

England's Answer To Germany's Threat of World Domination

At Gaiety Theatre Today and Saturday

BRITISH MADE AIR RAID ON ZEBRUGGE

London, Nov. 23.—Another raid on Zeebrugge was made yesterday by British air craft, and it is reported that a German destroyer was hit by a bomb. The following official account of the attack was given out here today:

"Yesterday afternoon British naval airplanes attacked the seaplane sheds at Zeebrugge and the enemy's torpedo boat destroyers lying alongside the mole.

"Observers state that a destroyer was hit and that damage was done to sheds. All machines returned."

SURVEYING LAND GRANTS.

(Chatham World.)

Mr. A. E. Hanson, the veteran surveyor of Fredericton, is at work running the line between the Miramichi and Black River lots, from Point aux Car to Napan. The old line, called the Davidson line, is condemned because Mr. Davidson did not start at the place named in the grant.

Mr. Hanson expects to finish the work next week. He is a hustler, not only on a survey, but in talking politics, and expresses a lively lack of confidence in the Government's methods of classifying the timber lands by having students count the trees on every third acre and report.

25 CENTS CURES YOUR DANDRUFF AND STOPS FALLING HAIR

Save Your Hair! Make It Thick, Wavy and Beautiful—Try This.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf.

There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and after the first application your hair will take on that life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy, and have the appearance of abundance, an incomparable gloss and softness; but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp.

Save up your pennies and your hairs will blow in your dollars.

Old bachelors are men who never gave marriage a serious thought.

The average man is unusually polite when he has something to sell.

NORWEGIAN BARK ABANDONED AT SEA

Halifax, Nov. 23.—The Norwegian bark Sara, from Bay Verte for Liverpool, with a cargo of deals, was abandoned at sea on November 22, according to a message received by the Marine and Fisheries agent here today from the Cape Race wireless station.

The vessel is reported in latitude 46.51 north, longitude 25.40 west, foremast standing and a danger to navigation.

TROUBLE OVER RECENT LOAN MADE BY CHINA

Pekin, Nov. 23.—The British, French, Russian and Japanese bankers of the quintuple group have sent a letter to the Minister of Finance saying that the loan arranged for with Chicago banks violates article 17 of the reorganization loan agreement of April 26, 1912. The letter declares that the loan is political and not industrial, and asks for an explanation.

The Chinese parliament recently unanimously approved of a loan of \$5,000,000 gold made by the Chinese government with the Continental and Commercial Bank of Chicago. The loan was said to be for immediate administrative needs.

POWERS ARE EXTENDED.

By supplementary letters patent issued by the Provincial Secretary-Treasurer, the objects and powers of the George Eddy Company, Ltd., have been extended so as to permit of the establishment of a grist mill, flour mill, oatmeal mill and other mills necessary for the manufacture of flour, oatmeal, cornmeal and other cereal and grain products.

YOU can save Belgian lives!

Though you cannot fight and kill Germans, you can give and save some of their helpless Belgian victims, three million of whom must be fed or starve.

So little is needed to feed a Belgian family, and so economically are contributions handled by the Belgian Relief Commission, that there are very few of us who could not provide for at least one family through this winter, or till the end of the war.

\$2.50 a month—less than 10c. a day—will do it! How easily you could save that much from your little indulgences—and how much it would mean to some Belgian mother and her hungry little ones!

Wouldn't a little self-denial now be richly repaid by knowing, when the war is over, that you had done your part, and had saved precious lives for our unfortunate Allies?
