COACH CASS HAS FINE TURNOUT OF CANDIDATES FOR RUGBY SQUAD

Coach Egbert Cass, who has undertaken the job of coaching the Fredericton Rugby team this season, had a noble turnout last evening at the College Field and the prospects, if numbers count for anything, are for a banner season. The management of the team hope to win the Provincial Rugby Title again this year, and still higher hopes are held out for a shot at the McCurdy Cup, as well as the McTier Trophy, which the University of New Brunswick now possess, as the result of their glorious victory over Montreal last year.

Among the likely candidates who were out last night were: Bud Steen, former U. N. B. three quarter star; Scotty Clarkson, captain of last year's team; Billy Rutter; Jack Vaughan; a newcomer by the name of Jenkins; Archie Sterling; Shorty Clark; Boone; Vinny Boyne, captain of the Fredericton baseball team;

Trites, a ten second man and Freddy Maxwell, veteran of last year. All together, Coach Cass, and Manager Royden Colter appeared much pleased with the turnout for so early a date in the season. Thirty three in all were in football togs, and went through elementary passing, dribbling, punting, running and tackling, under the direction of Coach Cass and his assistants.

It is expected that practice will be held three times a week from now out and will become more strenuous with the passing weeks. A number of the local baseball players who completed their season a week ago, turned out last night. Boyne, the Imp receiver looked the most likely of the bunch and with his 170 pounds and speed will probably make a valuable scrum man. The High School squad turned out yesterday afternoon at 4.30 o'clock for their second practice since school reopening.

N. B. RUGBY LEAGUE TO FUNCTION AGAIN

St. John, August 28— A New Brunswick Rugby League, such as functioned last year, is assured for the coming fall. Walter R. Golding, manager of the Trojans Athletic Club, announced last night that his team would be entered again this year. The Fredericton City team, last year's champions, have already signified their intention of coming in. While no word has yet been received of the plans of Woodstock and Moncton, the other two members of the 1928 league, it is expected that they will also be in line when the first whistle ushers in the season of 1929. The Fredericton team has been in communication with the Trojan management suggesting that the games this year be started earlier than last. Last season October was well advanced before the schedule opened, largely as a result of the hurried way the body was organized. The capital squad have already held their first practices.

Mr. Golding said last night that the Trojan chances for a strong team were excellent. Nearly all the members of last year's squad intended to turn out again, and some new material was expected. In addition, Eric Snow, former star place kicker, would probably be with the team again.

The first workout of the year will be held on the Allisan grounds on Tuesday and will be followed by another on Thursday.

AN OLD PICK- ME-UP GETS POPULAR AGAIN

(New York Sun)
An elderly gentleman, out of his accustomed way on business, dropped into a strange restaurant for lunch. It was in the 50s and all about him late risers were ordering their eggs and toast while he waited for his lamb chop.

When his order came he asked for the Worcestershire sauce. The waiter leaned forward unctuously. "I'm sorry, sir, you'll have to order that special."

"Order it special?" the elderly gentleman asked. "Why, I never heard of such a thing. Why can't you serve it like other restaurants?"

"Well, you see, sir—" the waiter glanced about and lowered his voice, "Worcestershire is a great pick-me-up, after a hard night. Lots of young fellows make a regular habit of taking it as a bracer in the morning. It got so we couldn't leave it on the tables; they'd drink half a bottle with an order for one egg."

The elderly gentleman gave a snort of disgust. "What's this younger generation coming to? Don't bring me any Worcestershire. Pick-me-up, my word! I'll take some ketchup."

LARGE SUMS SPENT BY U. S. A. FOR AIRCRAFT

Last year, the United States spent \$75,000,000 for airplanes, according to a report of the aeronautical chamber of commerce. Production of commercial aircraft in 1928 was 140 per cent greater than the year before, 5000 airplanes being built and sold and 3,500 aircraft motors marketed, says Popular Mechanics Magazine.

Wichita, Kans., is the center of the airplane-manufacturing industry with 927 planes built in 1928 seventy more than were constructed in New York city, which ranked second. Rapid extension of air passenger routes and the opening of joint air-rail lines indicate the advance of commercial aviation in this country.

In time an airplane in flight won't be as attractive as an excavation for a new building.

GOOD PROGRAM ON THE AIR FOR WEDNESDAY

The radio program for Wednesday night as follows, Atlantic Standard time being used:
Hank Simmon's Show Boat.
Palmolive Hour.
Kolster Hour.
Comic Opera by Gilbert and Sullivan, "Patience."

9.00—Paramount Orchestra.
10.00—Dance music.

It's impossible for a woman bless. A writer in a monthly says as far back as written history goes the picnic is mentioned as an established custom. This leaves the age of the hard-boiled egg rather indeterminate.

We don't claim to understand it, but a police description of a youth wanted in Wisconsin says his tonsils have been removed.

British jurist rules that a cow in the road has the right of way. That's tough; give a cow the right off way and it will always be in the road.

AGENTS WANTED.

MAGIC GAS EQUALS GAS 3c GAL- LON. Nuway Cleaner removes dirt, grease, tar from automobiles quickly without soap or water. Two guaranteed products. Used by largest Bus Companies. Circulars, letterheads, labels with agent's name furnished. Free particulars and proof. "3 Magic Gas Bldgs." Alexandria, Ont., Canada.
