## TWO PROMINENT QUEBEC HOCKEYISTS REMOVE TO OTTAWA.

Quebec Expects to Have Them Back For Season of 1918--Both Make Munitions.

Quebec, March 29.—The Telegraph says: Joe Malone, for years idol of the Quebec hockey fans, and Jack McDonald, his side partner and clever wing player of the Quebec team, will leave for Ottawa to take up positions with the Imperial Munitions Department with the understanding that they will return to their positions at the Ross Rifle factory when the concern re-opens. Frank Rogister, assistant trainer of the Quebec club, will accompany the two hockey stars to Ottawa, Frank having secured a situation in the same plant.

It is to be hoped that the boys will be able to come back here before next winter, as both McDonald and Malone have lots of usefulness left as hockey players, Malone leading the scorers of the league despite the fact that he played on a team which won only half its games, while McDonald's playing last season was a revelation to the fans.

## SPANISH GOVERNMENT WILL PRESERVE ORDER

London, March 29.—The Spanish government will adopt measures made necessary for the preservation of order in view of an appeal to the people, which is characterized as seditious, says a Reuter despatch from Madrid.

## SEATTLE CHAMPS EXCEPT TWO, BELONG TO OLD TORONTOS

Three Years Ago This Bunch Won Championship and Deserted to Pacific Coast League.

The Toronto News comments as follows on the defeat of the Canadiens by Seattle:

With two exceptions all the players on the Stanley Cup winning team were members of the Toronto crew which won the world's honors some three years ago, and then deserted to the coast league in a body. Holmes, who played goal, is a Toronto boy. He distinguished himself as net guardian for the Toronto Lacrosse Club, and for played goal for O. H. A. teams in Toronto. Frank Foyston is also an O. H. A. graduate. He played centre for the champion team before he flopped to the pro ranks. Walker, the inventor of the fake check, came to the Toronto club from Port Arthur, while "Cully" Wilson learned his hockey in Winnipeg before joining Marshall's' champion crew. The winning of two world's championships in four years is a rare achievement and stamps Walker, Foyston and company as players of exceptional ability. It also proves that all the good hockey players are not developed in the east. If the overthrow of the Canadiens means the retirement of Lalonde from the game, as intimated, pro hockey will profit by the victory of the Seattle team. Players like "Newsy" are not needed in any sport.

## SLIM LOVE THE TALLEST PITCHER IN CAPTIVITY

Macon, March 29.—Slim Love, the 6 foot 7½ inch pitcher, is getting every opportunity here this spring, as Donovan desires to give him a thorough trial and also wants Slim to learn control. Love has almost everything a successful pitcher should have but a proper sense of direction. Donovan feels toward Love something like McGraw did when he first had Tesreau. "Tess" was wild and raw, but McGraw saw his possibilities and stuck to him. It is the same way with Love. Once Love gets started he should be a consistent winner for any club. However, it is now pretty near time for Love to show speed if he ever does. Griffith first brought him up with Washington in 1913.

## CANADIENS LOST FINAL GAME TO SEATTLE, 9 to 1

Seattle, March 29.—Outplayed and out-skated, but not out-gamed, the Canadiens of Montreal, champions of the N. H. A., were beaten for the third time in succession last night by Seattle, and the Stanley Cup is again in the possession of the Pacific Coast League. The final game was a rout, Seattle leading at all stages and winning by the one-sided score of 9 to 1. The visitors won the first contest of the series 8 to 4, but lost the next three, 6 to 1, 4 to 1 and 9 to 1.

# Keep up the Food Supply and Help Make Victory Sure

OUR soldiers must be fed; the people at home must be fed. And—in spite of Germany's murderous campaign to cut off the Allies' Food supply, by sinking every ship on the High Seas—an ample and unfailing flow of food to England and France must be maintained.

*This is National Service—  
Not to the Farmer only—  
But to YOU—to everybody—  
This appeal is directed*

WE must unite as a Nation to SERVE—to SAVE and to PRODUCE. Men, women and children; the young, the middle aged and the old—all can help in the Nation's Army of Production.

EVERY pound of FOOD raised, helps reduce the cost of living and adds to the Food Supply for Overseas.
