SALVATION ARMY'S GIFT ACKNOWLEDGED BY COM.

Captain Condie of the Salvation Army, has received a letter of acknowledgement for \$35, sent to Mrs. Commissioner Higgins, who is responsible for all money sent to help the suffering Belgians. The above sum was sent a few weeks ago, making a total of \$100 contributed through the local corps within nine months, consisting of \$65 towards five motor ambulances sent from Canada, and \$35 to be spent in aid of the poor Belgians. Apart from the great number of Salvation Army huts and camps located where the soldiers are being trained and where the men are supplied with what they need, one hundred parcels are sent weekly to friendless prisoners of war and these are much appreciated. The Salvation Army had before the war seventeen Naval and Military Hames, but so extensive is the work with the soldiers now that \$75,000 is required immediately and more as the days go by for the work amongst the troops and sailors.

EXPECT FURTHER RECOVERIES IN MARKET

The New York Financial Bureau says: Further recoveries are expected in the market, which, by the failure to go to pieces in the absence of organized support Friday, demonstrated a thoroughly oversold condition that quickly later, took recognition by sharp rallying on a revision of opinion from Washington suggesting that no break is likely now and as the chief bearish influence was fear of trouble with Germany, that obstacle to improvement, like the Mexican difficulty, has also been temporarily removed. Standard railroad and Mexican issues are expected to go higher. Digestion of the note suggests that a diplomatic break now is unquestionably avoided.

U. S. NOTE HAS GONE FORWARD

Washington, May 9.—America's latest note to Germany on the submarine controversy had gone forward to Berlin today, and administration officials were interested in knowing whether Germany would make any reply. It was intimated in German circles that the Imperial government might not consider an answer necessary. The text of the note, made public last night, shows that the United States accepts the German promises that submarine warfare in future will be altered to conform to the recognized rules of international law. It insists, however, that Germany must not consider her respect for the rights of American citizens on the high seas contingent on the conduct of any other belligerent with whom the United States may be negotiating. "Responsibility in such matters is single, not joint; absolute, not relative," says the note. Secretary Lansing stated he considered Germany had "yielded to our representations" and that "we have no reason to quarrel with her so long as the altered submarine policy is not violated."

PRIVATE F. McMENNIMAN WANTS MORE RECRUITS

A friend in this city today received a letter from Private Frank McMenniman, a Fredericton boy serving with the British Expeditionary Force at Saloniki. The letter was written from "Somewhere in Greece," under the date of April 6. The writer complained that he had not received his mail regularly. He is still with the Dorset Regt. and at the time of writing was taking a little rest. Private McMenniman strongly urges Canadians to enlist, pointing out that the men at the front are under heavy strain and that the wastage must be made good. "The boys must come. If they don't the girls will have to take their places," writes Private McMenniman. He refers to the fact that he had received a letter from Lt. Col. Guthrie, asking for material for recruiting speeches. A short time before writing he had visited two Canadian field hospitals which are at Saloniki—No. 4 from Vancouver and Victoria, and No. 5 from Montreal and Quebec. In one he found Private Beverley Bonner, formerly of St. Mary's, who had enlisted in the west. Private Bonner served in South Africa with the Canadian Mounted Rifles at the same time that Private McMenniman did.

In Front Trenches. A recent letter from Private Norman Gough, who is serving in France, stated that his battalion had been occupying the front trenches. Private Gough is a brother of the late Private Percy Gough who died of wounds in England a few days ago.

Reported Wounded. Mr. and Mrs. John D. Brewer of Burit's Corner, yesterday received a telegram from Ottawa notifying them that their son, Private John Douglass Brewer, had been wounded in France. Private Brewer left Fredericton with the field artillery more than a year ago.
