romantic maid who waits for a man to come along and make love to her after the manner of the hero in a novel will remain single to the end of the chapter.

RECRUITING FOR OVERSEAS FORCES

Ottawa, Aug. 17.—In the fortnight ended August 15th, 3,524 men were recruited for overseas service.

Of this number the divisional enlistments were as follows:

London, 202; Toronto, 577; Kingston and Ottawa, 694; Montreal, 446; Quebec, 41; Maritime Provinces, 193; Manitoba, Saskatchewan, 541; Alberta, 2274; British Columbia, 603. The aggregate enlistment is 353,105.

For the first time since the outbreak of the war the Toronto division loses its pre-eminence. The Ottawa-Kingston division takes first place, and British Columbia second. Toronto comes third.

Recruiting is now proceeding at a rate of about 250 men a day, or seven battalions a month.

TROUBLE AT HOME FOR GERMANS

(Leonard Spray in Toronto Globe.)

Rotterdam, Aug. 16.—Through Germany the authorities have their hands full confiscating and trying to trace the source of pamphlets advocating peace at any price. This symptom of revolt among a large section of the people recently assumed alarming proportions.

A few days ago there was a house-to-house search in Berlin, resulting in the arrest of an editor and printer associated with the socialist organizations.

The strongest measures, however, failed to suppress this form of agitation against war, which is so widespread as to baffle the efforts of the military and police. It is proof of the existence of a great undercurrent of discontent which approaches rebellion among the working classes of Germany.

The well informed Cologne correspondent Tyd writes:

"Complete removal of the censorship may be expected shortly, as the authorities can no longer oppose the increasing stream of protests and the bitter agitation among the people."

"The only result of the government's measure of suppression is the appearance of a succession of secretly produced pamphlets distributed from hand to hand, which are increasing the prevailing unrest, and the general feeling of collapse."

"Removing the censorship would be a safety valve, for the feeling is now increasing in bitterness among the laboring classes."

A woman fashion writer says that the time is not far off when the short skirt may be worn without attracting attention. When that time comes the short skirt is doomed.

It's hard to believe some things—even when we want to believe them. Taste is a queer thing. So many persons are of the idea that a young girl with a turned-up nose is not a bit pretty.

We are perfectly willing to believe that ostrich feathers are umping in price, but please don't try to tell us that the soldiers in the European war are eating all the ostriches.

If you suffer from this painful malady, apply Zam-Buk. It is purely herbal, quickly eases the dull, gnawing pain, stops bleeding, ends the irritation, and in a short time completely and permanently cures. Zam-Buk should be in every home.

Mrs. C. Hanson, Poplar, B. C., says:

"I suffered for years with bleeding piles. The pain was often so bad I could hardly walk. I tried remedy after remedy, and finally underwent an operation, but only got temporary relief. At last I tried Zam-Buk. Perseverance with this completely cured me and there has been no return of the trouble."

TURN FOR THE BETTER IN INFANTILE PARALYSIS

New York, Aug. 17.—In four out of the five boroughs of the greater city the epidemic of infantile paralysis took a turn for the better today. It was the third consecutive day that a decrease was shown in deaths and new cases. Total cases now number 6,774 and the deaths 1,529.

DIED AT 102 YEARS OF AGE.

Woodstock, Ont., Aug. 16.—Maurice Egan died here early this morning in his 102nd year. He was born in Ireland and came with his parents to Canada when a mere lad.

What we want is telegraph wires that will break down just about the time that wheat wants to send word to flour of a rise in price.

One woman can call another 'dearie' and make it sound like a swear word.

A woman's inconsistency may be the greatest of her many charms.

A small boy's ideal memorial window is one in front of a candy store.

Flatter a man if you want him to have implicit faith in your judgment.

And a lot of good resolutions are manufactured the morning after.
