

WHEN CLERGYMEN SPEAK

in favor of a remedy, it is safe to conclude that the remedy has more than usual merit. Clergymen who have used Zam-Buk have found it so excellent, that they have not hesitated to give their opinion.

Amongst them is the Rev. A. D. McLeod of Harcourt, N.B., who, in a letter written recently, refers to the remarkable popularity which Zam-Buk enjoys in the homes of the people of his parish. "Really," he writes, "I know of nothing that can compare with Zam-Buk! Having charge of an extensive mission, I meet with many sick and afflicted people, and have been amazed at the good which Zam-Buk is doing daily. For bad ulcers, old wounds, eczema, and skin diseases of all kinds, the healing powers of Zam-Buk are simply marvellous! For piles, also, it is excellent. I have known Zam-Buk give almost instant relief, and am confident if Zam-Buk were kept in every home it would save many a doctor's bill."

For injuries, Zam-Buk is equally good. Nothing ends pain, stops bleeding and draws out soreness so quickly. Being highly antiseptic, Zam-Buk prevents wounds from festering.

All druggists, 50c. box, 3 for \$1.25, or from Zam-Buk Co., Toronto. Send 1c. stamp for return postage on free trial box.

TEAM OF HORSES BOUGHT FOR STREET DEPARTMENT

(Continued from page 2.)

Method Irregular.

Ald. Lemont said Ald. McLellan should admit that the method of purchasing the horses had been irregular. A chairman should make purchases only when sure of having the full support of his committee. He also thought that committee meetings should be called in a regular manner. He admitted that he had not followed the proper procedure. Ald. Lemont said he strongly favored the idea of the city owning its own horses although not approving the manner in which the horses were purchased.

Ald. Everett was of the opinion that committees should be allowed to conduct their own business. In regard to a matter of private business between the owners it would have

looked better if the items had come in at \$275 and \$250.

Ald. Baxter's Views.

Ald. Baxter said that the purchase of the horses should not have been undertaken this year. The expense was going to be high before the end was reached for stables must be built. There would be days when the team could not get on the street. The matter of low sideboards to which Ald. McLellan had referred was not new. He (Baxter) had protested against working a teamster more than eight hours per day. He said also that sloven and harness sold to the city for \$175 had been bought by the owner for \$100.

Ald. McLellan said that Ald. Baxter's information was not correct. In response to Mayor Mitchell, Ald. McLellan said that the only other offer for horses had been from William Sturgeon, who had said he was going away to buy horses.

Motion Defeated.

Ald. Walker said that three aldermen had condemned the procedure of Ald. McLellan in not notifying all the members of the Street Committee of the purchase of the horses and moved that they be not purchased. Ald. Baxter seconded the motion, which was lost, only the mover and second er voting for it.

There was considerable discussion concerning the purchase of the horses and the mode of procedure.

Ald. Wilkinson asked for an opinion on the powers of chairmen. He did not approve of the procedure of Ald. McLellan. Possibly the latter did not know the custom of the council. He favored a city team, however.

Ald. Burnett pointed out that \$3,000 tons of rock had been bought during the winter without instructions from the Street Committee.

Another Clash.

In response to Mayor Mitchell Ald. McLellan said there had been a veterinary's examination of the Clark horse.

Mayor Mitchell asked why there had not been one of the other horses. Ald. McLellan said there was a guarantee.

Mayor Mitchell—"Where is it? Are you buying the horse before you get the guarantee?"

Ald. McLellan—"The cheque can be held up until we get it."

Mayor Mitchell—"You asked me to issue a cheque to pay for both."

Ald. McLellan—"I did not not. I asked you for a cheque for the Clark horse. I had particular reasons in that case."

Mayor Mitchell said he could hardly see why Ald. McLellan wanted to pay \$300 for a horse bought on his own judgment and \$225 for one bought on a veterinary's examination. He had no ulterior purpose in opposing the purchase because it was not ordered by the committee and was not regular.

Decided to Buy.

On motion of Ald. Reid it was decided to purchase the pair of horses with the equipment.

The understanding is that a separate account of time and cost of maintenance are to be kept in connection with this pair of horses.

There was some further cross-talking between Mayor Mitchell and Ald. McLellan. The latter claimed that coal tenders had been opened and guarded by committees without the ratification of the council.

The council finally went on to other business.

EX-WARDEN SCOTT OFF FOR THE WEST

Will Spend Some Months on Pacific Coast--Will Be 85 on May 13th

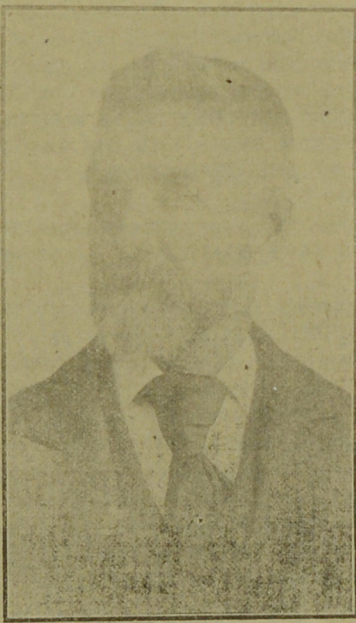

Ex-Warden John Scott and his daughter-in-law, Mrs. W. J. Scott, are to leave this evening on a trip to the Pacific Coast. The veteran ex-warden will visit his daughters, Mrs. John Campbell and Mrs. W. A. Anderson, who reside in Vancouver, and expects to be absent some months.

"I am crossing the continent for the first time," Mr. Scott told The Mail, "and I look forward to the trip with a great deal of pleasure. It is difficult for me to say when I will come back, if I come back at all. If I live until May 13 I will be eighty-five years old, so you can see there is an element of uncertainty in my future plans. I have had a long and busy life, but my health continues good and I am not afraid to undertake a three thousand mile trip, although I am somewhat reluctant to leave my old home and friends."

Mr. Scott was born in a log cabin in the Parish of Dunfries and resided there up to a few years ago, when he retired from active work and removed to this city. For twenty-five successive years he represented the Parish of Dunfries in the York Municipal Council Board and was twice honored with the wardenship. Discussing his early activities, with The Mail, he said:

"I carried on lumbering operations for forty-five years and never signed a note or due a bill in my life. I never cut a log anywhere except in the County of York."

Mr. Scott has always been a Conservative in politics and for many years was prominent in the party councils in this county. Discussing public affairs, he gave expression to a strong feeling of disgust over recent events.

EX-WARDEN SCOTT.

"I think we have altogether too much politics in this country. I have made up my mind that so long as I live I will never cast another party vote. I have come to the conclusion that a strong opposition is essential to good government. The scandals which disgrace public life all start at the ballot box. I believe a law should be passed to make it a penitentiary offense for a man to buy or sell a vote. Men who are forced to buy their way into office are naturally on the lookout for some means of squaring the account. The result is that the people pay and public life is degraded. Things seem to be getting worse now instead of better. In the old days of the Wilhelms and Fishers public men had some respect for the dignity of their position. There was no talk of hoodlums and grafting in those days and we never heard of men being forced to quit public life on account of wrongdoing. I hope this war will result in a general awakening and that there will be no room in public life for the grafter and exploiter."

Ex-Warden Scott's host of friends will join heartily with The Mail in wishing him a pleasant trip and a safe return.
