

PLANS FOR THE  
NORMAL SCHOOL  
ARE APPROVED

Specifications Are to Be  
Drawn up and Tenders  
for the Construction of a New Building  
to be Invited.

Plans for the proposed new Provincial Normal School, to be erected on the site of the old structure in Fredericton, recently destroyed by fire, were submitted and accepted last night by the Provincial Government at a meeting of that body in the Provincial Government building at St. John.

Hon. Dr. J. B. M. Baxter, K. C., L. L. D., Premier of the Province, stated following the meeting, that the architect's plans were thoroughly discussed and met with the final approval of the Government.

Specifications will be drawn up in the near future preparatory to the acceptance of tenders. The new structure will be of modern design and thoroughly up-to-date in appearance and equipment. Work on the specifications will be undertaken and speeded up at once, in anticipation of erecting the building as soon as possible.

The architects are H. Clair Mott, of St. John, and William Minue, of this city. It is intended to have the new building ready for use at the opening of the 1930 term.
