MESSAGE TO YOUNG MEN.

"After a long life I shall remind you that already many problems rise before you; problems of race division, problems of creed differences, problems of economic conflict, problems of national duty and national aspiration. Let me tell you that for the solution of these problems you have a safe guide, an unfailing light, if you remember that faith is better than doubt, and love is better than hate.

"Banish doubt and hate from your life. Let your souls be ever open to the strong promptings of faith and the gentle influence of brotherly love. Be adamant against the haughty; be gentle and kind to the weak. Let your aim and your purpose, in good report or in ill, in victory or in defeat, be so to live, so to strive, so to serve as to do your part to raise the standard of life to higher and better spheres."—Sir Wilfrid Laurier at London, Ont.

THE FIGHT IN DORCHESTER.

The grafters and the grafter newspapers, seeing danger to their party in the by-election campaign now being waged in Dorchester, P. Q., have started in to raise the loyalty cry against the Liberals. They worked the same old game during the election of 1911, and had the hearty co-operation of the Nationalists of Quebec. One of the most fiery and outspoken of the leaders of the Nationalist group was the Hon. Albert Seigny, who is now seeking re-election in Dorchester county after having accepted the portfolio of Postmaster General in the Borden cabinet. Hon. Mr. Seigny now classifies himself as a straight Conservative, but the beautiful sentiments which he gave expression to during the campaign of 1911 have not been forgotten. Speaking on one occasion, he said:

"The Laurier cabinet is a cabinet of Imperialists, disposed to sacrifice the interests of Canada and to launch us into wars which do not concern us. What has England ever done for us? She has no need of our aid. She is strong enough to defend herself. You should protest against the idea of aiding England in her wars. If you do not protest you will certainly have conscription."

Again, at St. Flavie, in July, 1911, he declared:

"Today they would give us a navy which would serve only the interests of England. When they speak of war with Germany, with Russia, or perhaps with France, they would seem to make Canada, which has always been happy and peaceful, furnish canons and war vessels to make war on these big countries."

Up to the present time Hon. Mr. Seigny has not repudiated these sentiments. Still he is considered loyal and patriotic enough to hold an important portfolio in the ultra-Imperialistic Borden cabinet.

THE USE OF IODINE.

We should say that a little vial of iodine is a good thing to have around the house. The suggestion is prompted by the fact that the soldiers in the European war are provided with iodine which they rub on minor injuries to prevent infection. Dr. C. Gray Capron, surgeon-in-chief of the Commercial Travelers' Association, in his annual report likewise gave some important data on the use of iodine.

Dr. Capron pointed out that 15 per cent. of all fatal disabilities are due to hand injuries, and that of all accidents to the hand 65 per cent. of the disabilities are due to minor injuries which become infected. Over 50 per cent. of hand deformities are the result of the doctor's observation that severe injuries, such as extensive lacerations, seldom become dangerously infected, because the injured person is obliged to go to the doctor at once and infection is prevented. "It is the neglected minor injuries," says Dr. Capron, "that give us the worst infections and longest periods of disability."

It is stated that the use of peroxide of hydrogen, or bichloride wash is of little or no value. Scrubbing with soap and water merely scatters the dirt and infection through the wound. Iodine, however, is most effective.

Paint the injured area with tincture of iodine and that is all that is required. It has been found that where it has been used the number of infected wounds has been reduced 38 per cent. All cases of infection, in fact, were those where iodine had not been applied immediately after the injury. Iodine therefore should become more popular as a home remedy.

A GOOD CITIZEN.

St. John Times: Fredericton and the province have lost a good citizen in the passing of Mr. J. W. McCready, city clerk, at the provincial capital. He was a quiet and lovable man, whose friendship other men valued. His early newspaper experience was of value to him in later years, and he did much to advance the interests of Fredericton. Its Board of Trade and Tourist Association found him a valuable member. He was the father of the Union of New Brunswick Municipalities, and was also active in the Union of Canadian Municipalities until illness came upon him three years ago. Mr. McCready had a wide circle of personal friends who regret sincerely that he is gone from their midst.

An extraordinary rush for whiskey took place recently in Glasgow, a belief in coming prohibition being prevalent. As soon as the premises of the wholesale and retail wine merchants were opened, they were rushed by waiting customers, and large travelling hampers were used in which to take away numerous bottles. Many shops were cleared of their stocks soon after midday. The rush for supplies is said to be due to the Clyde shipbuilders' pronouncement that there must be prohibition if they are to execute the mercantile tonnage on hand.

"Save your money for the next war loan," is the advice of the Federal government, through the medium of newspaper advertisements. The government might save considerable money these days if it would stop the foolish practice of shipping soldiers from Alberta to New Brunswick and then having them sent back to the west as medically unfit for overseas service. What is wrong with the medical branch of the Militia Department anyway?

Hon. W. D. McPherson, the new provincial secretary of Ontario, was re-elected in Northwest Toronto yesterday by a majority of 1778 over Mr. J. G. Cane, Liberal.

Through Our Sieve

Real luxuries—potatoes and eggs.

Constantine goes into the discard.

Mr. Lawson seems to be one of the men who will talk only for publication.

Maybe coal is only going up in order that it may be reduced in the spring.

The peace offer of Germany, like the Crown Prince, seems rather a little joker.

