HON. DR. LANDRY, A FORMER PROVINCIAL MINISTER, DIES SUDDENLY AT BATHURST

Bathurst, Dec. 18—Stricken suddenly, Dr. D. V. Landry, district medical health officer and former Provincial Secretary-Treasurer, fell dead in the Court House here this evening where he had come to preside at a meeting of the Board of Health. He had walked from the hotel to the Court House and it is thought that the exertion of making his way through the heavy snow overtaxed his heart.

On reaching the Court House, Dr. Landry had spoken to B. C. Mullins, secretary of the board, regarding some resolutions that were to come before the meeting and Mr. Mullins had gone into another office to obtain some papers when he heard a noise as of some one falling. Returning quickly to where he had left Dr. Landry in his own office Mr. Mullins discovered the doctor lying on the floor.

Dr. J. C. Langis, of Bathurst, came in at that moment to attend the meeting and at once summoned Dr. R. G. Duncan, of Bathurst. The two doctors stated death had been due to apoplexy, and permission was given for the removal of the body.

Dr. Landry had been very active in L'Assomption Society and members of that organization took charge of the remains until his son-in-law, Dr. J. E. Leger, of Moncton, could arrive. Dr. Leger was expected to reach Bathurst at 2 A. M. Thursday. It was thought that the body would be taken on Thursday morning to Dr. Landry's home in Buctouche.

Notable Career

Dr. Landry had had a notable career in provincial politics, serving as a member of the cabinet under four Premiers. He was an orator of exceptional gifts and a fluent speaker in both French and English. As an official of the Department of Health he had given most faithful and efficient service.

Dr. Landry was born in Memramcook in 1866, a son of Vital J. Landry and his wife, Matilda D. Cormier, the third child of a family of 15. He was educated at the public school and St. Joseph's University, Memramcook, and received the degree of B. A. from that university. He served for one year as a member of the Kent County Municipal Council, representing the parish of Wellington, in 1899.

Former Cabinet Minister

He became Commissioner of Agriculture in the Hazen administration in 1908, when he represented Kent county in the Provincial House and remained in that office in the cabinet of Hon. J. K. Flemming until he resigned to accept the portfolio of Provincial Secretary-Treasurer, which he held through the succeeding ministries of Hon. George J. Clark and Hon. J. A. Murray. Mr. Murray succeeded Mr. Clark as Premier in February, 1917, but on the dissolution of the Legislature his government was defeated at the polls in April 1917, and Dr. Landry was not returned. Dr. Landry was a candidate in the last provincial election in Kent County, but was defeated by Hon. A. A. Dysart, leader of the Liberal opposition.

In March, 1927, Dr. Landry was appointed district medical health officer for the newly-created northern district. There had previously been but three medical health districts. The new district comprised the counties of Madawaska, Gloucester and Restigouche.

The Family

Dr. Landry is survived by his wife, formerly Miss Annie Michaud, a sister of Pius Michaud, of Edmundston, former federal M. P. for Victoria-Madawaska, and of Felix Michaud, of Buctouche. He also leaves seven children, Mrs. J. Euclid Leger, wife of Dr. Leger, of Moncton; Miss Germaine Landry, who is training as a nurse at the Hotel Dieu in Montreal; Lionel, an electrical engineer in Boston; Miss Annie Marie Landry and Miss Rosaline Landry, teachers at the Moncton Academy; Ronald and Leopold, students at St. Joseph's University; and Miss Alberta Landry, a student at St. Michael's Academy.

There are also surviving one sister, Mrs. Gamien Guadet, of St. Joseph; and two brothers, Rev. Albert Landry, of Adamsville, and Andrew Landry, of Caraquet. Rev. A. D. Cormier, of Shediac, and David Cormier, of Shediac, are uncles; Mrs. Raymond Leger, of Moncton is a niece.

The Premier's Tribute

Hon. J. B. M. Baxter, Premier of New Brunswick, who had been associated with the late Dr. D. V. Landry as a member of the provincial cabinet for several years, last night paid a high tribute to his ability and sincerity and said that personally, as an old friend, his deeply regretted Dr. Landry's passing.

Premier Baxter said: Dr. Landry was one of the most gifted speakers of the Acadian race and as provincial Secretary-Treasurer he expounded the finances of the province in a way that delighted his hearers. He was a good platform speaker in both French and English. By his quiet and unassuming manner and by his unfailing courtesy he endeared himself to all with whom he came in contact.

"To those who have known him it has been a matter of regret that for some years his health was impaired. It was hoped that when he took the appointment of district medical health officer that the relaxation from the arduous duties of the country doctor would prolong his life."

Chief Medical Officer

As his chief, Dr. G. G. Melvin, chief medical health officer of the province, speaking over the long distance telephone last night, said it was characteristic of Dr. Landry's devotion to his task that death had come to him while in the act of discharging his duty by attendance at the Board of Health meeting.

Speaking of Dr. Landry's work as a district medical health officer, Dr. Melvin said: "From the very first he showed an intense desire to do all that was possible in the performance of his duties. There was no district medical health officer more prompt in going where he was asked to go. I thought very highly of him, and was always pleased with the alacrity with which he took up his work. It was with very great sorrow that I learned of his death."

SPUD MARKET IS VERY DULL AT PRESENT

(Continued from page eight)

The Christmas season arrival has not helped the situation out, due to the fact that the markets in the eastern States are already glutted with the produce.

As is usually the case, the month of January sees a general livening up in the trade, with better prices to the farmers at shipping points, and more business to the shippers. The price of spuds is expected to soar early in January.

"I was troubled with throat weakness and asthma that simply defied every medicine I ever used. I was discouraged until a friend recommended Catarrhazone so strongly that I bought a dollar outfit from my druggist. I breathed in the healing fumes of Catarrhazone very deeply — used the inhaler five minutes every hour. After the first day I was better, and next morning my cough was gone.
