

## You Can Make Excellent Cake With Fewer Eggs

Just use an additional quantity of Royal Baking Powder, about a teaspoon, in place of each egg omitted.

This applies equally well to nearly all baked foods. Try the following recipe according to the new way:

### CREAM LAYER CAKE

Old Way

New Way

1 cup sugar  
1/2 cup milk  
2 cups flour  
2 teaspoons Royal Baking Powder  
2 eggs  
1 cup shortening  
1 teaspoon flavoring

1 cup sugar  
1 cup milk  
2 cups flour  
4 teaspoons Royal Baking Powder  
1 egg  
2 tablespoons shortening  
1 teaspoon flavoring

Makes 1 Large 2-Layer Cake

**DIRECTIONS**—Cream the sugar and shortening together, then mix in the egg. After sifting the flour and Royal Baking Powder together, two or three times, add it all to the mixture. Gradually add the milk and beat with spoon until you have a smooth pour batter. Add the flavoring. Pour into greased layer cake tins and bake in a moderately hot oven for twenty minutes. This cake is best baked in two layers. Put together with cream filling and spread with white icing.

## Laugh When People Step On Your Feet

Try this yourself then pass it along to others. It works!

Ouch! ?! ?! This kind of rough talk will be heard less here in town if people troubled with corns will follow the simple advice of this Cincinnati authority, who claims that a few drops of a drug called freezone when applied to a tender, aching corn, stops soreness at once, and soon the corn dries up and lifts right out without pain.

He says freezone is an ether compound which dries immediately and never inflames or even irritates the surrounding tissue or skin. A quarter of an ounce of freezone will cost very little at any drug store, but is sufficient to remove every hard or soft corn or callus from one's feet. Millions of American women will welcome this announcement since the inauguration of the high heels.

### RUMORS RE KING CONSTANTINE.

It is Reiterated He will Abdicate, and May Live in Denmark.

London, April 30.—The report that King Constantine of Greece is soon to abdicate is reiterated in a despatch from Rome to the Star, which says it has been confirmed from neutral diplomatic sources.

It is suggested that the King and Queen may land at an Italian port and proceed overland to Denmark.

## NORTHCLIFFE TO SUPPLY NEWSPRINT

Washington, April 30.—An adequate supply of news print paper for every American publisher was predicted by the Federal trade commission today in announcing that Lord Northcliffe, the noted English publisher, would probably turn over to the American publishers' association for distribution the entire output of his big Newfoundland paper mills.

The addition of the 66,000 tons of paper produced annually by the Northcliffe mills, it was said, will break the print paper market and assure small publishers an adequate supply at lower prices. Details remain to be worked out, but it was said there is little doubt that Lord Northcliffe will let the paper come to the United States.

Suggestions that the United States be permitted to take the production of the Northcliffe plants were made by the trade commission some weeks ago to the British publishers, who accepted, it was said, on condition that the paper go only to small publishers. The commission agreed to this. The paper will be distributed by the publishers association under supervision of the trade commission.

## SIR SAM HUGHES HIT BACK AT FORMER COLLEAGUES

Says the Affairs of His Department Were Interfered with by Sir George Perley and Others---Finance Minister White Had "Newspaper Influence"---An American Magnate Warned Sir Sam of Coming Troubles.

Lindsay, Ont., April 29.—Lieut.-General Sir Sam Hughes was nominated yesterday at the convention of Victoria and Haliburton Conservatives, and delivered an address in which he claimed that attempts had been made by some of his former colleagues to oust him from the cabinet, and expressed resentment at the appointment of Sir George Perley as overseas minister of militia, claiming that if there were anything wrong in the overseas finances, a supplementary minister of finance would have been more to the purpose.

He characterized Sir George's actions as interference, and said: "From the very outbreak of the war Sir George Perley had always been active seeking to create an unhealthy atmosphere against me in England. Both he and the finance minister seemed to have certain newspaper influence. The Canadian Press Association, overseas, in England, paid by the money of Canada, is associated indirectly with them. Every insinuation or adverse criticism was sent to Canada. Sir George Perley was therefore a fit agent to be appointed the new minister overseas. One journal in Toronto, upon which the finance minister once served, and which is generally regarded as his Toronto organ, viciously attacked me, while two Montreal papers, owned by a brother of that gentleman were insistent in adverse criticism."

