**St. John River Rising**

Owing to the recent rains the St. John river has risen over two feet during the last week and it is still rising. This has compelled the drift drive to put up at the Public Landing and has hindered the work. Mr. G. C. Grant has gone up to Woodstock to look over the situation there. The drift drive with fair weather can complete operations in a day.

Mr. H. S. Estabrook of St. John is registered at the Queen.

**A Correction**

The Mail is informed that the item appearing in this paper of a recent issue stating that a degree had been conferred on Robert Hawkins at present with the Canadian Contingent overseas, is not correct. It was not our friend "Bob" who received a Degree, but his cousin, a son of Dr. Hawkins of Halifax. Their initials being the same and Robert having been a student at Dalhousie Law School before enlisting, led to the mistake.

Mm. G. Hamilton of New York is a guest at the Barker.
