But under the circumstances I determined that the Government was right, and I determined to place at its disposal whatever influence I had with my fellow-countrymen. I have loyally supported all the war measures of the Government, have appealed to all classes of my fellow-citizens to rise to the occasion and do their share, not only in contributing money, but in the ranks by doing battle for the great cause. And I am here today for the same purpose and object, to appeal to my fellow-countrymen of all origins to do their duty, and ask all who can go to take their places amongst those who are contending for the cause of civilization on the fields of France and Flanders.—Sir Wilfrid Laurier at Brome.

## MORE TROUBLE IN THE CAMP.

Rev. J. B. Daggett, the pious Secretary of Agriculture, recently published a letter over his own signature in which he stated that he made the great mistake of his life when he permitted Mr. Harry Blair to persuade him to lend a helping hand towards the payment of a certain promissory note negotiated on behalf of the sacred cause of political purity during the Guthrie-Scott by-election in York. Rev. Mr. Daggett seems to have committed another grave blunder when he allowed Col. P. A. Guthrie to allure him into subscribing to the capital stock of the St. John River Dredging and Construction Company to the amount of \$500, and give a note in payment of the same. And he committed a further blunder when, having given the note, he failed to pay the same on maturity and enter the amount up to profit and loss. He failed to take this course, and, acting no doubt on the advice of "higher ups," he has decided to resist payment to the extent of testing the matter in the courts. In his statement filed in answer to the writ issued by the Bank, Rev. Mr. Daggett practically states that he was the victim of a bunco game, and the man he accuses of "doing" him is a member of the Legislature who has done his bit at the front and is now high up in military circles. The very fact that Rev. Mr. Daggett makes such a serious charge against a member of the Legislature and a supporter of the Government of which he is an official, is pretty good evidence that he does not expect to remain long in his present position. He seems to have had a lot of trouble since he joined the Agricultural Department. So far as can be learned, however, he has brought it all on himself. The pal of the discredited J. Kidd Flemming, and the bosom friend of B. Franklin Smith, he secured his appointment through their influence, and he has conducted himself about as well as those who know something of the operations of the Carleton county junta expected he would.

Partisan officials of the type of Rev. Mr. Daggett are the spawn of the vicious political system inaugurated by Flemming and other politicians who have held sway in the province during the past eight years. It is impossible for water to rise above its source, and these men are perhaps quite as good as the knavish politicians who appointed them to office, and that is not saying a great deal. Rev. Mr. Daggett's connection with the York boodle note was discreditable; his connection with the patriotic potato deal did him no credit; and now we find him the defendant in a lawsuit instituted by a bank to compel payment of a note given for stock in a get-rich-quick dredging company. We also find him accusing a member of the Legislature of falsehood and fraud, a pretty serious charge, and one which should not long remain unanswered.

This sort of thing must surely be nauseating to the great majority of the people of this province. Graft newspapers may rail against the old government for political effect, but it will be pretty hard for them to show wherein a deputy head of a department under any former administration in this or any other province, ever charged in a court document that a member of the Legislature had defrauded him. It remained for the Flemming-Clarke-Baxter group of politicians to produce such a deplorable and degrading condition of affairs in this province. There is ample evidence to show that the people are thoroughly disgusted with this kind of politics, and as soon as Governor Wood gives them the opportunity they will reform the present government by kicking it out.

A French aviator, flying over a village in German Alsace dropped a wreath with a letter requesting the curate of the village to place the wreath on the tomb of his father, who was killed in that locality in 1914, and a German aviator, flying over the French lines, dropped the curate's answer, saying that the favor had been done. It is pleasant occasionally to read something like that, to offset the horrors of the war.

The bathing-cap business has developed so that dealers say that next year there will be at least sixty styles of caps to choose from, with strings and bows and tassels and rosettes, and every form the imagination can suggest to make more beautiful the increasing number of women who go into the water—which it would seem ought not to be difficult.

Montreal Herald: The Cologne Gazette is elated over the disappearance of "double chins" and "corporations" of its co-citizens. It attributes the health improvements of the German people to plain diet. And yet there is not one word of thanks to the British navy.

"Pay or Fight," is a popular slogan used by collectors for the patriotic fund. Certain Tory patriots who persuaded Col. Guthrie to endorse notes for them were quite willing that he should do both.

Detroit Free Press: A fashion note says that skirts are to be a little longer this fall. It was a cinch that if they were changed at all that is the way it would have to be done.

Montreal Mail: Women were prominent in the Danish rigsdag when the disposal of the Danish West Indies was discussed. They never miss a bargain sale, even in Denmark.

## ON THE SIDE.

Dear old golden rule days.

But if you have anything to tell a bad egg, just break it gently.

"Patriotic potatoes" are likely to loom large in Carleton county soon.

The pity of it all is the boys and girls never learn why they go to school until they are all through.

