## WANT CLEANER POLITICS.

"I believe that we have arrived at a time when the people of Canada want cleaner politics. I have never believed it necessary to be dishonest in public life, while being honest in private life. I believe the people of Canada are looking for better things, and are expecting service from the public men, men who occupy positions of trust in the different. And never in the history of Canada has there been a more opportune season than while this struggle is on. Let us have cleaner politics and more honest business in the conduct of our public affairs."—Premier Norris, of Manitoba, at London, Ont.

## MESSAGE TO YOUNG MEN.

"After a long life I shall remind you that already many problems rise before you; problems of race division, problems of creed differences, problems of economic conflict, problems of national duty and national aspiration. Let me tell you that for the solution of these problems you have a safe guide, an unflinching light, if you remember that faith is better than doubt, and love is better than hate.

"Banish doubt and hate from your life. Let your souls be ever open to the strong promptings of faith and the gentle influence of brotherly love. Be adamant against the haughty; be gentle and kind to the weak. Let your aim and your purpose, in good report or in ill, in victory or in defeat, be so to live, so to strive, so to serve as to do your part to raise the standard of life to higher and better spheres."—Sir Wilfrid Laurier at London, Ont.

## NICKEL FOR THE HUNS.

The Dominion government has not yet been able to assure the people of Canada that the nickel placed on board of the German merchant submarine Deutschland at New London, Conn., a few days ago was not the product of the Canadian mines at Sudbury, Ont. The Deutschland, on her previous trip, included in her cargo several hundred tons of nickel. It is pretty generally known that all of the nickel produced on the American continent outside of Ontario would be insufficient to provide the cargoes that the Deutschland has carried away. The editor of the Providence Journal, who is an Englishman by birth, and in close touch with the British embassy, declares that the nickel placed on board the Deutschland was the Canadian product. The Journal's statement, which was of the most explicit character, is here reproduced:

"All the nickel aboard the Deutschland is part of a large consignment which was purchased in November, 1914, from the International Nickel Co., at Commimpaw, N. J. The Journal discovers that this consignment was taken by the purchasers, ostensibly German-Americans, but really men acting for Dr. Heinrich Albert, fiscal agent of the German government in this country, and transported to the storehouses of the Nassau Smelting & Refining Co. at the foot of West Twenty-ninth street, North River, New York.

"The nickel was then transferred at various times to the New York Dock Co., in Brooklyn, where it was stored in warehouse No. 104 and placed in casks weighing from 900 to 1,400 lbs. The metal was partially in ingots and largely in a form about the size of buckshot.

"Just before the arrival of the submarine Deutschland last July, the parties supposed to be controlling this nickel became active, and every effort was made to cover up the source of supply by a series of rapid shipments to various points.

"The last of these shipments took

the consignment intended for the Deutschland at Baltimore to Pittsburgh over the B. & O. road. The cars containing this nickel remained in the yards of Pittsburgh for four days and were then reshipped to Baltimore, being ultimately shipped to the docks of the Eastern Forwarding Company in that city."

The Journal's charges were denied at Ottawa and an enquiry was promised, but up to the present time has not been made. The do-nothing Borden Government seems to be lying up to its record on this question. Nickel is essential to the manufacture of armament and munitions, and nobody can very well blame the Huns for obtaining a supply from any source possible. The knowledge that they are obtaining their supply from Canada, however, is not likely to add to the peace of mind of the thousands of Canadians who have sons and other relatives at the front, or increase their admiration for a government which has shown itself so tragically incapable of effectively grappling with a problem of this kind.

A Toronto potato dealer concludes a letter to the Globe on the potato question with the following piece of advice:

"A word to Mr. Consumer: When you are ordering your booze from Montreal to damn both yourself and family, and when you are attending the theatres, which are always packed to capacity, giving up 50c. to \$2 for seats, take a night off and buy a bag of potatoes. Remember, the government asks us to economize. In conclusion, do not buy too heavily to put away; they will not keep; better pay the advanced price and you will save money in the end. On the other side potatoes are more exorbitant. Today the United States buyers are corraling many cars in our eastern and western provinces. Nothing will stay their progress, and a higher market is anticipated."

Hon. A. E. Kempf has landed the portfolio of Minister of Militia in succession to Sir Sam Hughes. He was formally sworn into office at Ottawa on Thursday. Hon. Mr. Kempf represents a Toronto constituency in Parliament and has been a member of the Borden government without portfolio for five years. He has also been acting as chairman of the war purchasing commission. Like his predecessor in office, he is a prominent Orangeman.

Sir Wilfrid Laurier was the guest of honor yesterday at a banquet given by the Ottawa branch of the Canadian Society of Civil Engineers. One of the speakers in eulogizing the Liberal chief, declared that he had been an engineer of state for many years and had solved the great problem in stability by allowing the years to pile up and still remaining young.