### Warned in New York

"In New York I was informed by a leading American financial magnate that I should not sail, that an attempt was about to be made to destroy me. I was urged to cancel my trip. Thinking reference was made to torpedoes, I laughingly passed it off."

"The gentleman assured me, however, it was not torpedoes at sea, but venomous poison on the part of some of your own colleagues in the cabinet, who seek to get rid of the prime minister, but who realize that you are behind him solid, and in order to get rid of him they must first get rid of you."

"I immediately wrote from New York to the prime minister, giving him a brief summary and told him that in case anything turned up he was to cable me promptly, and I would return instantly. I have never yet been able to ascertain how the New York financial gentleman became possessed of the information."

Sir Sam took credit for the re-organization of the medical service, but claimed that there was yet much room for improvement.

"The Pet V. A. D. Matrimonial Bu-

reau system, dear to the hearts of colonials of the Sir George Perley brand" was marked for reformation.

### Killed Recruiting

He stated that a year ago an agitation to stop the taking away of men from munitions and farms had sufficient effect on the prime minister that he (Sir Sam) was asked not to press recruiting, and as a consequence recruiting was today dead for fighting purposes.

"We have discovered," he said, "that the so-called peace societies of Canada and the United States were being paid by German gold."

He had been charged with preventing a general election. If that were a criticism, he was proud of it.

In conclusion he made a strong appeal for the putting into force of the militia act. He had heard that there was a proposal to exempt Quebec. "Why should Quebec be exempted?" he asked.

The cabinet he described as "fifteen members, more or less self-opinionated."

## HAD VIOLENT COUGHING FITS

LOOKED LIKE CONSUMPTIVE.

Mrs. Mary Wheten, North Forks, N. S., writes: "Having taken five bottles of Dr. Wood's Norway Pine Syrup, during the past few weeks, to relieve a chronic cough and general throat trouble, allow me to express my unbounded satisfaction and thanks as to its sterling qualities. A short time ago I became subject to violent coughing fits at night and directly after rising in the morning. I began losing weight and all my friends cheerfully informed me that I was going into consumption."

After taking the "Dr. Wood's" I am pleased to relate that the cough has entirely disappeared and I have since regained the lost weight. I have no hesitation in recommending Dr. Wood's Norway Pine Syrup."

There are many imitations of "Dr. Wood's" on the market so see that none of these so-called "pine syrups" are handed out to you when you ask for "Dr. Wood's." It has been on the market for twenty-five years, is put up in a yellow wrapper, three pine trees the trade mark, price 25c. and 50c.

## BOMBS DROPPED ON FRENCH TOWNS

Paris, April 30.—Enemy aviators last night threw down several bombs in the region of Dunkirk, Nancy and Belfort. There were no casualties and the damage was insignificant.

Chalons and Epervier also were bombarded, and there were several victims among the civilian population.

"On Saturday night our aviators carried out several bombarding expeditions effectually. A captive balloon was brought down and barracks containing troops were bombarded, fire being observed."

## DAVISON REPORT ON WAR HORSES

Ottawa, April 30.—What is perhaps the most interesting of the Davidson reports, the one dealing with the Nova Scotia horse purchases, is in the hands of the Governor General today, and when it is returned to the government it will be at once made public.

It will be recalled that this was the transaction involving A. Dewitt Foster, former M. P. for Kings, N.S., and which resulted in his resigning from the House of Commons.

It is understood that in the report the judgment of Foster and the system of accounting are criticized, but that personal corruption is not charged.

## Economy

Many people think they are saving money by buying cheap tea, forgetting that it is not the cost per pound but the cost per cup that determines a tea's economy.

You may pay 5 or 10 cents more per pound for Red Rose Tea than for common tea. But because Red Rose Tea is a blend of Indian-Assam teas with Ceylons, consisting of the choice tender shoots and buds—the parts of the tea plant that yield the largest amount of liquor and the finest flavor—one-third less is required in the pot to make the same number of cups.

The cost per cup between Red Rose Tea and common tea is then practically the same. But the flavor—what a difference.

And this distinctive and delightful flavor and rich strength is protected by the Red Rose sealed package. No air, odors or dust can get in to injure Red Rose Tea's splendid quality and economy.

Order a package from your grocer.

In sealed packages only.

Red Rose crushed coffee is as generously good as Red Rose Tea and just as easy to make. 3
