A Five Power Naval Conference Will be Held Next January

Will Be Welcomed By the British Taxpayers as it Will Mean a Naval Holiday For Him—A Saving of Over Three Hundred Million Dollars Looked For Under the Washington Treaty.

(Special to THE DAILY MAIL by the British United Press.)

LONDON, October 5—The British taxpayer welcomes the fact that a five power naval conference will be called for next January.

For him it constitutes a "Naval Holiday", with a saving of at least \$320,000,000 to his pocket.

Under the Washington treaty, provision was made for the replacement of capital ships according to a strict schedule. The United States and Great Britain were empowered to lay down two thirty-five thousand ton battleships each in 1931 and two in each subsequent year up to 1939 inclusive, except that in 1933, 1935 and 1937 only one ship was to be started.

STOCKS HAD A BIG SLUMP IN MONTREAL

The Bottom Was Out of the Market For a Time Yesterday—Many Issues Suffered.

Montreal, Oct. 4—Millions of dollars were clipped from the market's valuation of its listings on the Montreal Stock Exchange today. In the morning session, it was estimated that more than \$5,000,000 had been washed from the Exchange's valuations, and later trading augmented that figure.

The leaders, whose capitalizations are large, suffered most by the slump, and in that way many more millions were added to the morning figure.

The decline was the most severe that has been witnessed on the local Exchange in several months. Factors which have made it possible for the local Exchange to maintain an attitude of strong resistance to declining trends on the foreign markets, were missing from today's trading.

Brazilian Traction and International Nickel, which have maintained undisputed leadership of the Montreal Stock Exchange, were down at the close, although both put up a stubborn fight against the general liquidation. Brazilian showed a net loss of \$2.25 on the session. Nickel on the other hand, moved to the lowest level at which it has sold since the August slump. The issue closed at \$50, its low point, where it was down \$2.25.

Among other issues to suffer were Dominion Bridge, down \$1.50; Montreal Power, \$2.75; Canada Car, \$4.25; Winnipeg Electric, \$5.25; Quebec Power Company, \$2.50, and National Steel Car, \$3.

The game is being played on the Moncton gridiron. Locally, the Inter-scholastic league comes into its own with all its older brothers away, and Rothesay and Fredericton High, the old rivals will battle it out before the home fans.

PRISON RIOT IN COLORADO WAS SERIOUS

Twelve Lives Snuffed Out and Property Loss Estimated at \$300,000.

Canon City, Oct. 4—With the debris of a prison mutiny which cost 12 lives and property damage estimated at \$300,000, barely cleared away, officials of the prison tonight turned their efforts into two channels, investigation and reconstruction.

Warden F. E. Crawford announced that a comprehensive investigation into the causes of the riot would be launched immediately. He is waiting to confer with Governor Adams, who was due in Canon City tonight from Denver.

At the same time, he announced that convicts at the penitentiary will be set to work immediately to rebuilding cell houses No 1 and 2, which were destroyed by flames during the riot as well as the main dining hall and the chapel, which were likewise burned.

Because all the convicts will be employed at this work, construction of a new cell house, authorized by the last session of the Legislature, will be delayed.

Housed in Tents

Meanwhile, strict disciplinary measures were placed in force pending resumption of regular prison routine. This afternoon National Guard tents were pitched in the prison yard within the walls. These tents will house a majority of the convicts in the prison until the cell houses can be rebuilt.

The riot, which snuffed itself out early this morning when the five ring-leaders either ended their own lives or were shot to death by Danny Daniels, the moving spirit in the mutiny, who then took his own life, was the worst in the history of the Colorado penitentiary and one of the bloodiest in the history of the country.

The death toll stood at 12, seven guards and five convicts with nearly as many injured, some of whom may die.

Guard Insane

One of the guards, Marvin Duncan, was under close guard in a hospital. He is believed to have lost his mind as the result of a night terror spent in cell house No 3 in company with the mutinous convicts. He saw two other unarmed guards shot to death and their bodies tossed out a window. He saw two others, bound hand and foot, shot to death against a wall and permitted to lie where they fell.

Was Next On List

Ad he heard Danny Daniels, official executioner for the revolting convicts, send a message to the Warden that Duncan would be the next to die. The guards were killed in an effort by the convicts to compel prison authorities to comply with their demand for three automobiles and unmolested freedom.

N. B. DAIRY CATTLE WON HONORS IN U.S.

The McCarthy Herd of Holsteins Carried Off Prizes at Worcester, Mass.—Will Show at Brockton Fair.

New Brunswick dairy cattle have been winning honors in an entirely new field, the Provincial Department of Agriculture having received word of outstanding successes won by the Holsteins from M. L. McCarthy's Lonsdale Farm at Sussex in competitions at the New England Fair at Worcester, Mass.

Exhibiting in what was declared to be the best show of Holsteins east of the Mississippi in the United States this year, there being 10 exhibitors and 116 head shown, the New Brunswick Holsteins were the largest winners in the show. Awards captured by the Lonsdale Farm Holsteins were 6 firsts, 3 seconds, 1 third, 4 fourths, Junior Champion Male, Junior Champion Female, Reserve Grand Champion Male and Reserve Senior and Reserve Grand Champion Female. There were 14 classes and as Lonsdale Farm had no entries in two of them the New Brunswick cattle therefore won 50 per cent of the firsts they showed for and left only eight firsts to be divided among the other nine exhibitors of Holsteins.

A Great Campaign.

Mr. McCarthy's cattle have made a remarkable campaign of the exhibitions this year, having cleaned up a majority of awards in the Prairie Provinces and right through Canada back to New Brunswick before invading the New England States.

Writing of the show at Worcester to Harvey Mitchell, Deputy Minister of Agriculture, Mr. McCarthy says: "Our cattle arrived there Monday noon and were judged on the following day starting at 9 o'clock. Considering the short time we had to get washed and get fixed up we did very well, but if we had had another day to rest the cattle I feel sure we could have done a little better. Although having only thirteen head we were the largest winners in the Holsteins and I feel that the cattle did very well considering everything. I hope to have as good if not a better report about the Brockton show".

Mrs. Kenneth Chestnut and daughter Helen, who spent the summer here with her mother, Mrs. A. W. Edgecombe, left for Petersburg, Va., last night.
