## FARMERS AND DAIRYMEN

(Continued from page two.)

to hear of it.  
Mr. C. W. McDougall, provincial dairy superintendent, followed with a short address regarding grading of butter and cream and payment according to quality and urged that a resolution along this line should be adopted.

### CREAMERIES CRITICIZED.

Discussion ensued in the course of which two dairymen from the vicinity strongly criticized the operation of certain creameries under existing management. The general opinion of the association was strongly in favor of creameries. Mr. Harvey Mitchell, dairy superintendent, took part in this discussion.

### EVENING SESSION.

On resuming at eight o'clock, after a short address by Mr. McAllister of the Y.M.C.A., on the work of that body among Canadian expeditionary force, Mr. Barr resumed his address on dairy work. There were, he said, two points to be considered, the producing end and the marketing end. Many farmers were under the impression that they were not getting all that was coming to them from the creameries. The first thing to be done to get the widest margin between farm and market was quality. Best results would naturally be got from best quality article and that quality must be uniform.

Another thing needed is an attractive package, well put up butter naturally commands a better price than an untidy package would. Creamery butter was usually uniform in quality and always neatly put up. Hence the reason why it always fetches more per pound than average dairy made article. The same principle would apply equally to all lines of the farmer's business. One of the most profitable lines of a farmer's business was a good dairy herd. It would take nine average cows to equal the output of the best Holstein cow in Canada whose yield was over 27,000 lbs. of milk a year. The eight best herds in Canada last year averaged 9,516 lbs of milk each, while eight averaged 4,225 lbs. each.

### SECRETARY DAGGETT.

Secretary Daggett spoke briefly on the assistance given by the department of agriculture by bonusing animals purchased by societies. In the course of his remarks he referred to the raising of sheep. The reference brought up discussion on the question of dogs killing sheep and also the running at large of scrub bulls. Secretary Daggett replied that existing laws placed control of the scrub bull question in the hands of the municipalities and gave to any farmer the right to shoot stray dogs which were thought to be after sheep.

The following delegates were named on the Nominating Committee:—L. T. Floyd, Kings county; Percy Simmons, Carleton; W. E. Palmer, York; Augustine Arsenault, Kent; J. B. Cormier, Gloucester; T. R. Martin, Madawaska; A. G. Dickson, Northumberland; L. A. Goggin, Albert; Frank Fawcett, Westmorland; Martin Reid, Charlotte; Isaac Baird, Queens; Alex. Johnson, St. John; Donald Innes, Victoria; H. L. Diblee, Sunbury; J. C. Miller, Restigouche.

### SEED MATTERS TOOK UP ATTENTION OF ASSOCIATION

The Seed Fair held in connection with the meeting of the Farmers' and Dairymen's Association, took place today in the Market Hall of the City Building. Judging was completed before the fair was open for inspection. The exhibition of seeds are excellent.

After the inspection of the Seed Fair, the sessions of the association were resumed. Addresses which were followed with much interest were delivered by Mr. S. J. Moore of the Dominion Seed Branch, and Mr. E. D. Eddy, Chief Dominion Seed Inspector.

Among other matters they referred to the scarcity of good seed, and strongly advised the growing by each farmer of his own turnips and clover seed. Particular caution against the use of Western grain for seed was given, it being stated that such grain was useful only for feed.

Mr. John Woods, foreman of the government ditcher, gave a brief talk on the mechanical ditching.

### TRANSFERRING STORES.

Capt. P. M. Rising, Quartermaster of the 104th Battalion, and Major H. D. Fairweather, quartermaster of the 140th Battalion, are at the Queen. They are here transferring stores from the 104th to the 140th.

His Honor the Lieutenant Governor arrived from Sackville last night. He is at the Queen.  
Mr. C. W. McKee, provincial manager of the Western Union Telegraph Company, was in the city last night.

## Was It The Work Of German Pirates

London, March 1.—British steamer Thornaby is reported to have been sunk, all the members of the crew having been killed or drowned.

The Thornaby was owned in West Hartlepool, Eng. Her gross tonnage was 1782. She was built in 1889 and was 258 feet long. The Thornaby sailed on Jan. 19 from Sunderland, England, for Palermo, Sicily.

Although the British censorship prevents transmission of details concerning the reported sinking of the Thornaby, the reference to the members of the crew probably having been killed or drowned, indicates she was sunk by a mine or torpedo. The German and Austrian decrees regarding the sinking of armed merchantmen without warning went into effect at midnight. The Thornaby is the first vessel whose sinking has been reported since the orders became operative, but the London despatch does not indicate whether she was armed or whether she was sunk before or after the opening of the month.

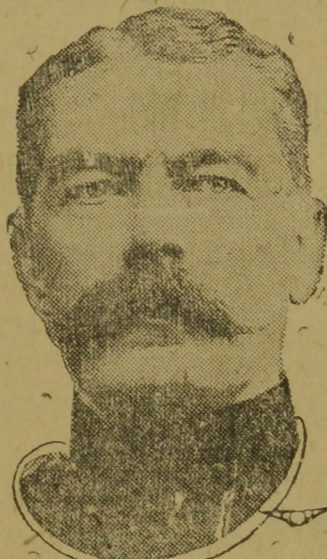

## WANTS ALL THE MEN THAT CAN BE SPARED

(Canadian Press)

London, March 1.—Lord Kitchener, speaking today at a meeting in the Guild Hall to inaugurate a national savings campaign, said:

"We want just as many men as we can get as soldiers. We are bound to take all the men that can possibly be spared from industry, agriculture and commerce.

"We cannot produce all our ordinary peace time requirements. Either the population must go short of many things or the army must go short of munitions and other indispensable things.

LORD KITCHENER.

"Are civilians prepared to let their brothers in the trenches endure hardships whilst they are not ready to take all sacrifices of harder work, increased effort and increased economy?"

Lord Kitchener added: "Every war problem teaches the same lesson. First, if we employ less labor, meeting the wants of the civilian population, we release more men for fighting.

"Secondly, if we import less for consumption, we lessen the difficulties of sea transportation."

## Henry Siegel Freed From Prison

(Canadian Press.)

Rochester, N.Y., March 1.—Henry Siegel, New York banker and department store merchant, whose ten months' sentence in Monroe county penitentiary expired today, was re-arrested this morning by the sheriff on a warrant issued yesterday by District Attorney Wheeler of Livingston county. With his attorney, Siegel was taken before Justice Benton to arrange for bail.

### TO TAKE COURSE.

Lieut. J. B. McNair of the 3rd Regt., C.G.A., has gone to Quebec to take a course in heavy artillery work. He is a graduate of U.N.B. and a Rhodes Scholar from that university.

### THIRTEEN DEATHS.

During the month of February, which closed yesterday, deaths reported in the City of Fredericton numbered thirteen. During February 1915 deaths numbered the same. Last month three deaths were caused by pneumonia and one each by inanition, leukaemia, appendicitis, paralysis, leukening of arteries, la grippe, dropsy, suicide, croup and heart disease.

Major H. D. Fairweather of the 140th Battalion, and Capt. P. M. Rising of the 104th Battalion, are registered at the Queen.
