When You Can't Sleep

YOU SHOULD USE

MILBURN'S**HEART AND NERVE PILLS**

Sleeplessness is caused by the ner-
vous system becoming deranged.

Perhaps too much worry has gotten
on your nerves, perhaps you have over-
worked yourself, or have been exces-
sive in your use of tobacco, but what-
ever the cause, the nervous system
must be built up again before restful
sleep can be assured.

Those whose rest is broken into by
frightful dreams, nightmares, sinking
and smothering sensations, who wake
up in the morning as tired as they went
to bed, can have their old, peaceful, un-
disturbed, refreshing sleep back again
by using Milburn's Heart and Nerve
Pills.

Mrs. John Sloan, Haley Station, Ont.,
writes: "Over a year ago I was very
nervous. I could not sleep at night,
and I would faint at the slightest fright.
I tried several doctors, but they did me
practically no good. I noticed your
advertisement and immediately tried
Milburn's Heart and Nerve Pills, and
I am proud to say they cured me."

Milburn's Heart and Nerve Pills are
50c. a box or three for \$1.25, at all deal-
ers, or mailed direct on receipt of price
by The T. Milburn Co., Limited, Toron-
to, Ont.

WESTERN CANADA'S CROPS**Farmers Enabled to Pay The Original Cost of Their Land**

ONE outstanding fact in connection
with the wonderful crops that
have been harvested in Western
Canada is that the prices obtained for
the crops have in hundreds of cases
enabled farmers to pay the original
cost of their land. Many instances
have come to note of farmers who
bought their lands twelve months ago,
and with their first crop were enabled
to pay the whole cost of the land and
still have sufficient left to carry them
through the year until another crop.
Land that was bought for from \$15
to \$30 per acre has produced crops
worth from \$40 to \$75. The prevail-
ing high price of wheat particularly,
and other grains as well, has of course
been responsible for this to a great
extent.

When it is known that many farm-
ers produced an average of over 50
bushels of wheat to the acre it will be
easily understood how they made such
vast profits this year. These high
averages were not confined to any one
area but were reported from all over
Alberta and many parts of Saskatche-
wan. The yield of C. S. Noble of an
average of 54 bushels 23 pounds of
wheat to the acre for 1,000 acres is
doubtless a world's record for a tract
that large. Mr. Noble a few days ago
purchased another 2,000 acres a few
miles west of the city of Calgary,
and contemplates making it the
best stock farm in the West. He never
does things by halves and when
it is known that he expects to pur-
chase as well some of the best breed-
ing stock obtainable it will be seen
that the livestock industry of Alberta
will receive no little impetus from Mr.
Noble's entry into the business.

Stories are common of farmers who
have more than paid the original cost
of their land from the proceeds of this
year's crop. Many of the automobile
firms are unable to get sufficient cars
to supply the demand, as practically
every farmer is buying at least one of
the smaller cars and many of them are
purchasing the larger cars. One firm
in Calgary sold \$200,000 worth of cars
during one month of this year, which
was a record. Almost every small
town now has its garage where all re-
pairs can be made and new parts
bought. This and the general pros-
perity which it indicates, instigates
considerable building activities, and
carpenters and builders have been un-
able to keep up with the amount of

work ordered. A great many new ele-
vators are being built this year and
this of course has also had its effect
on the building trade.

An instance is given of one farmer
in the southern portion of Alberta who
paid \$3,800 for his farm last year. This
year he harvested 3,900 bushels of
wheat alone, and after his crop was
taken off he received an offer of \$5,000
for the farm, which he refused. He
also realized over \$1.50 per bushel for
his wheat, or \$2,000 more than the to-
tal cost of his farm.

Flax has been particularly good, one
man in Southern Alberta having a
yield of 37½ bushels per acre. This
is an exceptional yield, even in Al-
berta, but on the whole with flax
worth \$2.25 per bushel it can readily
be seen that it is an exceptionally pro-
fitable crop.

Yields of 50 bushels and over of
wheat were frequent, most of which
graded one northern or two northern,
and netted \$1.50 or over per bushel,
according to how early in the season
it was sold. Farmers who held until
late in the year have reaped the bene-
fit in considerably higher prices for
their grain than those who sold dur-
ing September or October.

Last year Western Canada crops
were even better. During 1915 and
1916 the rainfall was considerably
heavier than in average years, and
this fact has directed attention to the
irrigation districts of the province
where the same results can confidently
be expected every year. The Canadian
Pacific Railway Company, which has
developed about 800,000 acres of ir-
rigable land in Alberta, is very optimis-
tic as to the future of irrigation farm-
ing in that province.

The bank clearings, which are a
pretty good business barometer, have
increased in some cities as much as
100 per cent over those for the same
period last year, and all the western
cities and towns show big increases,
some of them exceeding all past re-
cord. On the whole, the Canadian
West is at present experiencing pros-
perity—prosperity of the solid kind,
that has a real foundation, and is not
merely the result of speculation or
borrowed capital. It is a prosperity
of the farmer, the backbone of the
country, and when the farmer is pros-
perous it is merely a matter of time
until the money reaches all classes in
turn.

Not So Wrong.

A Russian applicant for naturaliza-
tion papers was asked, "What is the
Constitution of the United States?"
"Rugged and healthy," he answered.
Of course, there is a laugh, but still he
said something.

Slants of Humor**Getting on Well.**

"Oh, yes, Irv," said Farmer Horn-
beak. "I'm getting on real well with
my new motor car. I have already
learned to remember not to paw
around for the whip when I want a lit-
tle more speed, and I seldom holler
'Haw!' or 'Gee!' when trying to turn
a corner. I reckon likely by the mid-
dle of next month I'll be about over
the habit of throwing a halter into the
machine before I start for town."

"Is marriage always heaven or hell?"
asks a syndicate writer. Well, lady,
some of 'em make it just a little pur-
gatory—sort of stopover between the
two.