No more touching example of loyalty has been recorded than the rise in the price of beans when their old side-partner, pork, went up.

If the Turks are forced to give up Armenia, they will regret it not alone for its intrinsic worth, but the place where they committed so many delightful murders must have a certain sentimental value as well.

## ROMANIA NOW PREPARING FOR WAR?

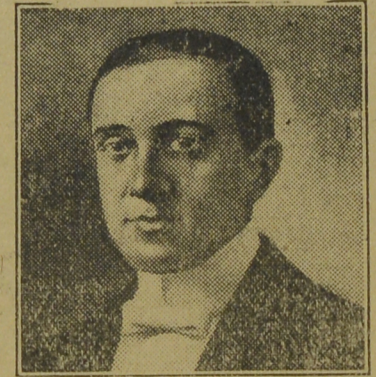

London, Aug. 27.—According to a Bucharest despatch the King of Rumania has convened a conference for 5 o'clock on Monday afternoon, of all the representatives of all political parties, former premiers, former presidents of the executive chambers, ministers and government representatives, with the idea of ascertaining the views of all sections of public opinion on the present situation.

You never know what you can do till you make a good try. But for the dogs no cat would ever know how fast it can run.

## NOTED MUSICIAN OF MONTREAL

Advises The Use Of "FRUIT-A-TIVES", The Famous Fruit Medicine.

MR. ROSENBERG  
589 Casgrain St., Montreal.

April 20th, 1915.

"In my opinion, no other medicine in the world is so curative for Constipation and Indigestion as 'Fruit-a-tives'. I was a sufferer from these complaints for five years, and my sedentary occupation, music, brought about a kind of Intestinal Paralysis—with nasty headaches, belching gas, drowsiness after eating, and Pain in the Back. I tried pills and medicines of physicians, but nothing helped me. Then I was induced to try 'Fruit-a-tives', and now for six months I have been entirely well.

I advise any one who suffers from that horrible trouble—Chronic Constipation with the resultant indigestion, to try 'Fruit-a-tives', and you will be agreeably surprised at the great benefit you will receive". A. ROSENBERG.

## CAPT. BUN BECK—WITH HEARD FROM

Halifax Officer Gives Details of the Death of Captain Pineo.

(Halifax Chronicle.)

In a letter to a friend in the city, received yesterday, Capt. "Bun" Beck with says:

"I thought I would drop you a line to let you know how Captain Pineo (good old chap) met his death on our last trip in. He and Captain Barnes and one of my gun captains were digging out two signalers who had been buried by a German trench mortar, when they saw another one coming and yelled. Capt. Barnes and my man got away, but poor Pineo didn't. Let the boys know how he died, digging out two men. They brought him out and buried him alongside Colonel Baker (our colonel) who was killed on June 3rd. It made me feel blue, as he was my pal, and one of the finest.

"He was just worshipped by his men and loved by all his brother officers. He was a fine soldier and had a great future before him had he lived.

"There are only three of the old 6th C. M. R. officers left, Capt. Roscoe, Capt. Barnes and myself, and very few of the men. I got my captaincy 'O.K.' dated June 13th."

## SHACKLETON OFF FOR THE ANARCTIC

Buenos Ayres, Aug. 27.—Lieut. Sir Ernest H. Shackleton, the Antarctic explorer, left Punta Arenas, Chile, on Saturday on board the ship Yelcho, to make a third attempt to rescue his expedition marooned on Elephant Island.

## TO SAVE EYES

Is the Object of This Free Prescription—Try It If Your Eyes Give You Trouble.

Thousands of people suffer from eye troubles because they do not know what to do. They know some good home remedy for every other minor ailment, but none for their eye troubles. They neglect their eyes, because the trouble is not sufficient to drive them to an eye specialist, who would, anyway, charge them a heavy fee. As a last resort they go to an optician or to the five and ten-cent store, and oftentimes get glasses that they do not need, or which, after being used a few months, do their eyes more injury than good.

Here is a simple prescription that every one should use: 5 grains Bon-Oto dissolved in 1/2 glass of water. Use three or four times a day to bathe the eyes. This prescription and the simple Bon-Oto system keeps the eyes clean, sharpens the vision and quickly overcomes inflammation and irritation; weak, watery, overworked, tired eyes and other similar troubles are speedily benefited and cured by its use. Many reports show that wearers of glasses have discarded them after a few weeks' use.

It is good for the eyes, and contains no ingredient which would injure the most sensitive eyes of an infant or the aged. Your own druggist can fill this prescription, or the Valmas Drug Co., of Toronto will fill it for you by mail. Try it, and know for once what real eye comfort is.

A prominent City Physician to whom the above article was submitted, said: "Bon-Oto is a very remarkable remedy. Its constituent ingredients are well known to eminent eye specialists and widely prescribed by them. It can be obtained from any good druggist and is one of the very few preparations I feel should be kept on hand for regular use in almost every family."
