THE OUTFIELD

Boston, March 4—President Lannin of the Red Sox, received yesterday the signed contract of Outfielder Charles H. Shorten, who was under reservation to the Boston Red Sox last season and was sent to Providence, where his clever all-round work was largely instrumental in the race. He is a natural hitter keeping the clan's diggers prominent and was sixth in the International League last season, with an average playing in 137 games. He finished of .322 at bat and .988 in fielding, the season with the Red Sox and made a fine impression on Manager Carrigan, especially when he walloped Walter Johnson for three beauties in one game and played a brilliant The Red Sox must naturally groom fielding game.

In Shorten This young player is delighted to be a regular with the Champions and the chances are that he will play a great deal of ball in the Red Sox outfield this season.

JOHNSON CASE
WILL BE BEFORE
THE COMMISSION

Aftermath of Settlement of Baseball War--Player Wants Brooklyn or Feds. to pay His Salary.

New York, March 3—According to members of the Baseball Players' Fraternity, the attention of the National Commission will soon be called to the involved status of the contract held by James H. Johnston, formerly of the Oakland Club of the Pacific Coast League.

Johnston, who is an outfielder, jumped to the Federal League Club season, Charles H. Ebbets, president of Newark last fall. Later in the of the Brooklyn Nationals, announced that he had signed the player.

James A. Gilmore, president of the defunct Federal League, feared the players were contemplating a strike.

After the peace agreement, Ebbets purchased the Johnston contract from Harry Sinclair, paying \$1244 as a return for the \$1000 advanced to Johnston and Stovall's expenses in signing the Oakland club player. Johnston now contends that Ebbets, by purchasing his Federal League contract, is obligated by its terms, whereas the Brooklyn club holds that the alleged verbal agreement made with Johnston warrants it in insisting that the player sign a contract calling for a salary of \$3400 a year with the ten-day release clause included.

Johnston is determined to hold either the Federal League or the Brooklyn club to the letter of his \$4000 contract. The Players' Fraternity will lay the entire correspondence and contracts before the National Commission within a few days. Reports of a strike by players over the matter is denied by fraternity officers, but they say the case may be taken to the courts.

Coughed Almost All Night
WITH THAT
DRY, TICKLING SENSATION
IN HER THROAT.

How many people have lost a good night's sleep by that nasty tickling sensation in the throat?

The dry, hard cough keeps you awake, and when you get up in the morning you feel as if you had had no rest at all.

Dr. Wood's Norway Pine Syrup is a specific for just this kind of a cough, as it is composed of the most soothing and healing expectorant herbs, roots and barks known to medical science.

Mrs. Joseph Hiley, Orange, N. J., writes: "Just a few lines to let you know what Dr. Wood's Norway Pine Syrup did for me. I took a severe cold, and coughed almost all night with that dry, tickling sensation in my throat. The first bottle did me so much good I thought I would try the second, and I am pleased to say 'Dr. Wood's' resulted in a complete cure."

There is nothing that can take the place of Dr. Wood's Norway Pine Syrup. There is nothing "just as good."

"Dr. Wood's" has been on the market for the past twenty-five years.

It is put up in a yellow wrapper; three pine trees the trade mark; price, 25c and 50c.

Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

The patient seldom knows anything about the medicine the doctor gives him—and often the doctor doesn't, either.

The Printing and Publicity
Specialist
Talks To His Son

"Say, John, I feel quite sick today," said Mr. Blank. "Please visit the different doctors in town, and find out who will cure me for the least money. Get your quotations tabulated and then let me see them. Of course we will engage the doctor who charges the least."

"Why, I never heard of such a thing," said John. "The idea of getting quotations from a doctor; it's the asylum for you."

"Well now, why not? I am a specialist in printing and publicity. I study my business just as carefully as any doctor can do. If I do say it that shouldn't, I have just as much brains as the average doctor. I strive to give my customers the benefit of my knowledge, my artistic skill and judgement and my ideas on publicity. I give service as the term is understood in the Twentieth Century."

"When some people around here have a little printing to be done, they visit all the printing offices, get quotations from each one, and then give the work to the man who gives the lowest figures."

"The ordinary user of printing knows his own business, but he is no more a judge of the work of printing than he is a judge of what sort of medicine a doctor should give him for the cure of his ailment. If people ask me for quotations and pass me by if my price happens to be a little more than the other fellow, why shouldn't I apply the same method to the doctor, lawyer, dentist and painter? Why not? It's a mighty poor rule that won't work more than one way."
