FOURTEEN VACANCIES IN FEDERAL PARLIAMENT

(Continued from page 1)

eleated for the Quebec Legislature.

Dr. D. O. Lesperance, Conservative member for Montmagny, who is popularly known as Forget's Moon, resigned about the same time, ill health being the excuse. Mr. Lesperance's health kept up until the Quebec-Saguenay railway deal was put through, after which he felt himself at liberty to let himself depart in peace. His work had not been in vain.

The constituency of East Grey has lost an old friend in Speaker Sproule, who pleaded ill health and was transferred to the Senate before he could get caught in the rain.

This Man a Winner.

William Chisholm, Liberal member for Antigonish, N.S., resigned in order to win a seat in the Nova Scotia Legislature. This feat he successfully accomplished. William is fond of pub-

lic life and he had to sit somewhere, a thing he couldn't do for Antigonish in the Federal parliament after the next general election, because the Redistribution Act had gerrymandered him out of his seat.

The other half dozen members have been removed by death. Altogether, with fourteen constituencies vacant, it is a safe estimate to say that half a million Canadians are at present unrepresented in the Federal parliament at Ottawa.

SEVEN WERE KILLED BY AN EXPLOSION

New York, July 13.—Seven persons were reported to have been killed and a number of others injured when an ammonia tank in a Brooklyn butcher shop exploded today.

The entire three story building in which the butcher shop was located collapsed, burying the occupants beneath it.

AUGUST HOLIDAYS MAY BE CUT OUT

London, July 13.—The Government has decided to ask workers to forego their August holidays owing to the demand for munitions in France.

Some trade unions already have suggested that this be done, so that no difficulty is looked for. When a similar request was made to forego the Whitsuntide holidays it was said they were to be postponed and taken in conjunction with the August holidays.

Disinterested enthusiasm is good—if you know how to work it.

what Studebaker
COMFORT means!

Just look at that illustration a second time. Look at the roominess of this new Studebaker SERIES 17 FOUR—the individualized COMFORT that's built into the car for every one of the SEVEN passengers it carries.

Not a detail has been overlooked that will make the car easier-riding. The front seats, for example, are divided—and they are also adjustable—that is, they can be moved fore or aft to fit the passenger's wishes.

In the tonneau, roominess is especially evident—lots of room for five full-grown people. The rear seat is wide and deep and luxuriously upholstered with the finest straight-grain, semi-glazed leather. And everywhere roominess, convenience and a host of COMFORTS have been built into the car.

This new Studebaker is the most powerful 4-cylinder car on the Canadian market within hundreds of dollars of its price—the biggest car that any such price as \$1225 ever bought—but on COMFORT alone it stands as the GREAT value of the year. Come in and see this splendid "Made in Canada" Car.
