THE NEW GOVERNOR.

A despatch from Ottawa announces that Hon. Dr. Pugsley, former M.P. for St. John, has accepted the appointment of Lieutenant-Governor of New Brunswick in succession to Hon. G. W. Ganong, who died last week. While the withdrawal of so able and brilliant a parliamentarian from active political life at the present time will be a loss to Canada, his appointment as chief executive will be well received by all classes of the people of his native province. Hon. Dr. Pugsley has been in public life for more than thirty years, and has given splendid services to his province and to Canada. He has been Speaker of the Legislature, Premier and Attorney General of the province, and for four years he held the office of Minister of Public Works in the Federal cabinet. He is one of Canada's foremost legal practitioners and as a parliamentarian is without a peer. A man of genial and sympathetic disposition, he thoroughly understands conditions in New Brunswick and can be counted upon to worthily uphold the best traditions of the high office to which he has been called.

Hon. William Pugsley, K. C., D. C. L., was born at Sussex, Kings County, on September 27, 1850, and was educated at the common schools there. He graduated with an arts degree from the University of New Brunswick in 1868. He was a gold medalist in his junior year and during his course took several scholarships. He stood second in the Gilchrist scholarship competition in 1868. He was married on Jan. 6, 1876, to Fannie, daughter of the late Thomas Parks, of St. John. She died in May, 1914, and he was married a second time to Miss Gertrude Macdonald, of St. John, in 1915.

Hon. Mr. Pugsley was called to the bar of New Brunswick on June 27, 1872, and was reporter in the Supreme Court for ten years. In 1891 he was appointed a Q. C. by the Dominion government. While a young lawyer, he served as reporter of the Legislature and afterwards as reporter of the Supreme Court. He was first sent to the Legislature of New Brunswick in July, 1885, on the death of the sitting member for Kings, Dr. Vail, and he was re-elected and returned at the general elections of 1886 and 1890. He was Speaker of the House from March 3, 1887, to May, 1889, when he was sworn in as a member of the Executive Council and appointed Solicitor General. He resigned in 1892. At the federal election of 1896 he was an unsuccessful candidate for the House of Commons in the city of St. John. He was again elected to the Legislature in 1899 and accepted the office of Attorney General in the Tweedie ministry on Sept. 1, 1900. He was re-elected in Kings on Sept. 27, 1900, by a majority of 829 and was again returned in 1903. On the appointment of Hon. L. J. Tweedie to the office of Lieut. Governor of New Brunswick in February, 1907, he succeeded to the prime ministry. After the close of the legislative session he resigned the premiership and retired from the government to contest a vacant seat for the city and county of St. John in the House of Commons, rendered vacant by the death of Dr. A. A. Stockton, the sitting member, having received the unanimous nomination of the Liberal party. On August 29, 1907, he was sworn in as a member of the Privy Council of Canada and assumed the portfolio of Minister of Public Works in succession to the Hon. Chas. Hyman, resigned. He retained the office until the retirement of the Laurier administration on October 6, 1911, at the general election of 1911 having been returned for his present seat.

Hon. F. B. Carvell, M. P., struck the nail on the head pretty well in his speech at Hamilton when he said: "I tell you there are men in my province wearing the King's uniform who never left Canada, and who never intend to leave Canada, who are drawing enormous sums from the government in salaries and separation allowance, for which they give no adequate return. Some of these may be necessary, but their places could and should be taken by returned soldiers." The khaki-clad gentry holding down safety berths, em-

playing batmen at the public expense and drawing separation allowances, should begin to put their houses in order.

"Fighting Frank Carvell" seems to be making good as Minister of Public Works in the union cabinet. Since his acceptance of office he has delivered two addresses at political gatherings in Ontario and his plain-spoken utterances have elicited favorable comment from newspapers of all shades of politics. The new Minister of Public Works is a plain man of the people, and is undoubtedly a great source of strength to the union government.

Reforms in the Canadian military administration are demanded by Cecil Creelman, D. S. O., who is an independent candidate on the win-the-war platform in one of the divisions of Montreal. He is reported as saying that "our whole military system is permeated with politics and favoritism, and conditions were only temporarily improved when Sir Sam Hughes was forced out. They are worse now than ever before."

With Hon. F. B. Carvell as Minister of Public Works, and Hon. William Pugsley as Lieutenant Governor of New Brunswick, the people of this province must now realize that the Union government at Ottawa is a real one.

Through Our Sieve

The 5th of November.

Guy Fawkes' was only a bush league player.

Guy couldn't even get his picture on the front page these days.

There is a great deal more to remember now than the gunpowder plot.

Enthusiasm and blunders are inseparable.

Every land is a land of opportunity for somebody.

One way to avoid food waste is to keep a few hens.

High food prices should do their Christmas dropping early.

A man who has cold feet now hopes they are also flat.

Santa Claus already suggests Victory bonds for the boys and girls.

Apparently Cadorna was "prepared for everything" except a German drive.

What is your fortune, my pretty maid? Just look at the price of milk, she said.

The H. C. of L. has hit the pancake belt—and hitting below the belt, for buckwheat is now 3c. a lb.

Papatheodoroumoundurgiolomichalokoupoulos, of Chicago has bought a Liberty bond. Next gent!

