OF INTEREST TO WOMEN

HERE IS ANOTHER CHEAP CAKE.

In Bible times folks rebelled at being requested to make bricks without straw, but perhaps if they had been devising economical methods to cut down their own high cost of living instead of doing it to enrich somebody else—and if somebody no particular pet of theirs, anyhow, they would have accepted it. At any rate, modern housewives have schemed out a lot of substitutes for expensive foods, and we may look forward hopefully to the day when some clever woman will send some magazine a recipe for a soufflé or a ragout or a salad which requires no ingredients whatever. Meanwhile, here is a recipe for an eggless, butterless cake, printed in the current number of the Woman's Home Companion—a "Less Cake" shall we call it? Though R. M. N., who vouches for it, declares you will want more and more of it. Anyhow, here it is:

"Mix one and one-half cupfuls of brown sugar and one-half cupful lard. Add one-half cupful of grated chocolate dissolved in one-

half cupful of boiling water and one-half teaspoonful of soda dissolved in one-half cupful of sour milk. Sift together one and three-fourths cupfuls of flour, one-half cupful of cornstarch, one-half teaspoonful of baking powder and one-half teaspoonful of ground cloves. Add to first mixture, mix and bake. Try it and see if you aren't enthusiastic about it."

The hope of the Temperance people is to stand in with the Opposition, as the Government is hand-in-glove with the liquor interests, and they would get double-crossed.

FACTS FOR THE ELECTORS.

The Government which went out of power in 1908 expended \$965,000 during the last year in office. The present Government, which went into power solemnly pledged to economy, succeeded in getting away with \$1,508,484 last year. Can you see evidence of any great improvement in the public service? No. Can you find the good roads that were promised in 1908? No. Then what did they do with the money? Ask the grafters and camp followers who are urging you to give the government a new lease of power.

THE QUESTION OF INTEREST.

For the fiscal year 1907, the last year of the old government, the amount paid for interest, as shown by the Auditor General's report, was \$173,569.70.

In the fiscal year ending October 31st, 1916, the interest charge, according to the Auditor General's statement, was \$351,004.99.

Increase in nine years under the present government, \$172,435.29, an average of \$19,159.47 per year, or at the rate of \$58 per day.

What do the electors think of this record for a government which went into power solemnly pledged to give the country an economical administration of affairs?

CARD TO THE ELECTORS
OF SUNBURY

Gentlemen,—Having been nominated by a large gathering of the electors of Sunbury to run in opposition to the present Government, and having accepted the nomination, we are now appealing to the electors generally for support.

Since the last general election we have had three Premiers: The Hon. J. K. Flemming, who resigned after having been convicted of graft and extortion by a royal commission; the Hon. George J. Clarke, under whom the graft and thieving was continued, as appeared so clearly in the investigation before the present Judge Chandler, and the present Premier, the Hon. James A. Murray.

The Hon. James A. Murray in his manifesto to the people of the province has stated that he will follow his predecessors as a guide. New Brunswick has been disgraced in the eyes of all Canada by the administration led by Mr. Flemming and Mr. Clarke. It is the duty of every elector who has the interests of the province at heart, to vote against a government which will attempt to follow such a lead.

It is absolutely necessary in the interest of the province that a change should be made in the provincial rulers. Business men all over the province are crying out for a change. It is impossible for us to see all the voters of the county in the few days which the government has given us to lay the issues before you, but we ask you to give us your support and to cast your votes for us on election day.

If elected we promise to devote our best energies in the interests of the people of Sunbury and to support every measure proposed for the public good.

We have the honor to be, yours, etc.

ROBERT B. SMITH.

After a girl has been married to a fellow awhile she does not consider it necessary to conceal the fact that she considers him a nut.

It is difficult to induce the other fellow to compromise when he realizes that he has the best of it.

If a girl says "No" three times in succession it's a hopeless case—unless she should change her mind.

Nothing preaches prohibition so eloquently as a pneumonia epidemic.

WAS ANAEMIC FOR
OVER A YEAR

Anaemia, or blood turning to water, is caused by the heart becoming deranged, and if the heart becomes weakened it cannot pump the blood as it should.

As a result the blood becomes impoverished, and it loses its nourishing qualities. The face becomes pale, thin, and the lips bloodless. There is a weakness, tiredness and loss of weight.

When those suffering from thin or watery blood start taking Milburn's Heart and Nerve Pills, they can expect a change from the outset.

Every dose introduces into the blood those vital elements necessary to make it rich and red. The pale cheeks take on the rosy hue of health, the weight increases, and the whole being thrills with a new life.

Mrs. R. J. Grey, Fredericton, N. B., writes: "When I was a girl working at general housework I overtaxed my strength and became completely run down. For over a year I was very bad with anaemia. A friend told me to try Milburn's Heart and Nerve Pills so I got a box and when it was done I felt and looked so much better I decided to get six more. When I had taken them I had gained not only in strength, but in flesh and color, and best of all was good health."

Milburn's Heart and Nerve Pills are 50c. a box; three boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

A man in close touch with provincial affairs claims that at least \$250,000 is wasted each year in graft. Time to put a stop to it.

Graft and incompetency have placed New Brunswick on the verge of bankruptcy. Your only salvation is to turn the present government out of power.

GRAFT REVELATIONS. A
DISGRACE TO PROVINCE

Commenting on the report of the Royal Commission which investigated the Dugal charges, the Quebec Chronicle, a leading Conservative paper, said:

"The terrible revelations of official graft in New Brunswick are a disgrace not only to that Province, but to all Canada. They almost completely destroy public confidence in the honesty of our public men, and unquestionably inspire grave doubts as to the possibility of ever securing anything like an upright administration of public affairs under our present system. Yet no administration ever came into office with more pious professions of high virtue and devotion to the public weal than did the Flemming government of New Brunswick. On the strength of these it literally swept the Province at the last general election in 1912, only two members being returned to support the Opposition.

There is no longer the shadow of a doubt that loot was the object for which the men now in charge of the government of the Sister Province down by the sea sought office. Their conduct of public affairs was dishonest from the start, and today, under their manipulation, no province in Canada has been so betrayed, so shamed and so degraded as New Brunswick by these same men, who have played in the most heartless manner upon the good faith, the loyalty and the patriotism of their people in order that they might scatter the contents of the treasury among themselves and their heeleders."

We have the looters still in power. Turn them out!
