

ACIDS IN STOMACH SOUR THE FOOD AND CAUSE INDIGESTION

"Pape's Diapepsin" Fixes Sour, Gassy Upset Stomach in Five Minutes.

Time it! Pape's Diapepsin will digest anything you eat and overcome a sour, gassy or out-of-order stomach surely within five minutes. If your meals don't fit comfortably or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Get from your pharmacist a fifty-cent case of Pape's Diapepsin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapepsin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is waiting for you at any drug store.

These large fifty-cent cases contain enough "Pape's Diapepsin" to keep the entire family free from stomach disorders and indigestion for many months. It belongs in your home.

AGAINST EXTRAVAGANCE IN WOMEN'S DRESS

London, March 11.—The national organization committee for war savings has issued an appeal against extravagance in women's dress, which says that while many women have recognized that elaboration and variety in dress is bad form in the present crisis, there still are large numbers both among the rich and those not so well to do, to whom the war appears to have made little difference with respect to their apparel.

"New clothes," the appeal concludes, "should be bought only when it is absolutely necessary. These should be durable and suitable for all occasions. Luxurious forms of hats, boots, shoes, stockings, gloves and veils should be avoided. It is essential not only that money should be saved, but that labor in the clothing trades should be set free.

A distinctive personality is but another name for a swelled head.

A Leading Food Expert

stood before the big battery of milling machines in the Grape-Nuts factories, and after inspecting both the wheat and flour said to the miller:

"That's selected wheat, and no 'patent our' stunt, either. That wheat comes out of the rolls as honest and unrefined as it went in. Where did you ever make flour before that retained the true mineral content of the grain?"

And the wise miller replied: "I have worked in a good many mills, and I am no youngster, but let me tell you I never made whole wheat flour like that until I came with this company."

The truth is, white flour is woefully lacking in certain essential mineral elements which are thrown out in the milling to make flour white and pretty, and its use frequently results in impaired health and activity.

The famous pure food,

Grape-Nuts

is made of honest whole wheat and malted barley; and supplies in splendid proportion all the brain- and nerve-making, bone- and muscle-building elements of the field grains, including their mineral elements.

Rich, nut-like flavour, ease of serving, and quick digestibility have made Grape-Nuts a household word the country over.

HEAVY SHIPMENT TO RUSSIAN PORTS

(Canadian Press.)
Seattle, Wash., March 13.—Large quantities of freight destined for Russia are being shipped by rail from the eastern coast to Pacific ports, because, it is said, ships cannot be found in the Atlantic to carry the goods to their destination. Five thousand loaded cars are today in the railroad yards in and near Seattle, awaiting opportunity to load their contents into steamers to Vladivostok and even larger quantities of freight are stalled at Vancouver, B.C.

Every available steamer is being chartered to carry freight to Siberia, but the cars arrive faster than they can be emptied.

Cotton, wire and knock-down cars are the principal articles of freight.

SPANISH STEAMER REPORTED AGROUND

(Canadian Press.)
London, March 13.—The Spanish steamship Maria, 2,138 tons gross, owned in Bilbao, has grounded off Cozimbra, Portugal, and is considered a total loss. She lost her propeller and anchored, but the anchor parted and she drifted on the rocks. The Maria was on the way from Marseilles for Hampton Roads. Assistance has been sent.

MAPLE HONEY LAZELS.

We have all the facilities for printing them neatly and promptly. Send in your orders at once to the Mail Printing Co., 613 Queen street, Fredericton.

TODAY'S WORST RIDDLE.

Why is a widower like a house
a state of dilapidation?
Answer—Because he wants repair-
ing!
(Officer, get the ding-a-ling wagon)

A BEAUTIFUL THEME.

A fellow wrote a verse one time
about the lovely snow,
He turned out quite a pretty rhyme
which made a wondrous "go."

And then the funny men got hay; a
lot of fun they'd poke
They took it up in such a way that
it became a joke.

They went too far; though unawares,
they killed the theme, you know!
For now nobody ever dares to write
about the snow.

Girls will be girls—if they can't be
married women.

