Cure Your Bad Cough By Breathing "Catarrhozone"

You may dislike taking medicines—but coughs are best cured without medicine. The modern treatment is "Catarrhozone." It isn't a drug—it's a healing vapor full of pine essences and healing balsams. It spreads over the surfaces that are weak and sore from coughing. Every spot that is congested is healed; irritation is soothed away; phlegm and secretions are cleaned out, and all symptoms of cold or catarrh are cured. Nothing so quick, so sure, so pleasant as Catarrhozone. Beware of dangerous substitutes meant to deceive you for genuine Catarrhozone. All dealers sell Catarrhozone, large size which lasts two months price \$1.00; small size 50c.; same size 25c.

THUNDERBOLT TO BERLIN.

Roumania Had Recently Exchanged
Grain for German Ammunition.

Copenhagen, Aug. 29.—The Berlin correspondent of the Politiken says: "The declaration of war by Roumania came as a thunderbolt. The effect of the announcement was terribly disheartening and produced consternation. Indignation was expressed that Roumania had received great quantities of ammunition in exchange for grain."

MAN ATTEMPTS TO END HIS LIFE

Amherst, N. S., Aug. 28.—Arthur L. Fitzgerald, a married man aged 55, was this morning taken to Highland View Hospital suffering from a self-inflicted gash on his throat. His own daughter, aged 16, laid a charge before Crown Prosecutor Hanway accusing him of a serious crime. When the police went to serve the warrant he requested time to go to his room to change his clothes, followed within five minutes by the officers, who found him sitting on the edge of the bed with a deep gash in his throat, from which blood was freely gushing. In his hand was a sharp-pointed knife.

A doctor was immediately summoned and found that an artery had been severed. There is slight chance of his recovery.

He has a wife and 11 children.

MEAN SNEAK THIEF ON THE NORTH SHORE

Newcastle, N. B., Aug. 28.—The meanest man in the province may have been located before, but he has found a very close rival in the person of the sneak thief who broke into the home of Mrs. James Taylor, jr., of Nordin.

Mrs. Taylor's husband died about two weeks ago, leaving her eight small children to support, and in her bedroom had a box that contained \$68, left her on the death of her sister-in-law to pay the funeral expenses, when needed, of the latter's husband, who is a patient in the Provincial Hospital.

Some time during Thursday night a sneak thief entered the house, and going to Mrs. Taylor's room, took the box and carrying it to a room down stairs, broke open the lock and decamped with themoney.

There is no clue to the thief, but it is likely the same person who has been doing a lot of breaking in Nordin and Douglastown of late.

KODAKS

Time to think about one for the summer. No la Autographic Kodak Junior, rectangular pictures 2 1-2 x 4 1-4, price \$11.00 and \$13.00, is worth looking over. Simplicity marks it in every respect. Let us show you one.

ANGELS UNAWARES

(1) Women Car Cleaners at Work in Observation Car, Glen Yards. (2) Women Workers at Grain Elevator, Port McNicoll, Sewing Up Grain Bags. (3) At Port McNicoll. (4) Glen Yards.

BEFORE the war there were five million, five hundred women wage earners in Great Britain; to-day there are said to be over ten million. Five million men have enlisted for active service, and a woman has taken the place of every able-bodied man who might have been engaged in peaceful occupations. England has never been so busy a manufacturing and industrial country as she is in 1916, but this would never have been possible

if women had not stepped into the breach. In Canada there is not the same supply of surplus available women, so that in this respect Canada has not experienced so great a revolution in industrial life, but many new occupations are being opened to Canadian women, and the demand for women workers in factories and in the great industrial life of the railways is steadily on the increase. If Sir Robert Borden is

to secure his 500,000 Canadian soldiers, 100,000 women must temporarily step into the shoes of men so that the latter may be released for service, as the limit of available men seems almost to be reached. Women are already working alongside of men in sacking and hauling of grain at the Great Lakes elevators, in the Canadian Pacific yards and shops where they are cleaning cars, in the telegraph services and