If a woman can't blame her unhappiness on the man she has got, she can always blame it on the man she didn't get.

WANTS INVESTIGATION.

Toronto, Nov. 3. — "Investigate the sugar famine," demands the World, editorially today. "The government," the paper says, "should make an investigation and then take action. They might things about as surprising as they found in the bacon inquiry."

SUFFERED WITH NERVES COULD NOT KEEP QUIET.

Diseases of the nervous system are very common.

All the organs of the body may be sound while the nerve centres may be affected.

Many women become run down and worn out by household duties never ending, and sooner or later find themselves with their nerves shattered and the heart action weakened.

On the first sign of an uneasiness of either the heart or nerves, flagging energy or physical breakdown, do not wait until your case becomes hopeless.

Milburn's Heart and Nerve Pills will at once quieten the shaking nerves, strengthen the weak heart and build up the entire system.

Mrs. F. Bailey, 221 Earl St., Kingston, Ont., writes: "I was suffering very much with my nerves, so much so that I could not keep myself quiet at all. I was recommended to try Milburn's Heart and Nerve Pills so I bought three boxes, and I must say I have derived much benefit from them, so much so that my friends have all noticed the change in me."

Milburn's Heart and Nerve Pills are 50c per box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

SITUATION IN NORTHERN MAINE IS IMPROVING

Officially Reported by State Health Dept. as Quite Satisfactory—N. B. Authorities Active.

Dr. R. H. McGrath, secretary of the Provincial Board of Health, this morning received from Dr. Young of Augusta, Me., Director of the Division of Communicable Diseases, a letter stating that after four days' work in Fort field, during which a general and rapid vaccination was resorted to, he is able to announce that the smallpox outbreak there is under quite satisfactory control. Secondary cases may develop but they will be under the observation and control of an efficient local board of health. At Presque Isle according to Dr. Young, three cases had occurred but were under control at the time of writing.

In This Province In New Brunswick the situation is serious but the authorities believe they have it in hand. Watch is now being kept for secondary cases. At Burt's Corner one of the suspected cases is now considered to be smallpox although it is not yet officially reported. In Fredericton quarantine on two persons who had been in contact with the disease in Douglas will be lifted tomorrow and in a third case a few days later.

Precautions Taken. The Provincial Board of Health has issued a warning to all commercial men and travellers in general to avoid infected districts. Nurses and other attendants for smallpox cases are advertised for and advice to the public is given. It is probable that general vaccination will be resorted to if the situation does not improve. Mrs. Christianson of Marysville has gone to Burt's Corner as nurse.

FACE COVERED WITH PIMPLES ASHAMED TO GO OUT

Many an otherwise beautiful and attractive face is sadly marred by unsightly pimples, blotches, flesh worms and various other blood diseases.

Their presence is a source of embarrassment to those afflicted as well as pain and regret to their friends.

Many a cheek and brow cast in the mould of beauty have been sadly defaced, their attractiveness lost and their possessor rendered unhappy for years.

Why then, consent to rest under this cloud of embarrassment? There is an effectual remedy for all these defects.

It is Burdock Blood Bitters. This remedy will drive out all the impurities from the blood and leave the complexion healthy and clear.

Mrs. Katherine Henry, Port Sydney, Ont., writes: "Two years ago my face was so covered with pimples I was ashamed to go out at all. I tried several remedies, but they were of no use. At last a friend advised me to try Burdock Blood Bitters. I got a bottle, and by the time it was used I could see a difference. I then got two more, and when I had used them the pimples were completely gone. I can highly recommend B. B. B."

Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

A Coming Treat. "A Forest Travelogue," by Robson Black at the K. of P. hall Tuesday evening, November 6th, at 8 o'clock. Mr. Black has very flattering press notices from all over Canada where this lecture has been delivered and he has collected a beautiful set of colored lantern slides illustrating various types of forest and many varied woods industries, which will add to the interest of the lecture.

Mr. Walter Shaw of Woodstock, is in the city.

THE BRAT LOOKS GOOD

Everything points to a record attendance at the Opera House Tuesday evening, November 6th, when "The Brat" is to be presented. During this first trip out of New York, "The Brat" has been doing excellent business, far in advance of what was expected. The reason is easily seen when the names of the cast are read. Such names as Rea Martin, Morosco's own star, Leonora Ginito, Edna M. Holland, talented daughter of E. M. Holland, the late character actor so well known in America, Burt L. Robinson, who has just finished a splendid engagement with Julia Dean in "Marie Rose," Arthur Pacie-Ripple, who was last season in Klaw and Erlanger's "Pollyanna," Arthur La Rue and Agnes Lee are seldom seen in one cast.

The story of the play which is by Maude Fulton, tells of "the brat," a homeless waif, who is taken from the police court by a novelist, who is searching for material for his latest novel which is not progressing as rapidly as it should. He takes "the brat" to his home that he may study her closely. She upsets the prim and proper home by her peculiar ways but scatters sunshine about, and in reforming the younger brother, Stephen, who has fallen into a life of drunkenness, works out her own salvation. A life of promise lies before her as she leaves with Stephen for his ranch in Wyoming.
