CANADA HAS AN AMPLE SUPPLY OF GOLD FOR ALL HER NEEDS, FINANCE DEPARTMENT REPORT

Ottawa, July 15.—Dominion notes in circulation on June 30 totalled approximately \$210,000,000. Of this total \$105,262,826 was issued against gold deposits of \$58,931,581. Another \$88,000,000 has been supplied to the banks against approved securities such as government bonds and another \$16,000,000 against Grand Trunk Pacific and Canadian Northern Railways bonds under authority of the Dominion Notes Act.

The circulation and species report of the Department of Finance for the end of June was made public today.

The fact that during recent months these banks have drawn such large amounts of Dominion notes against securities instead of gold has caused considerable comment throughout the country, but officers of the department express themselves as quite satisfied with the situation. There is lots of gold for anyone who wants it in the form of Dominion notes. In fact the demand

for gold instead of paper currency is very limited.

The circulation report has a number of strange items. For example there are \$27,622.83 worth of provincial notes still out. These were notes issued by the province of Nova Scotia, New Brunswick, Upper and Lower Canada before Confederation. They will probably never be returned. There is a steady demand for 25-cent notes "shin plasters" from the mail order houses, and the total 'now out' is \$1,372,697.

Last Bank Closed

In addition to the gold held against Dominion notes, the Government holds \$2,713,644 as a protection against post office savings departments. In former years there were Dominion government saving banks, as well as inheritance from before Confederation, but the last one in Saint John has now been closed after having been in existence since 1824.

FIRE CHIEFS ARE MEETING AT MONCTON

Fire Marshall McLellan Condemns Improper Storing of X-Ray Films in Hospitals.

Moncton, July 15.—Matters pertaining to the best methods of fire fighting and the latest ideas in fire fighting equipment featured the discussion at the opening day's session of the Maritime fire chief's convention here today. Speeches by Fire Marshal H. H. McLellan, of New Brunswick; Fire Marshal J. A. Rudland, of Nova Scotia ex-Chief George Ackman, Moncton; Captain T. A. Armour, Saint John; Chief Mersereau, Sydney, N. S.; Chief Ryder, St. Stephen; ex-Chief Forbes Truro; Chief Gowe Bridgewater; District Chief Robert G. Carson, Saint John, and Chief Oliver, Lunenburg, took up the afternoon session, which was presided over by Chief Walter S. Vaughan, Saint John, president of the Maritime Fire Chief's Association. Captain K. J. MacRae Saint John, was present as secretary.

In opening the session, Chief Vaughan expressed his pleasure at seeing so many Maritime fire chief present and then introduced Fire Marshal McLellan. Fire Marshal McLellan said it was a pleasure for him to report that the fire losses in New Brunswick during the last year had dropped considerably. "One thing we must combat," he said, "is the improper storing of X-ray films in their hospitals in the province. Owing to the recent disaster across the line (Cleveland), the fire authorities in this province are taking active measures to prevent an occurrence of such a disaster here. The use of films, unless properly stored, should be discontinued. Another film is now in use which is no more dangerous than the roll of brown paper used by your grocers, and we strongly advise the use of this film."

MORE POLICEMEN

Warsaw, July 15.—Women police, introduced as an experiment in 1925, have proved so efficient that the Polish government is training sixty more women for the service.

Bright Girl Campers.

Miss Phyllis Wilby aged thirteen and Miss Ruth Currie, aged twelve, have returned home after a pleasant week spent camping out at the Harrt's Island pool. While there they served supper to several visiting anglers including Ex-Governor Morrow of Kentucky and Mr. W. S. Cram, treasurer of the Bangor and Aroostook Railway and his daughter. The Ex-Governor of Kentucky was much pleased with the service rendered and advised the girls to study and enter politics when they grew up. Mr. Cram also complimented the girls on their efficiency as hostesses and presented each with a nice box of chocolates.

Had Pleasant Trip.

Mrs. C. K. Palmer last evening received a telegram from her daughter Mrs. G. T. Cartenhour, announcing the safe arrival of herself and husband at Georgetown, Kentucky, after a motor trip from New York. She reported that they had travelled over paved highways and a distance. They were experiencing beautiful weather and were picking plums and peaches right off the trees. Mr. and Mrs. Cartenhour will visit his relatives in Kentucky for several weeks and will then make out by car for this city.

Fire Bell Creates Uproar

Pedestrians, who drifted to and from Queen Street, last night were startled by the persistent clang out of a gong attached to the side of the Liquor Control Board Buildings. A crowd quickly gathered and speculation was rife as to the probable cause of the disturbance. Some thought it was a burglar alarm, others an advertising stunt designed to interest an indifferent public in the neglected alcohol. Investigation, however, reveals, that a defect in the mechanism of the fire bell was the sole cause of the uproar.

Car Ran Away.

An auto belonging to Rev. D. K. Grant, prohibition inspector for Nova Scotia, which had been left parked in front of the police station at Halifax on Saturday afternoon, broke loose and ran away. It dashed down the street striking a colored man, breaking his foot and then smashed into a shoe store. Mr. Grant thinks that the car was set in motion deliberately.

Jaw Broken

Mr. R. J. Phillips, of Geary, who had been in charge of road construction work for his district, was brought to Victoria Public Hospital yesterday, having sustained a broken jaw, when a rock hurled by a blasting charge struck him in the face.
