Monoxide Gas Takes Two Members of Crew Of a U.S. Battleship

Lieuts. Hollenbeck and Thomas G. Webber of New York the Victims—Seven Others Were Overcome by the Fumes Last Night During an Inspection at Norfolk, Va.

(Special to THE DAILY MAIL by the British United Press.)

NORFOLK, VA., November 15—Carbon monoxide gas in the bottom of the battleship New York was blamed by officials here today for the death of Lieut. C. Robert Hollenbeck of Chicago and boatswains mate Thomas George Webber of New York.

The two men were killed and seven others were overcome by the fumes last night during an inspection. An official investigation is to be made to determine why the fumes were not blown out of the boat before the inspection started. Webber lost his life undertaking to rescue Hollenbeck. The seven members of the crew overcome by the fumes were reported doing well at the Navy Yard hospital today. All are expected to recover.

WINTER FAIR AT AMHERST BIG SUCCESS

All Attendance Records Were Broken—Hoyt Station Calf Club Won Honors.

Amherst, Nov. 14—All previous attendance records for the Maritime Winter Fair here have been eclipsed this year. At no time in the past history of the fair have the night performances in the arena and the fair in general been so well attended. According to statements made by officials today, the admissions on Tuesday equalled the total attendance of the previous year with the Wednesday and Thursday figures used to swell the grand total. Today was children's day, and during the afternoon thousands of youngsters were in the building enjoying the vaudeville show and various other features.

It was also boys' and girls' day for the members of the different Maritime young people's livestock clubs were entertained at the annual banquet, when cups were presented to the winners and a series of addresses made. In the dairy cattle judging competition, the Hoyt-Wirral (N. B.) club, represented by Cedric Kirkpatrick and Graham Patterson, won, while Gordon Campbell and Henry Stewart, of the Stewiacke club, won the Nova Scotia award with Mary McEachern and Charlotte McKay, of the Argyle Shore Calf club taking the Prince Edward Island prize. These three teams won the much desired trip to the Royal Winter Fair at Toronto. Accompanying them will be Mervin Wills and Donald Coulter, of the Wallace Bay Swine Club, Margaret Scott and J. Nilsson, of the Sussex Swine club, and Marjorie Harper and May Prosser, of Prince Edward Island.

N. S. Sanford, of the Amherst Board of Trade, delivered a short address to the boys and girls. N. S. Arkell, of the Dominion Livestock branch, Ottawa, made a fine address at the same banquet in which he referred to the value of competition in bringing forth the best effort in any individual. He intimated that the boys' and girls' clubs in the Maritimes had in part been responsible for the change of spirit that was now focussing the attention of the rest of the Dominion upon the east. Following the banquet, the boys

PREMIER KING TO CUT SHORT WESTERN TOUR

Vancouver, B. C., Nov. 14—Instead of paying a visit to the Kootenay district of British Columbia and inspecting the plant of the Consolidated Mining and Smelting Company at Trail over the week-end as planned, Premier Mackenzie King will leave Vancouver Saturday morning and proceed direct to Calgary.

The death of Hon. J. A. Robb has interfered with the Premier's plans and he will return to Ottawa several days sooner than expected, but will deliver scheduled addresses on the prairies en route.

The Premier reached Vancouver from Victoria this evening and addressed the Vancouver Board of Trade. On Friday evening the Premier will address a mass meeting here.

C. N. R. WILL OBSERVE FISH WEEK ON TRAINS

(Special to THE DAILY MAIL)

Moncton, N. B. Nov. 15—Canada's National Fish Week, which is being observed this year from November 22nd. to 29th., will be observed in the hotels and dining cars of the Canadian National Railways in special manner, not only will the chef feature fish dishes of every kind but each traveller on taking his seat at a dining car table during this week will be handed a menu with the title "National Fish Week," on which the days specials will be printed. At the bottom of the menu is the slogan "Eat More Fish."

TWO KILLED BY AN EXPLOSION

(Special Cable to THE DAILY MAIL by the British United Press.)

Auckland, N. S. W., Nov. 15—An explosion in the London Colliery on South Island today killed two men, seriously injured one other and trapped 25 miners.

and girls were entertained at the Empress Theatre by the Amherst Board of Trade.

V. C. HOLDERS GUESTS OF A C. N. R. OFFICIAL

(Special to THE DAILY MAIL)

London, Eng., Nov. 15—The Canadian holders of the Victoria Cross, who came to London to attend the Prince of Wales Dinner, attended a luncheon given yesterday by the Canadian Chamber of Commerce of Great Britain. They were the guests of C. J. Smith, European Vice-President of the Canadian National Railways and second Vice-President of the Chamber. Happy references to the presence of the men, who brought glory to themselves and Canada were made by Thomas Jellicoe and Lieut. Rt. Hon. Lord Herbert Scott, President of the London Chamber of Commerce.

Despite what Barnum said suckers are not born—they're made.

CHARLES A. SAMPSON, AN AGED AND ESTEEMED CITIZEN PASSES TO HIS HEAVENLY REWARD

His Long Illness Terminated Fatally at an Early Hour Today—His Career an Interesting One—Operated an Express Service in Pre-Confederation Days—Was 43 Years Secretary of the City School Board—His Other Activities.

Charles A. Sampson, one of the oldest and most beloved citizens of Fredericton is no more. Following an illness of three months brought on by a heart attack he passed peacefully away at his home in St. John street this morning. While the news of his passing to the great beyond did not come as a surprise it was received on all sides with expressions of great regret. The late Mr. Sampson was one of Fredericton's oldest and best known and most beloved citizens and will be greatly missed in the community. For over sixty years he was an active worker in the Methodist Church (now the Wilnot United Church) for forty-three years he served as secretary of the Fredericton School Board and for forty years was secretary of the Victoria Public Hospital Board, holding this latter office up to the time of his death. He also for many years filled the office of secretary of the Canadian Bible Society. He was the oldest Oddfellow in the Maritime provinces having joined Victoria Lodge of this city in 1873.

