HOW SUNDAY MANAGES TO DODGE COLDS

Has Bath and a Rub Down Right After
Speaking, in a Little Room Built
in His Tabernacle.

(Boston Record.)

Billy Sunday has learned how to
avoid colds.

During the years of his work the
Evangelist has been especially subject
to this trouble. It had always been his
custom to leave the platform in an
extreme condition of perspiration, and
then go to his car and ride through the
cold air. In nearly every city where
he spoke the result was a succession of
colds, which sometimes tied up his
work.

But this ended at Baltimore. Here
Dr. Howard Kelly, who was called to
attend the Evangelist, told him a thing
or two about how he should look out
for himself, and the lesson stuck.

In every new tabernacle built for
Sunday since that time, and in the pre-
sent structure at Huntington avenue,
there is a little room set apart as a re-
tiring room for the preacher.

As soon as he leaves the platform,
limp, soaking wet and trembling with
nervousness and emotion, he goes to
this room and is met by a local phys-
ician. He is put into a warm bath for
15 minutes, then he is laid on a slab
and has a mild rub down, and finally
steps under an icy shower before dress-
ing for the street.

In every case Billy leaves the tab-
ernacle with an entirely different suit
of clothes from the one he wore on enter-
ing, down to every last detail. And
this system has stopped the colds.

Prior to the Baltimore campaign
Billy Sunday used to have a former
prize fighter by the name of Jack Car-
diff, who gave him a rub down after
every session, but Cardiff became con-
verted and is now on the revival plat-
form for himself, so Billy Sunday both
won and lost by the transaction.

In the present cast a local physician
will be the personal doctor of the Sun-
day party and will attend to the bath
and rub down programme.

OLD TIME FISH STORY.

The following from the files of the
St. Croix Courier of thirty years ago
is of local interest:

"While a young man was fishing be-
low the dam at Fredericton the other
day, he made a double haul, the like
of which we never heard of before. He
felt a bite and tried to lift the fish out,
but found that he could not, and so be-
gan hauling it in gradually, hand-over-
hand. He was greatly surprised to
see that he had an eel with a mink
clinging to its tail. He pulled both out,
hit the mink over the head with a stick
and felt greatly relieved to find that
he hadn't hooked a sea serpent."

TAKE "CASCARETS" IF HEADACHY, BILIOUS, AND CONSTIPATED

Best for the Liver and Bowels, Bad
Breath, Bad Colds, Sour
Stomach.

Get a 10-cent box.

Sick headache, biliousness, coated
tongue, head and nose clogged up with
a cold—always trace this to torpid
liver; delayed, fermenting food in the
bowels or sour, gassy stomach.

Poisonous matter clogged in the in-
testines, instead of being cast out of
the system is re-absorbed into the
blood. When this poison reaches the
delicate brain tissue, it causes conges-
tion and that dull, throbbing, sickening
headache.

Cascarets immediately cleanse the
stomach, remove the sour, undigested
food and foul gases, take the excess
bile from the liver and carry out all
the constipated waste matter and poisons
in the bowels.

A Cascaret tonight will surely
straighten you out by morning. They
work while you sleep—a ten cent box
from your druggist means your head
clear, stomach sweet and your liver
and bowels regular for months.

KING CONGRATULATES SIR DOUGLAS HAIG

King George Compliments Gen. Haig
on Recent Successes.

London, Nov. 15.—King George today
telegraphed congratulations to Gen.
Sir Douglas Haig, the British com-
mander in France, upon the great suc-
cess of the last few days, reflecting
credit on all ranks.

General Haig replied with a message
of thanks.

More people would be led astray if
they listened to their own talk seri-
ously.

Every mother expects to pick a rich-
er husband for her daughter than she
did for herself.

What has become of that old brick
that had the carpet sewed around it
and was used to keep the door ajar?

TENDERS FOR INTERIOR STONE

Parliament Buildings, Ottawa.

The Joint Committee on the Recon-
struction of the Parliament Buildings
desire to use Canadian Stone for the
interior finish of the corridors and
chambers, provided it can be obtained
in proper dimensions and of suitable
quality, texture and color, and at fair
and proper prices, and delivery made
within a reasonable time.