Mayor Mitchell Re-elected By a Substantial Majority

Keen Contest for the Mayoralty Brought To a Close—His Worship Won Over Mr. W. S. Hooper by a Majority of Eighty Three—Candidates Return Thanks to Their Supporters at the City Hall—Mr. Hooper Not Out For a Place on the Local Government Ticket.

Mayor Moses Mitchell was re-elected yesterday for a third term, his majority over ex-Mayor W. S. Hooper being 83. As usual with candidates of the Good Government Association, Mayor Mitchell had a majority in the West End. The returns at the City Hall were announced first and when it was seen that No. 1 Division had given Mayor Mitchell a majority of 144 it was realized that he was elected. Ex-Mayor Hooper carried both polls in No. 2 Division but his majorities there were not sufficient to overcome the lead of Mayor Mitchell.

The election was very quiet and orderly. There were only two attempts at impersonation. The total vote polled was 913. This is small compared with the vote in other years but is large compared with the total number of eligible voters.

After the various presiding officers had reported to the City Clerk, the latter announced the result from the stage of the City Opera House.

THE RETURNS.

The returns by polls were as follows:

| | Mitchell | Hooper |
|-----------------------|----------|--------|
| City Hall, A to F | 113 | 67 |
| City Hall, G to Mc | 112 | 85 |
| City Hall, N to Z | 105 | 54 |
| City Hall Total | 330 | 186 |
| Court House, A to B | 81 | 113 |
| Court House, L to Z | 57 | 118 |
| Court House Total | 138 | 229 |
| Grand Total | 468 | 415 |
| Majority for Mitchell | 83. | |

THE NEW COUNCIL.

Previous to announcing the mayoralty returns, the City Clerk announced the aldermen, all of whom had been elected by acclamation. The aldermen are as follows:

Wellington Ward—Judson Barker, Charles W. Burnett.
St. Ann's Ward—Robert J. Baxter, Fred H. Everett.
Carleton Ward—Joseph Walker, Thomas S. Wilkinson.
Queen's Ward—James L. Lemont, D. J. Shea.
King's Ward—John A. Reid, Robert W. McLellan.

Ald. McLellan and Ald. Shea are new members at the board. In politics both are Liberals. Ald. McLellan is a barrister, senior member of the firm of McLellan & Hughes, and is a Methodist. Ald. Shea is a master plumber and a Roman Catholic.

MAYOR MITCHELL.

Mayor Mitchell was the first speaker after the result of the election was announced. He thanked both ladies and gentlemen for the support given him. No ladies were present but they had done valuable work during the day. He particularly wished to thank those who had stood by the principle which he had represented. Perhaps some of those present did not know that he had not expected to be a candidate. It had been his desire to retire from the mayoralty because he had had two of the most strenuous years that ever had fallen to the lot of any mayor. That had been due to the great war. Recruiting and the Patriotic Fund had laid extra burdens upon the mayor but he had endeavored to perform the duties to the best of his ability.

CONSIDERED IT A DUTY.

"When the time came to place candidates in the field I did my best to persuade some other man to take nomination," said Mayor Mitchell. "A committee of the Good Government Association tendered me the nomination. I refused and assisted in the search for another. None was to be found. It was for me to leave the door open or to close it. I did not think there would be a contest. I thought that at this time people had come to recognize the necessity for temperance. I did not think there

would be an opponent to the man brought out by the temperance interests. On account of pressure brought to bear on me and contrary to the wishes of my family, I accepted. I considered it my duty to do so.

"It was pointed out to me that on account of the movement for a prohibitory law that Fredericton should set the example, and that it was necessary. I finally gave my consent. For days it looked as if there would be no opposition, but it finally developed.

"I visited my opponent's office and he told me he would file his papers. I asked him what he was running for. He answered that two years before he had promised a certain friend that if things were favorable he would offer. He now thought things were favorable.

"I realized that the powers arrayed against me were active. It was a matter of temperance for I heard no criticism of the city's business. It was a question of the enforcement of the Canada Temperance Act. I realized that I was opposed by one of the giants of the other side, a man who had served nine years—seven as alderman and two as mayor."