Funeral on Monday

The funeral will take place on Monday afternoon at two o'clock, from the homestead 124 St. John street. The body will be taken to the Wilnot United Church, where the pastor Rev. F. H. Holmes will conduct the services, beginning at 2.30 o'clock. Interment will be made in the Rural cemetery.

Sketch of His Career

The late Mr. Sampson was born at St. Andrew's on February 18, 1840 and was therefore in his 90th year. He removed to Fredericton when quite young and attended the old old Baptist Seminary where he rounded out his education. Later on he entered the Royal Gazette office as an apprentice under the late John Simpson the first mayor of the city. A good printer was undoubtedly lost to the province when Mr. Sampson, after a few months experience at the trade abandoned it to enter the express business, which

U.S. SECRETARY OF WAR IS IN CRITICAL STATE

Hon. J. W. Good a Patient in Hospital at Washington, D. C.

IS RESTING
EASILY TODAY

His Condition Will Remain Dangerous Another 24 Hours.

(Special to THE DAILY MAIL by the British United Press.)

Washington, D. C., Nov. 15—Secretary of War James W. Good remained in a critical condition at the Walter Reid Hospital here early today. Although no official bulletin was issued after midnight attending physicians indicated he was resting satisfactorily. His condition is expected to remain dangerous for at least another twenty hours, they said.

Styles are undoubtedly changing. The prediction about the lengthening of skirts are growing longer.

The little province of Prince Edward Island is now in the "I'm alone" class on the prohibition question.

The Roumanian Cabinet to Have Drastic Shakeup

Reconstruction to Take Place Next Year According to an Announcement by the Premier Following a Council Meeting—Several Portfolios to Be Abolished.

(Special to THE DAILY MAIL by the British United Press.)

BUCHAREST, ROUMANIA, November 15—Plans for reconstruction of the Roumanian cabinet next year were announced today by the government after Premier Julius Maniu had presided at a council meeting. The portfolios of four annexed ministers will be abolished and a minister of provincial administration will be appointed. Minister of Industry, Virgil Madgearu, will become Minister of Finance. Various portfolios will be amalgamated, reducing the cabinet from fourteen to seven members.

A Fatal Explosion.

Constantinople, November 15—An explosion in a coal mine near Zonguldak on the Black Sea coast of a nation today killed eleven men and injured four others. The explosion was due to black damp.

ON THE TRAIL OF WOMAN WHO DESERTED CHILD

Provincial police believe they have learned the identity of the mother who deserted her seven-day-old girl infant on the steps of the Roman Catholic Church at Blackville, Northumberland county, on November 5, it was disclosed here yesterday by Commissioner E. C. P. Salt.

An investigation carried on by Sergeant B. G. Peters brought to light the fact that a woman who gave her name as Mrs. Charles Foley, of Campbellton, gave birth to a child at the Miramichi hospital, Newcastle, on October 28. A piece of adhesive tape bearing the name, "Mrs. Charles Foley," was found on the infant's back.

When the woman entered the hospital she was accompanied by a thickest man about 45 years of age, slightly bald, who said he was her husband. Hospital officials describe her as a tall, dark woman, probably French, speaking good English, and in her late twenties.

Captain Salt requests that any persons with information regarding the child's parents communicate with the provincial police immediately. Meanwhile the infant is in the municipal home at Chatham.

Perhaps it is lucky that no celebrity was paraded last week through downtown New York: Someone would have hurled the ticker out along with the tape.

had held the office of Grand Master for the Maritime provinces and on several occasions was chosen as grand representative. In August last he attended the Grand Lodge meeting at Sydney, N. S. and took an active part in the proceedings. It was upon his return home that he was stricken with the illness which resulted in his death. Mr. Sampson is survived by one daughter, Miss Albrighton Sampson, who made her home with him, and by one brother, William, living at Burlington, N. J. His wife, who was a daughter of the late George Hatt of this city, predeceased him by a number of years. Mr. Sampson early last spring paid a visit to his brother at Burlington, N. J.

BUSY TIMES IN NORTHERN NEW BRUNSWICK

The First Newsprint Mill in Maritimes Will Be in Operation This Winter.

(The Gloucester Northern Light)

Every available man in and around Bathurst was employed last week unloading two large steamer loads of ground wood pulp which docked Wednesday afternoon. The first was the Mont Louis from Clarke City, Quebec, which was moored at the East Bathurst dock. This cargo comprising about twenty-five hundred tons required six days to unload. Numerous teams and motor trucks made a busy scene hauling from the ship's side to the pulp mill. When finished discharging the Mont Louis left for Cross Point to load pulpwood for the Madawaska Corporation for Three Rivers.

At West Bathurst the steamship Cabot Tower was also discharging ground wood pulp for the Bathurst Power and Paper Company, Limited. This cargo came from Sheet Harbor, N. S. The Cabot Tower unloaded a similar cargo here about a month ago. Three other cargoes are expected before the close of navigation this season. This additional supply of ground wood is to assure continuous operation of the two newsprint machines in the Bathurst mill during the coming winter.

FLOOD MENACE STILL EXISTS IN ALABAMA

(Special to THE DAILY MAIL by the British United Press.)

Birmingham, Ala., Nov. 15—A serious flood menace existed in sections of Alabama today with several hundred families marooned, rivers rising and transportation blocked. Rescue crews near here were attempting to reach men, women and children, who had taken refuge on higher ground after being driven from their homes.

H. O. Miller of Moncton is in the city today.
