Tobacco Heart

CURED BY Milburn's Heart and Nerve Pills.

Tobacco does not seem to affect all alike. Many men enjoy their smoke, live to a good old age, and apparently suffer no ill effects from the use of the

There are others, though, on whose heart and nervous system tobacco produces the most serious results.

It causes palpitation, pain in the heart and irregularity of its beat, makes the hands tremble, sets the nerves on edge, and the breath becomes short.

To counteract this demoralizing influence on the heart and nerves there is no remedy that equals Milburn's Heart and Nerve Pills.

and Nerve Pills.

They make the heart beat strong and steady, restore tone and vigor to the nerves, and remove all the evil results caused by the tobacco.

Mr. Nelson Young, Brampton, Ont., writes: "I have had, up to about a month ago, a very weak heart, which I suppose came from smoking cigarettes. When I heard of Milburn's Heart and Nerve Pills as a cure, I immediately gave up smoking, and started using them. It does you justice to be the founder of such a great remedy. They made me feel like a new man."

Milburn's Heart and Nerve Pills are 50c per box, 3 boxes for \$1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.