Prices and samples of sandstone,
marble, limestone and granite will be
received by the undersigned until 4
p. m. December 5th, 1916.

About 150,000 cubic feet more or less
of stone is required for the interior lin-
ing of the corridors, lobbies, chambers,
etc. A stone that is light in color, either
light grey or buff, will be preferred,
medium to fine grained in texture, uni-
form in color and free from veins, iron
stains, vents and other defects of this
nature.

Give description of the quarry, and
state the thickness of beds and dimen-
sions of the stone that can be sup-
plied. Submit a three inch by three
inch by five inch sample, and state
price per cubic foot delivered f.o.b.
Ottawa; also the date on which deliv-
ery can be commenced and the num-
ber of cubic feet that can be supplied
per month.

Envelopes containing prices to be
marked "Interior Stone."

Opposition Platform

The following platform was adopted at the Opposition Con-
vention held in St. John recently:
In the event of the Opposition being returned to power, we pledge
ourselves:—

NO PARTIZAN CONTROL OF CROWN LANDS.

1. We pledge ourselves to completely reorganize the Crown—
Lands Department, so that its administration shall be entirely
severed from politics and administered on sound business prin-
ciples under systematic plans by a non-partizan commission speci-
ally appointed for that purpose, responsible to the Legislature and
working in co-operation with the Dominion Commission of Con-
servation.

TAKE THE HIGHWAYS OUT OF POLITICS.

2. We pledge ourselves to take the highways out of politics,
giving the expenditure of the money collected from the people and
the control of the labor, together with the Government appropria-
tions, into the hands of supervisors, chosen by the people of each
parish, to whom a detailed and audited account must be rendered
every year at the annual meeting, and a duplicate thereof for-
warded to the Department of Public Works, the work of the super-
visors to be under the inspection of a competent provincial en-
gineer.

We also pledge ourselves to set aside the money collected
from the licenses upon automobiles and other motor vehicles, to-
gether with an equal appropriation from the revenues of the Pro-
vince each year, to pay the interest upon the bonds to provide for
permanent roads, which shall be constructed as rapidly as possible.

PROHIBITION PROVINCE WIDE.

3. We pledge ourselves at the first session of the Legislature
to pass a law prohibiting the sale of intoxicating liquors within
the Province to the fullest extent allowed by the Constitution, and
within three months after the passage of said Act to submit the
same by referendum to the electors of the Province, and should
the majority of votes cast be in favor of the said law, then to
bring the same into force by proclamation within one year there-
after.

ELECTION LAW.

4. (a) To amend the electoral law so as to make it impossible
for members of the Legislature to traffic with the Government and
still retain their seats.

(b) To make it possible for young men, when they reach the
age of 21 years, to register their names and be placed forthwith
upon the voters' lists, instead of waiting for the tedious machinery
revision as it now exists.

(c) To divide the counties into electoral districts which shall
each be represented by one member.

(d) We will also consider amendments to the election law to
make bribery in municipal as well as provincial elections impos-
sible.

PROVINCIAL FINANCES.

To obtain at once a correct statement of the financial con-
dition of the Province in order that the people may have definite
knowledge of the vastly increased public debt and the enormous
obligations of guaranteed bonds they will be called upon to pay;
and to so reduce the cost of the administration of affairs and the
number of useless officials as to avoid the necessity for direct tax-
ation now confronting us.

AGRICULTURE

6. To give the farmers all the practical assistance that the
resources of the Province will permit, to improve agricultural
methods and the quality and quantity of the stock upon the farm;
to reduce the enormous salary list in the department, and to spend
the educational grant received from the Federal Government
without regard for political patronage.

VALLEY RAILWAY.

7. To complete the Valley Railway from a point on the Trans-
continental Railway at or near Grand Falls, to St. John, and insist
upon the Dominion Government carrying out the terms of the
original legislation and allow the Province forty per cent. of the
gross earnings thereof.

EDUCATION.

8. To always maintain and improve the educational service
of the Province and to co-operate with the Federal Government in
carrying out the recommendations of the commission upon tech-
nical education.

IMMIGRATION.

9. The inauguration of a vigorous immigration policy to
properly place before intending immigrants, whose number will
be large after termination of the war, the advantages of the agri-
cultural possibilities of New Brunswick.