DISCUSSES THE LETTERS.

Mayor Mitchell referred to the fact that his opponent had issued letters which had been distributed among the electors. One of these letters had reached probably every home in the city save his own.

"I did not want to waste a two-cent stamp on you," said Mr. Hooper amid laughter.

"Mr. Hooper says he did not want to waste a two-cent stamp on me," said His Worship. "I am sorry he has wasted so many on others." (Laughter and applause.)

Mayor Mitchell proceeded to quote from the letters sent out by Mr. Hooper, pointing out that in one there was a sentence stating that the candidate represented no clique or class and that in the other letter the sentence was omitted. This was an attempt to influence the temperance vote but the attempt had failed. Had the campaign lasted another week, the majority for temperance would have been larger.

POLITICS BROUGHT IN.

"Coming to election day," said His Worship, "I was surprised to find a few men who had always voted for temperance were working for the other side. I investigated the matter and what do you suppose I found? One man told me this election was not on temperance but that the election was on party lines, my opponent being intended as a candidate on the next Conservative ticket in a provincial election.

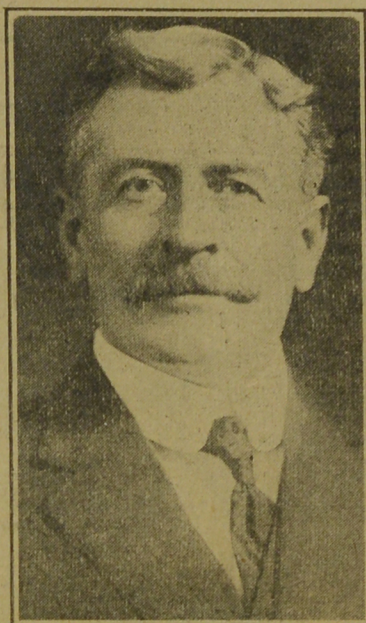

"I have always endeavored to keep politics out of civic matters. (Applause.) If we can't do that we must be pretty small. Let us not let such a thing crop into civic life.

"This was done because the liquor interests could not carry the vote of Fredericton. This other issue was dragged in but fortunately it influenced but a few of my temperance friends.

"I am still mayor of Fredericton. (Applause.) I will endeavor to perform the duties of the office to the best of my ability.

ENDORSE USE OF DETECTIVE.

"When elected the first time I had helped to make a better showing in the matter of Scott Act enforcement. I explained the situation at a public meeting held here recently. I stated that certain difficulties had been in the way but had been removed. This removal made it possible to use a detective in the enforcement of the act. This man had been called a 'spotter' by the anti-temperance party but he was a detective, a clever one and one of the best to be obtained in Canada. (Applause.) The result today certainly supports the use of a detective.

MAYOR MITCHELL

Native of Scotch Lake, Parish of Bright, County of York. Contractor and builder. Resided some years in Western States. Resident of Fredericton for about fifteen years. Represented Wellington Ward as alderman for several years. Elected yesterday for third term as mayor. Liberal in politics. President of St. Andrew's Society, President of choir of St. Paul's Presbyterian church. Prominent in musical circles.

FORECAST OF PROHIBITION.

"I am going to do my best as a member of the Commission to rigidly enforce the Scott Act. (Applause). It is possible that before my term is over we may have a more rigid law and one easier of enforcement. (Applause.) I want to say that I will take off my coat and do what I can in the Province of New Brunswick for the cause of temperance." (Applause.)

His Worship closed his remarks by thanking the electors for the support given him and the cause of temperance. Very great credit was due the ministers of Fredericton. They had done magnificent work. (Applause.) To his opponents he had the kindest feelings. In dealing with civic matters he would treat them the same as he would his friends.

EX-MAYOR HOOPER.

Ex-Mayor Hooper said he stood in a unique position publicly. It was the tenth time he had stood for election. On eight occasions he had had a contest. His friend Mr. Mitchell—"Mayor Mitchell," corrected the victorious candidate.

"Mr. Mitchell at the present time," said the speaker.

His friend Mr. Mitchell could remember very well when he was defeated regularly every year.

