## SPEAKER DOES NOT WANT TO GO TO CLEVELAND CLUB

Arrived in Boston Yesterday to Confer With Lannin  
---"Spoke" Says Indians Must Pay Him More Than \$15,000---Players are Sorry to Lose Speaker But Are Not Downhearted.

Boston, April 10.—Tris Speaker, whose sale to the Cleveland team by the Red Sox now overshadows all other topics of conversation in baseball and other sporting circles, was in Boston yesterday. He came to town late Saturday night, coming over on the five o'clock train in company with Harry Hooper, his old outfield side partner. Yesterday was spent with friends in Back Bay. In the afternoon he was seen by a Globe reporter and, while he stated that he did not wish to make any formal statement then, he did talk later of his sale.

He said his chief object in coming to Boston was to call on President Lannin of the Red Sox today and learn the details of the trade which sends him to Cleveland. He expressed displeasure at leaving Boston for Cleveland, stating that he did not like to leave a good ball team and go to a poor one. He dislikes to leave Boston, where he has hundreds of intimate friends and which he regards as his home, to go to Cleveland, where he will be forced to make a new home.

More Than \$15,000.

Speaker said that the terms he had offered Vice-President McRoy of the Cleveland Club, to go to Cleveland had not yet been accepted. In view of the public announcement that the deal had been closed, however, Speaker believes that they are satisfactory to the Cleveland management. He said his terms call for a salary of more than \$15,000 a year, but he declined to name the sum. He said he did not know what amount was paid for him by Cleveland.

Players are Sorry.

Yesterday's sudden news that they must fight their championship battles without the help of Tris Speaker stunned them and the Red Sox have not yet recovered from the shock. They are guarded in what they say and not downcast. Rather than that the spirit of the players is that its up to them to take the disappointment and go out all the harder to fight under the handicap.

## FIVE MEMBERS OF FAMOUS OXFORD TEAMS ARE KILLED

All of the Team of 1909 Served in British Army During this War--Great Record.

The Oxford 1909 Rugby team is regarded in England as one of the greatest university fifteen in the history of British intercollegiate sports, says The Detroit News. Among its members was Donald G. Herring, the Princeton Varsity tackle of '05 and '06, who, after graduation in 1907, went to Oxford as a Rhodes scholar and became proficient in the Rugby game. Information in the possession of Mr. Herring shows that of the fifteen members of 1909 university team, five have been killed in action, while most of those that remain hold commissions in the British army.

This team won the championship of Great Britain in 1909, defeating every university and club team of note, except for one tie game with the Harlequins, who were defeated in the return contest. Cambridge was defeated four goals and five tries to one try—35 to 3.

This stands as the record score for the Oxford-Cambridge series. Ten of the fifteen men were "internationals" five being "capped" for England and five for Scotland.

One of the English internationals later played on the South African international team and one of the regular members of the team, Piet Cronje, son of the famous Boer general, did not play against Cambridge (because of a broken ankle) and is not included in the team. However, he also played in both the English and the South African international teams. Among the reserves for this great team were four internationals, two backs and two forwards. Of the ten internationals who played against Cambridge, eight were captains of their country's team. Of the eight forwards who played against Cambridge, three were internationals. All seven of the men outside the scrum were internationals.

## HER LITTLE BOY HAD PNEUMONIA NEARLY LOST HIM. DR. WOOD'S NORWAY PINE SYRUP SAVED HIM.

The slight cold, the irritating cough, the tightness of the chest, if not attended to, will sooner or later develop into some serious lung or bronchial trouble, and our advice to you is that on the first inception of a cough or cold "Get Rid of It."

Mrs. H. Washburn, Gaspereaux Station, N.B., writes: "I thought I would write and tell you just how much I appreciate Dr. Wood's Norway Pine Syrup, for I would not be without it in the house. Twice my little boy, now four years old, has had pneumonia, and nearly died, but since using Dr. Wood's Norway Pine Syrup I have kept him clear of even a cough. I often say that if it had not been for 'Dr. Wood's' I would have lost him."

"My little girl, ten months old, is subject to bronchitis, but when she seems to be stuffed up and has difficulty in breathing I give her a few drops of Norway Pine Syrup every two or three hours, and in a very little while she is all well, in fact, on the first signs of a cold or cough we all fly for 'Dr. Wood's'."

You can procure Dr. Wood's Norway Pine Syrup from any druggist or dealer, but be sure and get "Dr. Wood's" when you ask for it, as there are many imitations on the market.

The genuine is put up in a yellow wrapper; three pine trees the trade mark; price 25c and 50c.

Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

### HOUSE TO LET

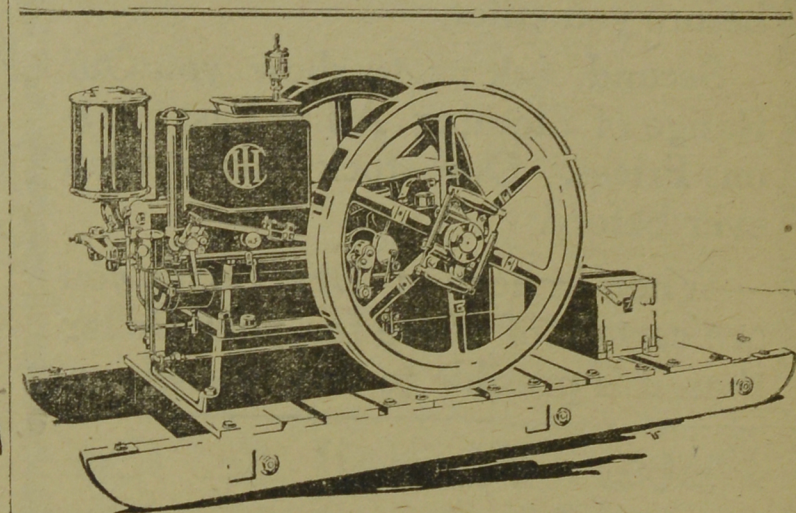

HOUSE TO LET—Conveniently situated, pleasing architecture, well arranged rooms, plenty of light, large closets—but the plumbing ???

Inviting, sanitary plumbing will do more to rent a house than the most expensive wall paper and hardwood floors.

We have a special proposition for house owners and real estate dealers. Modern bathroom and kitchen outfits. Ask us about it.

## D. J. SHEA & SON

Phone 563 - - - Carleton Street.

THE FIRST COST OF A  
**TITAN KEROSENE ENGINES**

may be slightly more than some other gasoline engines, but the difference is far more than offset by the saving in fuel and batteries, the greater durability and power and the all around satisfaction in operating.

Kerosene costs 18½ cents by the barrel, Gasoline 33½ cents.

A gallon of Kerosene in a Titan gives as much power as a gallon of Gasoline. Figure out for yourself the saving in fuel alone and you will not buy anything but a Titan.

TITAN ENGINES are all equipped with a MAGNETO that does away entirely with the necessity of batteries.

TITAN ENGINES HAVE THROTTLE GOVERNOR, giving uniformity of speed.

# Production and Thrift

"CANADA from her abundance can help supply the Empire's needs, and this must be a comforting thought for those upon whom the heavy burden of directing the Empire's affairs has been laid. Gain or no gain the course before the farmers of Canada is as clear as it was last year—they must produce abundantly in order to meet the demands that may be made, and I believe this to be especially true in regard to live stock, the world's supply of which must be particularly affected in this vast struggle. Stress and strain may yet be in store for us all before this tragic conflict is over, but not one of us doubts the issue, and Canadians will do their duty in the highest sense of that great word."—HON. MARTIN BURRELL, Minister of Agriculture.

"MODERN war is made by resources, by money, by foodstuffs, as well as by men and by munitions. While war is our first business, it is the imperative duty of every man in Canada to produce all that he can, to work doubly hard while our soldiers are in the trenches, in order that the resources of the country may not only be conserved, but increased, for the great struggle that lies before us. 'Work and Save' is a good motto for War-time."—SIR THOMAS WHITE, Minister of Finance.

## THE CALL OF EMPIRE COMES AGAIN IN 1916

TO CANADIAN FARMERS, DAIRYMEN, FRUIT GROWERS, GARDENERS

### WHAT IS NEEDED? THESE IN PARTICULAR—

|   |  |
|---|--|
| WHEAT, OATS, HAY,<br>BEEF, PORK, BACON,<br>CHEESE, EGGS, BUTTER, POULTRY, | CANNED FRUITS, FRUIT JAMS,<br>SUGAR, HONEY, WOOL, FLAX FIBRE,<br>BEANS, PEAS, DRIED VEGETABLES |
|---|--|

We must feed ourselves, feed our soldiers, and help feed the Allies. The need is greater in 1916 than it was in 1915. The difficulties are greater, the task is heavier, the need is more urgent, the call to patriotism is louder—therefore be thrifty and produce to the limit.

"THE AGRICULTURAL WAR BOOK FOR 1916" is now in the press. To be had from The Publications Branch, Department of Agriculture, Ottawa.
