115TH EXPECTS SOON TO GO OVERSEAS

Valcartier Camp, June 28.—The 115th Battalion was this morning inspected in bayonet fighting by the inspector of bayonet training. Arrangements have been made for all the senior officers of the battalion to attend a course of special lectures on bayonet fighting. The stretcher bearer squad is to start on a course of instruction in first aid and stretcher bearer work tomorrow under Q. M. S. McCarthy. There is a general impression that the 115th will soon be sent overseas.

Lieut. Col. Mersereau, who has been laid up with an injured arm, is again on duty.

Capt. N. C. Mackay, of Campbellton, has been promoted to the rank of major and he is to command A company.

Private Adelard Moran, who deserted from the 132nd Battalion at Campbellton over a month ago, was today captured by the military police in the city of Quebec.

SERIOUS SHOOTING AFFRAY AT CALGARY

Calgary, July 3.—Pasquale Corradete is dead and Mrs. Cuigale badly wounded as the result of a shooting affair for which Geeman Clentiro is being sought by the police. All those concerned are Italians.

OPTIMISTIC

Around us belated snow may swirl
And hail come beating down,
But smiling the optimistic girl
Adds to her Easter gown.

LIQUOR SELLERS DEFY THE LAW

Manitoba and Alberta Hotel Men
Will Test the Case in
Court.

Winnipeg, July 2.—The prohibition of the selling of liquors in the Province of Alberta, which went into effect on Saturday, is being defied by the hotel men and the Hudson Bay Company. The latter claim, as in the case of Manitoba, it is an infringement of their imperial charter, granted by Charles II., and they desire to test the case in the courts, so they continue to sell liquor, and keep large stocks on their premises in defiance of the law. The government will seize such liquor on Monday.

The brewers and the hotel men are defying the law to the extent that they are selling 2½ per cent. beer which is allowed in Manitoba, but is prohibited by the Alberta Act. The hotel men claim it is a temperance beer, and will test their action in court, as the government will lay information against all selling it on Monday.

Householders alone may import liquor from outside Alberta, except it be for scientific or medical purposes, in which case it may be bought from the the government's two stores, one in Calgary and one in Edmonton.

MARYSVILLE NOTES

Successful Festival on Dominion Day, and Goodly Sum Raised—Personal and Other News.

Marysville, July 3.—The festival held on Baseball Hill on Saturday evening, under the auspices of the Marysville Town Council and citizens, proved a grand success. The sum of \$450 was realized, with expenses of about \$100, leaving a balance of \$350, which is a credit to the active committee in charge. Lights were provided from the new electric plant installed recently, and which is now in working order. Early in the afternoon people began to throng the grounds and the ladies in charge of the tables had all they could do to feed the hungry masses. Near the close word was whispered about that the new mayor, in behalf of the town would address the people and thank them for their presence and liberality, but after waiting some time for the promised blessing and not receiving it, all left for their homes in a thinking mood.

Mrs. T. A. Tapley left here on Saturday to spend Sunday with friends at St. John.

Mrs. John Hazelwood is seriously ill at her home. She is being attended by Dr. H. H. McNally.

Rev. Thos. Hicks preached his farewell sermon to a large congregation Sunday evening. He will leave on Tuesday to take up his duties at a church in St. John. Mr. Hicks will be succeeded here by Rev. Mr. Marshall, who will arrive here on Wednesday.

Mr. S. J. Hallett has received the sad intelligence from Halifax of the death of his niece, Miss Currie, who was so severely injured by a train that her death took place soon after.

The regular monthly meeting of the Marysville Town Council will be held on Tuesday evening.

THE MONCTON BRIDGE.

The North Shore Leader, which speaks for Hon. John Morrissey, has this to say about the Moncton bridge:

"The first caisson to be placed in position at the Moncton bridge has been carried down stream some fifty yards and is embedded in the mud. There were 400 tons of concrete in the caisson and it will cost thousands of dollars to replace it. The Foundations Co., Ltd., was awarded the contract for this bridge by the late Minister of Public Works, but as other members of the government wanted the job to go to their political heelers, the tender of the Foundations Co., Ltd. was cancelled and the contract was given to a new concern—The Engineers & Contractors, Ltd. This is a case where 'one man rule' would have saved the province thousands of dollars. The bridge is not near completion by any means. Wait till you see the finish."

In many ways the summer shows
Its loveliness of form and pose,
But no way quite so plain as when
It brings the shirtwaist back again.

As a general thing there isn't much hope for the kind of man whose mind oscillates between long toddlers and short skirts.

MINARD'S
"KING OF PAIN"
LINIMENT

The old reliable remedy for rheumatism, neuralgia, sore throat and sprains.

Best Liniment Made

Mr. A. E. LAUNDY, EL MONCTON, writes: "I fell from a building and received what the doctor called a very bad sprained ankle, and told me I must not walk on it for three weeks. I got MINARD'S LINIMENT and in six days I was out to work again. I think it the best Liniment made."

Minard's Liniment always gives satisfaction. For any ache or pain, it gives instant relief.

The Printing and Publicity Specialist Talks To His Son

"Say, John, I feel quite sick today," said Mr. Blank. "Please visit the different doctors in town, and find out who will cure me for the least money. Get your quotations tabulated and then let me see them. Of course we will engage the doctor who charges the least."

"Why, I never heard of such a thing," said John. "The idea of getting quotations from a doctor; it's the asylum for you."

"Well now, why not? I am a specialist in printing and publicity. I study my business just as carefully as any doctor can do. If I do say it that shouldn't, I have just as much brains as the average doctor. I strive to give my customers the benefit of my knowledge, my artistic skill and judgement and my ideas on publicity. I give service as the term is understood in the Twentieth Century."

"When some people around here have a little printing to be done, they visit all the printing offices, get quotations from each one, and then give the work to the man who gives the lowest figures."

"The ordinary user of printing knows his own business, but he is no more a judge of the work of printing than he is a judge of what sort of medicine a doctor should give him for the cure of his ailment. If people ask me for quotations and pass me by if my price happens to be a little more than the other fellow, why shouldn't I apply the same method to the doctor, lawyer, dentist and painter? Why not? It's a mighty poor rule that won't work more than one way."