Some ladies are willing to join any kind of an improvement society that plays bridge.

We don't doubt there is a great call for spades in the fighting on the Kasino river.

"Greek King Gets Bread Card," says headline. But someone handed him a lemon first.

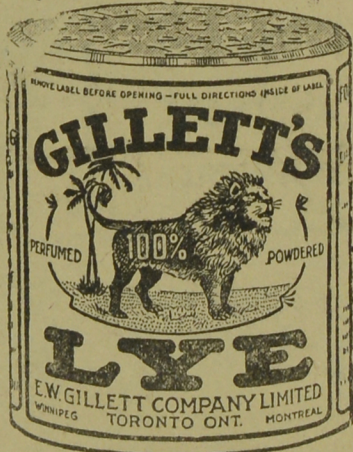

Just as soon as a good job becomes vacant, someone discovers that it can only be filled by a lawyer.

Luther Burbank is only another instance of the masculine idea that a woman you can dictate to makes the best sort of wife.

It is an old-fashioned winter all right—but where are the old-fashioned boys with tippets and ear-taps and the high leather boots?

We admit that we don't see just now what excuse the iceman will have for raising the price of ice on us next summer, but then he'll attend to that!

GILLETT'S LYE EATS DIRT

WHAT THEY DID FOR ONE FAMILY

Dodd's Kidney Pills Cured Where Doctors Failed.

Mr. and Mrs. Sawyer, After Years of Suffering, Found the Remedy They Sought in Dodd's Kidney Pills.

Capetown, Ont., Jan. 22.—(Special Firm believers in Dodd's Kidney Pills are Mr. and Mrs. Adolphe Sawyer, of this place. They have their reasons and are quite willing to make them public.

"I was a complete wreck when I started to take Dodd's Kidney Pills," Mr. Sawyer says. "I had suffered for ten years. I tried five doctors altogether. Some said it was rheumatism. Others called it lumbago, but none could give me any permanent relief. Dodd's Kidney Pills made a new man of me.

"My wife got the same good results from them. She also had been to several doctors. A specialist from Sault Ste. Marie advised her to stay in bed for a month. But she tried Dodd's Kidney Pills instead with splendid results.

"Do you wonder that we both praise Dodd's Kidney Pills? No one can speak too highly of them."

Dodd's Kidney Pills are purely and simply a kidney remedy. If the disease is of the kidneys or from the kidneys they will cure it.

FUNERAL OF J. W. MCCREADY TOOK PLACE THIS AFTERNOON

The funeral of the late James W. McCready, City Clerk, took place this afternoon from his late residence, 369 George street, and was largely attended. In addition to a large number of private citizens who paid a last tribute of respect, there were delegations from the Knights of Pythias, the City Council and city departments, and the local bar.

Rev. Dr. W. C. Kierstead conducted the service at the house. During the service there were selections by a quartette from the choir of the Brunswick Street Baptist Church, composed of H. E. Harrison, F. B. Smith, Mrs. F. B. Smith and Mrs. F. A. Good.

At three o'clock the funeral left the house and proceeded to the Rural Cemetery, where interment was made.

The mourners were as follows: Roger T. Cooper, Cedric Cooper, J. Miles McCready, L. M. Sherwood, Herbert Sherwood, F. L. Cooper, Dr. C. P. Holden, Lieut. Herbert Everett, T. C. Everett, R. M. Campbell, J. D. Palmer, F. B. Edgecombe, John Kilburn, C. F. Chestnut, J. M. Wiley, J. H. Fleming, R. P. Allen, George W. Hodge, civic delegations, members of the Fredericton bar, Knights of Pythias.

PIPE BAND ENTERTAINMENT.

Members of L. O. B. A. Hostesses at Pleasant Function.

The Ladies' Orange Benevolent Association entertained the Pipe Band of the 236th Highlanders and friends at the Orange Hall last night. An enjoyable evening was spent. After the musical programme had been carried out, refreshments were served.

The programme was as follows: Address—E. C. Atkinson, chairman. Vocal duet—Misses Josephine Vradenburg and Ethel McLean, accompanied by Miss Rose Hoffman. Reading—J. B. Allen. Vocal solo—Q. M. Sergeant Mooers. Address—Judge Wilson. Piano Solo—Sergeant Mooers. Address—Pipe Major Ross.

WHAT TO DO FOR A COLD.

(From The World's Work.) On the first sign of a cold, a hot foot bath lasting half an hour, and a drink of hot lemonade, or better still, hot flaxseed tea (one-half ounce of whole flaxseed to a pint of boiling water, flavored with lemon peel or licorice root).

A brisk purge is also advisable. A mild menthol-oil spray may be used occasionally in nose and throat.

Neck and chest and nostrils may be rubbed with camphorated oil. Also, cold compresses to the neck, or gauze pads saturated with equal parts of alcohol and water.

An alcohol rub-down is good as a first aid measure. Used externally alcohol is a real friend; internally it is a dangerous enemy.

If there is severe headache, face ache, ear-ache, pain in the chest, sore throat or high fever, there should be no delay in calling a physician.

Mr. N. J. Ash, of Toronto, arrived in the city last night. Mr. A. Morrissey, of St. John, is a guest at the Barker House.
