BEST BARRED ROCK HENS IN AMERICA NOW PRODUCED IN THE COUNTY OF CHARLOTTE

Moore's Mills, Charlotte County, Oct. 1—"The best strain of barred Plymouth Rock poultry in North America is being bred now in New Brunswick, and it is my belief that Charlotte County can be made the greatest district for the production of this strain," declared C. F. Bailey, superintendent of the Dominion Experimental Farm at Fredericton, addressing a gathering of members of Union Jack and Enterprise Women's Institutes, and of the St. Stephen-Milltown Rotary Club, as well as a number of guests in the boys' club camp here this evening.

The occasion was a dinner given by the institutes' members to the Rotary Club as a return courtesy for their having taken the women of Charlotte County on a visit to the Experimental Farm last summer. More than 200 people were present and a most enjoyable evening was spent.

At The Head Table

Amongst those seated at the head table were Mr. and Mrs. Bailey, Mrs. Theodore McMorran, president of Union Jack Institute, Oak Hill; Mrs. Alden Davidson, president of Enterprise Institute, Levesville; H. McLellan Balkam, president of the St. Stephen-Milltown Rotary Club, and A. M. Belding and F. X. Jennings, of the Telegraph-Journal and The Evening Times-Globe, Saint John. Mrs. Raymond Sawyer acted as toastmaster.

After the toast to the King was honored, Mr. Bailey was called upon. He thanked the ladies for their hospitality and complimented them upon the work which they were carrying out. He declared that no party which ever visited the Experimental Farm showed keener interest than did the party of Charlotte County women who came last summer. He also complimented the St. Stephen-Milltown Rotary Club for their co-operation with the farmers and their efforts toward better rural-urban relations.

Essay Competition

Mr. Bailey said that a number of essays written by the women on their impressions of their visit to the Experimental Farm had been handed to M. A. McLeod, editor of The Maritime Farmer, for judging, and that prizes of pure bred pigs, cockerels and other live stock would be awarded soon.

New Brunswick was now developing the best strain of barred Plymouth Rocks in New Brunswick, Mr. Bailey said, and he referred to the fact that one of the hens entered in the last egg-laying contest had laid 332 eggs in 365 days, only one egg less than the world record, but when the size of the eggs were taken into consideration also, this New Brunswick hen was a world record holder.

Best Breeder

The speaker declared that the owner of this hen, A. T. Reid, of Rollingdam, Charlotte County, was, in his opinion, the most constructive breeder of barred Rocks in America. He felt that Charlotte County could become one of the greatest barred rock districts in North America, and he urged the women's institutes to assist in bringing this about.

Mr. Balkam, Mr. Jennings and Mr. Belding also spoke briefly. Mr. Belding congratulated the women's institutes on their work throughout New Brunswick. He declared that there was a new spirit evident in the Maritimes and he felt that the people of Charlotte County were doing a large share in contributing to the general prosperity. He referred to the excellent work which was being done by the St. Stephen-Milltown Rotary Club in developing a better relationship between the farmers, the city and town people, an announced that the Saint John Rotary Club also was taking up similar work.

After dinner, which was excellently prepared and served, a number of stunts arranged by the women were greatly enjoyed. A delightful program of chorus singing also was carried out.

CITY FATHERS HAD MEETING LAST EVENING

(Continued from page eight)

\$2,000 below that of last year. At a meeting of the Roads and Streets Committee, it was authorized to widen the streets on the block between York and Carleton streets, in accord with the request made last month, at which time the Council promised some consideration of the matter. Following is the auditor's report for the month of September:

IS HOME OF TYPIST CHAMPS

Toronto, Oct. 2—Paterson, N. J., is the home town of the three best typists in the world. George Hossfield became world's champion for the second time with an average of 135 words a minute. Albert Tangora was second and Barney Stapert took third place.

LOCAL YOUNG PEOPLE WERE WEDDED TODAY

(Continued from page eight)

bride and groom gathered outside the church to offer congratulations and best wishes for happiness.

Miss Everett played the wedding march as the bridal procession wended its way down the aisle of the church, while Miss Annie Sypher sang "O Promise Me" as the register was being signed. The gifts received by the bride were numerous and lovely.