He wished to touch upon some matters referred to by the previous speaker.

NOT "RUM" CANDIDATE.

"I wish to deny," said ex-Mayor Hooper, "that I am or was connected in any way with the so-called 'rum party.' If they vote for me, that is their affair. My opponent would take their votes if he could get them. I wish to congratulate the ministers, for without their help Mr. Mitchell would not have been elected today. They constitute a wonderful force and one with which I have no quarrel.

SCOTT ACT ENFORCEMENT.

"During the ten months in which I was a police commissioner, the Scott Act was very well enforced indeed. In his speech last week Mr. Mitchell endeavored to convey the impression that in 1913 that the Scott Act was not enforced. I called up Mr. McKay chairman of the Police Commission, after reading that speech and asked him if there was any dissension in the commission at that time. Absolutely none," he replied. I asked the Chief of Police and he said there were eleven raids in 1913, the biggest single seizure of liquor ever made in Fredericton."

In the speaker's term of office liquor worth \$6,000 was seized and in the seizure was only \$3,000. Yet the Mr. Mitchell's two terms the value of speaker got no credit.

LETTERS EXPLAINED.

Dealing with the letters he had issued, Mr. Hooper said there had been

ALL CHILDREN LOVE "SYRUP OF FIGS" FOR LIVER AND BOWELS

Give it When Feverish and Cross,
Bilious, for bad Breath or
Sour Stomach.

Look at the tongue, Mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle thorough cleansing at once.

When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach sour, breath bad, has stomach-ache, sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs" and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

You needn't coax sick children to take this harmless "fruit laxative," they love its delicious taste and it always makes them feel splendid.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs" which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. To be sure you get the genuine, ask to see that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.

PROVIDENCE EDITOR

MAY BE A WITNESS

Ottawa, March 13.—The inquiry into the Parliament buildings fire will be completed within a fortnight, it was stated today. With a few exceptions the witnesses have been heard. The most important evidence yet in prospect is that of the editor of the Providence Journal, who claimed to have had advance information that Germans planned the destruction of the buildings. It was explained today that both of the commissioners, Messrs. Pringle and McTavish, have been very busy of late in court work, but that within a very brief period the inquiry will be concluded. Considerable evidence has been adduced in support of the theory of incendiarism.

KINGSLEY

Kingsley, March 11.—We are having very stormy and disagreeable weather.

The mail has been delayed since Thursday on account of the recent storm, which blockaded the roads in the upper districts.

Mr. Daniel Seymour has gone to Woodstock to work in a mill.

Mr. Harry Lint has purchased a new gramophone and many of the old folks as well as the young, have enjoyed some very pleasant evenings listening to the beautiful music.

Miss Bessie Williams has gone to Fredericton.

Mr. and Mrs. Edward Carlisle of Douglas, spent Sunday with friends on McLeod Hill.

Mr. Fred Currie has returned home from the lumber woods.

three different types of letters issued to electors in alphabetical order. The difference in the letters was caused by the desire of the speaker to make alteration in the body of the letter.

POLITICS AGAIN.

Mr. Hooper said he was surprised to hear Mr. Mitchell refer to politics. Two strong Liberals had come to the speaker and urged him to get in the field. Up to Wednesday last those men had supported him. On that day one man had said, "I won't vote for Hooper. He has left the Grit party. He is a Tory." And he went to the other gentleman and induced him also to withdraw. At the same time it was whispered among the Conservatives, "Don't believe it. Hooper is as big a Grit as ever." If Mr. Mitchell had had a week longer he would have got them all. He would have persuaded the Conservatives that Hooper was a Grit and all the Liberals that he was a Tory. (Laughter.)

To the clergymen he would hand this bouquet. He had noticed many voters at the polls who had said they would vote for neither Mitchell or Hooper but the clergymen had got them in spite of that.

NOT IN PROVINCIAL POLITICS.

Mr. Hooper characterized as an absolute falsehood the statement that he had intentions of going into provincial politics.

He ended his speech by thanking all, friends and foe alike.

RED ROSE TEA "is good tea"
