"With malice towards none, with charity for all, with firmness in the right as God gives us to see the right, let us finish the work we are in, to bind up the nation's wounds, to care for him who shall have borne the battle, and for his widow and his orphans, to do all which may achieve and cherish a just and a lasting peace among ourselves and with all nations."—Abraham Lincoln.

BRITISH COLUMBIA AROUSED.

Not since the Pacific Scandal has there been such a political overturn in Canada as that which occurred in Vancouver, B. C., on Saturday, when Hon. C. E. Tisdale, who was seeking re-election to the British Columbia Legislature after accepting a portfolio in the government, was defeated by a majority of 4,160. Hon. Mr. Tisdale, then a private member, was returned in the local election of 1913 by a rousing majority. The figures were:

McGuire, Con.	5114
Hon. W. J. Bowser, Con.	5101
C. E. Tisdale, Con.	5085
McGowan, Con.	5061
Watson, Con.	4977
R. Smith, Lib.	4957
Enright, Lib.	2947
M. Smith, Lib.	2744
Cameron, Lib.	2716
J. N. Ellis, Lib.	2619

Mr. Tisdale's majority in the general election was in excess of 2,000. Seeking re-election as a cabinet minister on Saturday, he was defeated by a majority of 4,160. The result indicates what will happen to the McBride-Bowser hoodlum outfit when next it goes before the people. Those who have made a study of conditions in the Pacific province and know something of the way in which its natural resources have been exploited for the benefit of capitalists and speculators, declare that the Manitoba boddies, now out on bail, are Epworth League workers in comparison with the British Columbia brigade.

Last week a Liberal candidate for the Ontario Legislature captured a traditional Conservative seat by a majority of 300. On Saturday in the supposed Tory stronghold of Vancouver, a Liberal defeated a member of the British Columbia government by the snug majority of 4,160. The handwriting is on the wall.

About the only thing for Premier Bow-wow-sir to do in British Columbia is to follow the example of our own Premier Clarke and hold on as long as possible with the hope that a judgeship or something else will turn up.

Commissioner Teed, who is generally supposed to be in line for the next vacant Supreme Court judgeship, is conducting the Blair enquiry behind closed doors. The "higher ups" will no doubt appreciate Commissioner Teed's thoughtfulness.

Hon. George Black, a former Frederictonian who holds the position of Commissioner of the Yukon, is in receipt of a salary of \$6,000 a year, and has an annual living allowance of \$6,000. Another former Frederictonian, Mr. John Black, acts as legal adviser to the Commissioner at a salary of \$500.

The Liberal majority in the local by-election in Vancouver on Saturday was nearly as large as that secured by the Winnipeg Liberal candidates in the Manitoba elections last year. It looks as if the Tory party had fallen on evil days.

It was on the recommendation of Harry Woods and Doc Price that the session of the N. B. Legislature was postponed from February 24th until March 9th. Is there anyone silly enough to believe now that the indisposition of Premier Clarke was the real reason for the change of date?

The Mail cordially welcomes the members of the New Brunswick Farmers' and Dairymen's Association to Fredericton, and hopes that their deliberations will be pleasant and profitable to themselves and productive of good to the great cause of agriculture.

The result of the bye-election in Vancouver ought to be broken gently to Premier Clarke, who is now sojourning at Clifton Springs, New York.

So far as can be learned, our old friend, Mr. J. Kidd Flemming, has not squandered any money during the past few days in sending congratulatory telegrams to Vancouver, B. C., or Peel, Ont.

The honest and businesslike local government found it necessary to send Harry Woods and Doc Price on a scandal hunting expedition to Ottawa. Will wonders never cease!

Many people would like to know the name of the New Brunswick M. P. who held \$5,000 worth of stock in the Concrete Construction Company at a time when it was painting bridges in New Brunswick on a thirty per cent. basis.

It is a little strange that the honest and business like government of New Brunswick should find it necessary to spend so much money on Royal Commissions these hard times.