There was no reception following the ceremony and the happy couple left immediately by motor en route to Boston and New York and other American cities in the east. Upon their return they will reside in this city, where the groom is engaged with his father, Stanley Douglass. Both young people are graduates of the Fredericton High School and are very well known and popular.

York County Court.

The October term of the York County Court opened yesterday and was completed with two actions being disposed of by the court. Judge Slipp presided. The first was a jury case, that of F. B. Edgecombe vs R. Bruce McFarlane, an action for rent of premises in King Street used a year ago by the defendant as a billiard parlor. A verdict was brought in favor of the plaintiff for the sum of \$45.20. Judge Slipp heard evidence in the appeal case of the King, on the information of James Fraser vs Chester Urquhart of Covered Bridge. The appeal was upheld. The case originally was heard in the local police court before Magistrate Limerick and has to do with a conviction entered for operating a motor vehicle while under the influence of liquor. Court adjourned sine die. Other cases, non jury, will be taken up later in the month.

Women are braver than men. Some of them are letting their bobs grow. We don't believe we ever personally knew a poet over 20 years old who used the word "methinks" in one of his pieces.

STOCKS RECORDED A SLIGHT BULGE TODAY IN N. Y. AND MONTREAL

Call Money today was nine per cent and there was a slight upward movement in both Montreal and New York. C. P. R. sold at 219½, Tel. & Tel. at 292½, Radio at 91 and U. S. Steel at 224½.

On the Montreal Exchange, Brazilian was active at 72½, Nickel at 57, Montreal Power at 170 and Shawigan at 102½.

A DEEP SEA DEVILFISH GETS PREY BY LAMP

Auckland, N. Z., Oct. 2—A deep-sea devil was one of the strange catches made at a depth of nearly 8,000 feet off the New Zealand coast by Danish scientists recently, according to R. A. Falla, who accompanied the expedition.

A strange thing about the creature is a long feeler above its head holding a lamp. By generating its own light for this it attracts fish from higher levels which become easy prey to the great jaws.

Another species of deep-sea devil has a long feeler with hook on the end and a light at a joint, and it not only attracts its prey but hooks it as well.

Wedded Today.

The George Street Baptist church was the scene of a very pretty wedding today at noon, when Miss Eva Nichols daughter of Mr. and Mrs. Edmund Nichols of Lower Pokiak, became the bride of Mr. Roy Cunningham, son of John Cunningham, of Hanwell Road. Rev. Merle H. Mason, pastor, performed the ceremony.

When patriotism is completely commercialized there won't be any.

Fredericton Vocational Committee's Evening Vocational Classes will open THURSDAY EVENING, October 3rd, in New High School

The following courses are offered:

BOOKKEEPING—Mr. H. W. McFee.
TYPING—Miss Marion Ryan.
SHORTHAND—Miss Louise Bailey.
FIRST AID AND HOME NURSING—Miss K. M. Stewart.
MILLINERY—Miss Lyla Young.
CLOTHING—Unit I, Miss Cecil Gallagher; Unit II, Mrs. Gladys Miller; Unit III, Mrs. Bessie Pugh.
COOKERY—Mrs. K. C. Bishop.
GENERAL EDUCATION—I, Miss Mildred Haines; II, Miss A. Pearle Ross.
MOTOR MECHANICS—Mr. H. J. Mawhinney.
FRENCH—Unit I, Unit II, Mrs. J. L. Neville.
BLUE PRINT READING AND MECHANICAL DRAWING—Mr. E. V. Bell.
CHEMISTRY—Mr. O. V. B. Miller.
ELECTRICAL COURSE—F. H. Wetmore.

The office of Mr. R. D. Hanson, secretary Fredericton School Board, in the new High School building, will be open on Tuesday and Wednesday evening, October 1st and 2nd, from 7.30 to 9.30 for those who wish to register. For further information apply to Mr. B. B. Barnes or Mr. R. D. Hanson. A fee of two dollars is required for all classes, except French, for which it is three dollars. No refunds. Certificates will be given to those completing two terms' work satisfactorily.
