OF INTEREST TO WOMEN

FOR THE HOUSEKEEPER.

A small ironing board may be made from an ordinary bread board. Covered with flannel and a piece of old sheeting, it will be found very useful for the dressmaker or when ironing small pieces.

Always keep a piece of fine sandpaper in the kitchen. If your cake or bread should brown a bit too much you can rub it off more smoothly than if a grater is used. If anything sticks or burns on pans sandpaper cleans more easily than anything else.

A Windsor necktie will be found very useful for pipings, as it is made of bias silk three-quarters of a yard long. It may be cut into five or six strips and will be found economical and easy to work with.

SOME SENSIBLE "DON'TS."

Don't wear thin shoes and gossamer stockings in cold weather, or you will have that pinched, chilled look which is so unbecoming. Don't economize in shoe leather, as it is economy that is likely to cost you dear.

Don't give up taking exercise even if the weather is bad. A brisk walk on a cold day is a splendid

complexion beautifier. Wear a veil if your skin is susceptible to cold winds. It is better not to wear heavy headgear, as it is bad for the hair.

Do not let your rooms get hot and stuffy, and always have a window slightly open at the top. Don't forget to dry your hands thoroughly after washing if you wish to prevent them from getting chapped.

OPPOSITION CANDIDATES GIVE PLEDGES

W. E. Foster has answered the following questions favorably to the Temperance Alliance. All the Opposition candidates have done likewise:

DOMINION TEMPERANCE ALLIANCE.

Fredericton, N. B., Feb. 7, 1917.

Dear Sir,—The following pledge is being submitted to all candidates seeking election to the N. B. Legislature.

We trust you may see your way clear in the public interest to sign the pledges and return as early as possible, not later than Wednesday, Feb. 14th, to Rev. W. D. Wilson, General Secretary, Fredericton, N. B.

DONALD FRASER.

President.

(On behalf of the Alliance.)

1. Will you, if elected to the Legislature, support the present prohibitory law as it now stands upon the statute book?

2. Will you oppose any amendments intended, or likely, to weaken the act or render it ineffective, or hinder its becoming operative on May 1, 1917?

3. Will you use your influence and vote to secure the proper enforcement of the law?

In answering these questions, kindly answer by yes or no.

APPEAL FROM OPPOSITION CANDIDATES

To the Men of York.

Gentlemen,—Having been unanimously chosen at a large convention to oppose the candidates of the present government in this county, we submit ourselves to the electorate and ask for support. The convention at which we were chosen did not represent one political party only, but was composed in large measure of men who in the past supported the present administration, but who have resolved to follow in this election the dictates of conscience rather than party and who have made up their minds that they cannot, by supporting the candidates of the government approve of wrong doing.

The administration in charge of the affairs of this province since 1912 has been convicted of the gravest wrong doing. The Hon. J. K. Flemming while Premier was found guilty of stamping with his approval the collecting of large sums for grossly improper purposes from the holders of Crown land licenses. The Hon. J. A. Murray, the Premier, supported in the Legislature a resolution expressing approval of this conduct of Mr. Flemming after a Royal Commission appointed by this government had found him guilty; and now the same Mr. Murray, in the manifesto which he has issued to the people of the Province, brazenly states that he will, if elected, attempt to follow in the same footsteps.

WE APPEAL TO YOU TO VOTE AGAINST SUCH GROSS DISHONEST PRACTICES. We also appeal to you upon the platform of reform adopted by the Opposition in provincial convention in January, 1916. The present government has since the adoption and publication of that platform, attempted to follow to some extent a few of its provisions. One of the planks of this platform was the adoption of province-wide prohibition of the sale of intoxicating liquors; another was that the taxes levied on automobiles should be used for the construction of permanent roads.

The Hon. B. F. Smith has lately appropriated to his own use part of this plank concerning the use of automobile taxes and the Legislature has since the adoption of the Opposition platform passed a Prohibition Act. That statute was therefore passed with the approval of both the Government and the Opposition. There is now nothing required to be done except the enforcing of the act, and we assure you that if elected we will not lend support to any measure tending to weaken its effect, and we will provide for its proper administration.

It will be impossible for us to see personally a very large number of the electors between now and election day. The government has decided to hold the present elections on the shortest possible notice and in the dead of winter, when the roads are blocked with snow and many of the men are away from their homes. There is only one explanation for this, namely, that the Government fears to have the light of public discussion thrown upon its nefarious transactions. Although we cannot see you all, we assure you that if elected we will devote our best energies to the best interests of the county and the province. We are

Yours very truly,

ELWOOD BURTT.

KINGSCLEAR.

Cold Weather, Lots of Snow, Pleasant Driving Party—Wood Hauling.

Kingsclear, Feb. 17.—We certainly have experienced some severe weather this winter. The young people of this vicinity, regardless of the cold, took advantage of a beautiful moonlight and held a small driving party at the home of Mr. H. W. Kilburn, where they spent a very pleasant evening, the host and hostess enjoying the visit very much.

The school here is under the care of Miss Clark, of Woodstock, this term.

Rev. Mr. McLeod, our minister, drove some fourteen miles over heavy roads and in rough weather, to hold services in this place.

Mrs. Irving Young, who has been spending a few weeks with her mother and other friends in Fredericton, has returned to her home in Hampstead.

Miss Jenny Clark, of Woodstock, is spending Saturday and Sunday with her sister at this place.

The people of this vicinity are busy hauling wood and also hauling hay from the islands. Mr. Charles Murray is having his hay pressed this week, Mr. Murray spent a few days with friends in St. John.

Mr. King, who has been working in Queens county on the railroad for several weeks, has returned home.

Mr. Goodine, who has been quite ill for some time, is much improved.

G. R. Kilburn paid a brief visit to St. John recently. On his way home he spent a couple of days at the home of his sister, Mrs. G. W. Usher, at Grand Bay.

THE QUESTION OF INTEREST.

For the fiscal year 1907, the last year of the old government, the amount paid for interest, as shown by the Auditor General's report, was **\$178,569.70.**

In the fiscal year ending October 31st, 1916, the interest charge, according to the Auditor General's statement, was **\$351,004.99.**

Increase in nine years under the present government, **\$172,435.29**, an average of **\$19,159.47** per year, or at the rate of **\$58 per day.**

What do the electors think of this record for a government which went into power solemnly pledged to give the country an economical administration of affairs?
