

SALMON ARE NOW PASSING UP THE NASHWAAK

Waste Gate at Marysville Dam Has Been Closed on Orders from Ottawa — Reports of Poaching Operations Have Reached the City.

It is now reported that a number of salmon have recently negotiated the fishway in the Nashwaak River at Marysville and have poured on up the stream. Quite recently the waste gate of the dam was closed by the local fishery officers, upon their instructions received from Deputy Minister Found, of Ottawa and this action has made it easier for the ascending fish to from the entrance to the fishway. Once they enter the lower bucket of the fishway, it would not be a difficult matter for them to work their way through to the water above the dam.

Poaching Reports

With the passage of the fish up the river comes reports of poaching operations. The water is very low for the time of the year, and it is said that the fish can be plainly seen in some of the pools. According to reports the temptation to lift some of them out of the water has been too great for some of the natives to resist and a number of fish have been illegally caught. Yesterday a woman, who lives near the river below the town of Marysville, was in the city trying to purchase a salmon net. At several stores, which she visited she was told that the netting season for salmon was over for this year, and that the stock of nets had been sold out. It is not believed that she was successful in obtaining a net.

The salmon passing up the Nashwaak are heavy with spawn or milt, and the catching of them at the present time is not only a violation of the law, but a great waste. The fishery officers should at once see to it that a stop is put to the poaching operations.

INFORMATION IN GIBBS CASE WAS DISMISSED

Liquor Returned by Decision of Police Magistrate — Case Concluded This Morning — Brings up Important Point to be Settled in Liquor Act.

The Provincial Government will have to interpose some new clause into the Intoxicating Liquor Act, if it would have a man convicted of having in his private dwelling an unlimited quantity of government liquor. This much was brought out this morning when the case against Douglas Gibbs, local man, was dismissed by the Police Magistrate and the seized liquor amounting to about \$250 worth, was ordered returned to the accused.

The charge against Gibbs was of keeping liquor for sale at his private dwelling, where government stuff to the amount of \$225 was seized some time ago by Provincial Police officers. The case was heard on Wednesday the 16th in the local court at which time four witnesses for the crown were heard. C. L. Dougherty conducted the prosecution while P. J. Hughes

U. F. DITEMAN NOW ON WAY ACROSS OCEAN

Drake Story "Impromptu Lie" According to Daring Aviator Who is Making History in Flight Across the Atlantic From Harbor Grace, Nfld.

More than usually interesting is the attempted flight across the Atlantic Ocean of Urban F. Ditemma, Jr., of Billings, Mont., who flew here some time ago on the first leg of his proposed trip to London from Harbor Grace, Newfoundland, in his light Barling monoplane. For it was really and truly a mystery flight. It fooled everyone; for Diteman left the impression with everyone that his flight was for the intention of looking up records of family and attempt to trace the lineage of his family to the famous Drake name, so as to lay claim to some of the Drake millions which are now thought to be in England. These records, the intrepid airman said, in an interview with a Mail reporter while here, were some where in the Province and Newfoundland.

Was Surprise.
