

THE TIME HAS COME

when people cannot afford to accept anything but the very best for their money. Zam-Buk has been proved by thousands to be the best ointment obtainable for skin ailments and injuries, because it cures when other treatments fail, and because its cures are permanent. You take no chances when you buy Zam-Buk. Only the really good things are imitated! Proof of Zam-Buk's superiority is provided by the great number of imitations and substitutes which have been put on the market. Don't be deceived, however, by anything represented as "just as good." There is nothing "just as good" as Zam-Buk. All druggists, 50c. box, 3 for \$1.25, or direct from Zam-Buk Co., Toronto. Send 1c. stamp for postage on free trial box.

ZAM-BUK

FILM STRUCK GIRLS READ THIS.

How the Movie Queen Toys With Death Time After Time.

New York, Sept. 19.—If the thirteen million girls in America who are film struck could have been crowded on the beach at Ravenhall's, Coney Island, the other day, it would have done each one of them considerable good.

Marie Dressler fell backward out of a skiff at the director's command, and was pulled ashore by a rope. Again, she rolled out of a skiff, caught a life preserver, and was towed at high speed for a quarter of a mile.

Then she climbed into an old automobile body on a raft 1,000 feet from shore and went through a number of antics while the surf rocked her perilously.

At last it happened—the thing cap-sized. It was thought she was pinned under the automobile body. But after a breathless half minute she emerged and swam to safety. They earn their money, movie stars do.

A BRITISH SUCCESS NEAR ARRAS.

Captured 200 Yards German Trenches, Says Official Report.

London, Sept. 20.—South of Arras yesterday the British troops captured 200 yards of German trenches, says the official statement today.

PLASTER ROCK BOY IS RETURNING HOME

Plaster Rock, Sept. 20.—Gunner John L. Hawkes, of the 28th Battery, who as gassed the 6th of April in the Battle of St. Eloi, and spent three

GUNNER HAWKES

months in the hospital at Boulogne, France, is being invalided to his home in Plaster Rock, and is expected to sail on the next steamer leaving London.

If men were built in piano factories there would be more grand, square and upright people in the world.

It is a physical impossibility for hearts to break, but there are lots of cracked brains.

Nature paints things red in the fall and many a man is able to trace his own fall back to the time when he painted things red.

GERMANS EATING FLESH OF SEALS

London, Sept. 20.—The Times prints a letter from a neutral in Frankfurt whose occupation, says the Times, gives him unusual means of being in touch with a certain number of Germans of the upper and middle class.

The writer says: The food conditions are quite bearable, although annoying, especially in the large towns. In most parts of Germany no milk is given out except to those under nine years of age, and the potato crop has been disappointing. Game is plentiful at present. On Oct. 1st, venison, ducks, pheasants and the rest are to be served out on meal tickets only. Our meat allowance is now one-half pound per week, and weighed with the bone.

Eating Seal Meat in Berlin. I was in Berlin the other day and there, I think, the shortage is greater than here in Frankfurt. No sugar is served anywhere. The restaurants, however, provide small packets of saccharine.

Fish is dearer, owing to the new regulations made by the English with the Dutch, but a new experiment is being made of seal meat. Botocki gave a dinner at the Kaiserhof in which it was served in all forms, hot and cold.

I daresay you have heard rumors that fat people are dying freely here, but do not believe them. I think the people grumble more at the bad coffee and greatly deteriorated beer than anything else.

Personally I do not know what to make of the war. Our croakers, of whom there are always a few, say that things are going badly, that Verdun should have fallen long ago, that our submarines for some reason or other are unable to operate.

The arrival of English newspapers has been very intermittent lately, although the *Matin* and the *Echo de Paris* reach us quite easy via Switzerland.

GOT DIARRHOEA FROM DRINKING BAD WATER

Had to Give Up Work

Mr. H. M. Ryckman, Port Rowan, Ont., writes: "Last year I was out in Saskatchewan. The water was very bad and I was taken with diarrhoea. In a few days I was in such bad shape I had to stop work. I got a bottle of Dr. Fowler's Extract of Wild Strawberry, and had only taken a few doses when it was stopped, and I was soon able to go back to work again."

Dr. Fowler's Extract of Wild Strawberry has been on the market for the past seventy years, and has had such great success in curing all bowel complaints that many firms have undertaken to provide a substitute for it, even going so far as to use a similar name.

Do not be led into taking a substitute for "Dr. Fowler's," but insist on getting what you ask for. "Dr. Fowler's" is safe and sure, but by taking some of these rank substitutes you may endanger your life. "Dr. Fowler's Extract of Wild Strawberry" is manufactured only by The T. Milburn Co., Limited, Toronto, Ont. Price 35c.

LORD DERBY SAYS ALLIES WILL WIN

London, Sept. 20.—"I wish I could pick one of my horses as a winner with the certainty of victory for the Entente Allies," said Lord Derby, the British under secretary of war, on receiving the correspondent today on his return from a visit to France, where in company with General Sir Douglas Haig and General Joffre he saw the trial of the "Tanks" before they were sent into battle against the Germans.

Lord Derby continued: "We now have a European army with better guns, better rifles and better ammunition than any other country in the world today."

"But I do not agree with the people who expect the war to end within six months, as it must surely continue over the winter."

ROUMAINS GET THE BEST OF TEUTONS

Bucharest, Roumania, via London, Sept. 20.—The official report issued today by the Roumanian War Office, announces that the Roumanians have gained a success against the German and Bulgarian troops in the province of Dobrudja. The fighting was in the region of Eniglea, south of the Constantza-Tzarnavoda railway.

The battle in this region continues.

Don't imagine that there is anything harder to keep than an umbrella.

We'll Never Let The Old Flag Fall

The Kilties Are Coming

The recruiting campaign for the 236th Overseas Battalion (The New Brunswick Kilties, Sir Sam's Own), will be officially opened throughout this province on Monday, September 25th.

This Battalion will be mobilized in Fredericton and it is up to Fredericton and York County to do their share in filling up the ranks.

The official figures show 1,402 men in Fredericton, and 4,506 men in York County, of military age, who have not even tried to enlist. This record is not one that the young men of Fredericton and York County should allow to exist. It sounds bad, doesn't it?

LIEUT.-COLONEL P. A. GUTHRIE, THE KILTIES' OFFICERS AND SERGEANTS

have all been to the front. Every officer who will lead the Kilties into action has faced the enemy before in France or Flanders.

Doesn't this seem like the kind of a unit to join? Think it over now, and be ready for the

BIG OPENING RECRUITING MEETING FOR THE KILTIES IN FREDERICTON ON

MONDAY, Sept. 25th

FOLLOW THE CROWD ON THAT EVENING TO

CITY HALL SQUARE

Open air meeting, if possible. If the weather is unfavorable the meeting will be held in the City Opera House.

Lieut. Colonel Guthrie will be one of the speakers. You should be one of those who enlist that night. No long speeches.

This is a time for action, not words.