The graft newspapers did not have any comment to make on the by-election in Vancouver last week. They probably realize that the jig is up.

It was a mighty lucky thing for the Conservatives that they succeeded in getting the life of the Canadian Parliament extended for a year.

Probably the reason why the enquiry into the Blair charges is being held behind closed doors is that the graft newspapers wanted some excuse for suppressing the evidence.

ON THE SIDE.

This is an extra day.

Someone says we ought to rest up today—tomorrow we start on a March.

This is the day that puts the "leap" in leap year.

What should we do with this unusual day? The "fish trust" says to "eat fish."

People ought to eat more fish any way to reduce the high cost of living.

Don't ask us how, for honest-to-goodness we don't see how it could.

Who's trying to take the "public" out of public works department?

The lament entitled "I cannot sing the old songs" does not apply to the German diplomats.

The latest reports from Vancouver, B. C., indicate that the Conservatives lost something over four thousand men in a recent battle fought in that city.

Waukon, Iowa, again bids for fame through "pay-up week," which is this week, wherein all the folks of that place are requested to settle their debts. Last year the scheme was tried and more than \$500,000 was paid. In some towns there wouldn't be enough money to go around.

J. L. STEWART, M. P. P.
SERIOUSLY AFFLICTED

(Moncton Transcript.)

The Transcript learns with deep regret that an affliction has befallen Mr. J. L. Stewart, M.P.P. for Northumberland, and editor of The Chatham, N.B., World, which is one of the greatest which possibly could overcome a newspaper editor.

A very serious form of eye trouble has developed and he can only distinguish the glimmer of light and his fingers appear to him as mere shadows. It is a peculiar disease which comes on practically instantly, but is sometimes relieved by prompt operation.

Mr. J. L. Stewart came to Moncton last Saturday and remained in the Moncton hospital until Tuesday, when, accompanied by Dr. S. W. Burgess, he left for Montreal, where he will seek further consultation and be subjected to a possible operation.

It is needless to say that the editor of The Transcript, in common undoubtedly with other editors, regrets to learn of Mr. Stewart's affliction and trusts that the operation will be so successful as to restore a brilliant conferee to the ranks of journalism, of which he has been so prominent a member.

JUST A STRAIGHT
AND SIMPLE STORYMiss Blanchard Tells of Dodd's
Kidney Pills.

THEY CURED HER KIDNEY TROUBLE AND OTHER SUFFERERS CAN LEARN FROM HER EXPERIENCE HOW THEY CAN FIND A CURE.

Paquetville, Gloucester Co., N.B., Feb. 28—(Special)—Simple and also straight to the point is the statement of Miss Justine Blanchard of this place. She has tried Dodd's Kidney Pills and found them good and she wants everybody to know it. Miss Blanchard says:

"I suffered for a long time with my kidneys. I used Dodd's Kidney Pills and they cured me completely."

One simple statement like that is worth a dozen learned dissertations on kidney disease. It tells the sufferer from kidney trouble just what he or she wants to know—that a cure can be found in Dodd's Kidney Pills.

For Dodd's Kidney Pills are no cure-all. They are purely and simply a kidney remedy. The reason why they cure Lumbago, Rheumatism, Diabetes, Bright's Disease, Heart Flutterings, Dropsy, Pain in the Back and other diseases is that all these are either kidney diseases or are caused by disordered kidneys. Dodd's Kidney Pills cure them by curing the kidneys.

TURKISH
London, Feb. 28—Additional advice regarding the fighting in Western Egypt, in which South African troops defeated tribesmen commanded by Turkish officers, were received by the war office today from Major General Sir John Maxwell, commander of the British forces. The report says:

"The fight on Saturday last ended in a decisive success for us. The enemy were under the personal command of the Nuri Bey, brother of Enver Pasha, the Turkish war minister, with Gasfar as his principal subordinate. They were holding a strong position some fifteen miles southeast of Barani.

"General Peyton reports that the attack by South African infantry under General Lukin was completely