The Conservative government of British Columbia, which met with a disastrous defeat at the polls in September, resigned office yesterday. Mr. H. C. Brewster, the Liberal leader, and a native of Albert county, N. B., has been invited to form a cabinet.

## Murderer Hanged At St. John's P. Q.

St. Johns, Que., Nov. 24.—After a full confession of his guilt, Dollard Lepine, alias Jean Paulsen, the 21-year-old murderer of Albert Wing, a St. Luc farmer, paid the death penalty in the yard of the St. Johns jail at 8 o'clock this morning.

Outside the jail gates Lepine's aged mother, who had tried in vain to gain admittance all night, wept bitterly, standing alone among a crowd of least 1,500. It was feared that an attempt would be made to lynch Lepine.

## Recruiting for Engineers.

Sapper Edington, Canadian Engineers, is here after recruits for his corps. He belongs to Moncton and formerly was a student at the University of New Brunswick. Artizans of various trades are wanted by the Engineers.

Chief Justice McLeod is a guest at the Barker House.

## HAD BOILS

For Six Months.

## B. B. B. DROVS THEM AWAY

When the blood becomes impure the very first symptoms which manifest themselves are a breaking out of various forms of skin trouble such as boils, pimples, sores, etc., and to get rid of these troubles you must cleanse the blood thoroughly with a good blood remedy.

The best blood cleansing remedy on the market today is Burdock Blood Bitters.

Thousands of people from one end of Canada to the other have used it during the past forty years and have nothing but words of praise for its cleansing properties.

Mr. Rufus Beers, Upper Main River, N. B., writes: "I want to say a few words about your medicine, Burdock Blood Bitters. I had boils for over six months and sometimes was so bad I could not work. I tried lots of cures, but nothing would drive them away for good until I took B.B.B. In a short time I was all better. It is a dandy medicine. I keep it in the house all the time."

Burdock Blood Bitters is manufactured only by The T. Milburn Co., Limited, Toronto, Ont., but so well and favorably is it known that there are many imitations on the market. See that our name appears on the wrapper.

## END OF TORY RULE IN BRITISH COLUMBIA

Victoria, B. C., Nov. 23.—Hon. W. J. Bowser, Premier of British Columbia, handed his resignation to the Lieut. Governor this afternoon, following the official declaration of the soldiers' vote overseas in the election of September 15th. At 5 o'clock the Lieut. Governor sent for Premier-elect Brewster to install him in office.

Mr. Bowser and nine other Conservatives will sit in the new Legislature, which meets Jan. 18. Thirty-seven Liberals were elected.

The official figures of the soldiers' vote in England, which reached Victoria on Tuesday, and were examined yesterday and tabulated by the deputy provincial secretary, who is the returning officer, have made no change in the election results as previously compiled from the summary of the results of the voting in Canada.

The new cabinet will not be announced until tomorrow.

## Through Our Sieve

Weather like this is enough to start a premature attack of spring poets.

The new Minister of Militia should find many wings to clip.

The two-headed kitten didn't have the proverbial nine lives.

Why is it it sounds so much louder when somebody else slams the door?

As long as a man looks at his wife through eyes of love, she is still the most beautiful woman in the world—snap for wife, we don't think.

"Let us rejoice, when all is said and done," sings a poet in the Nebraska State Journal. Yes; but that time never comes.

Bertha Rowland, in choosing an Indian for a husband, hasn't done anything original by a jugful. We presume at least 92 per cent. of 'em have chosen Indians.

Next season's skirts for women, says one of the Cloak, Suit and Skirt Manufacturers' Association members, are not to be "so short as hitherto." In other words they are not to be so hitherto.

## LOCAL C.T.A. CASE

(Continued from page 8.)

the defendant in the St. John County Court set aside and verdict entered for plaintiff with costs.

McArthur vs. Philips. Appeal of defendant allowed with costs. Verdict for the plaintiff in the Kings County Court set aside and verdict entered for the defendant.

McCain Produce Co. vs. Atlantic Hay Co. Defendants' appeal dismissed with costs and verdict for plaintiff stands.

Dalhousie Lumber Co. et al vs. Walker. Verdict for plaintiff reduced by \$14.40.

Duffy vs. Reid.—Appeal of defendant dismissed with costs.

## Local Bank Changes.

Mr. Ralph McFadden, the efficient teller of the local branch of the Bank of B. N. A., has been transferred to St. John, and left for that place yesterday to take up his duties. Mr. P. W. S. Dawson, accountant of the local branch, who has been in Halifax and St. John for some time, has returned to duty here.

Sir John Boyd, for thirty years chancellor of Ontario, and president of the High Court of Justice, died at his home in Toronto yesterday.
