

NICE WORDS WON'T DYE a dress or coat...

Neither pretty pictures nor colorful adjectives will dye a dress or coat. It takes real dyes to do the work; dyes made from true anilines.

Next time you have dyeing to do, try Diamond Dyes. See how easy it is to use them. Then compare the results. Your dealer will refund your money if you don't agree they are better dyes.

You get none of that re-dyed look from Diamond Dyes; no streaking or spotting. Just fresh, crisp, bright new color. And watch the way they keep their brilliance through wear and washing. They are better dyes because they contain plenty of real anilines—from three to five times more than other dyes.

The white package of Diamond Dyes is the original "all-purpose" dye for any and every kind of material. It will dye or tint silk, wool, cotton, linen, rayon or any mixture of materials. The blue package is a special dye, for silk or wool only. With it you can dye your valuable articles of silk or wool with results equal to the finest professional work. When you buy—remember this. The blue package dyes silk or wool only. The white package will dye every kind of goods, including silk and wool. Your dealer has both packages.

CONFESSES THAT SHE SHOT HER HUSBAND

St. Stephen, April 11—Police announce today that Mrs. Lena Graham of Milltown, N. B., had confessed to her minister, the Rev. Mr. Wightman, that she shot her husband, Frank Kraham, to death as he lay asleep the night of March 29.

The woman who had just been discharged from the provincial insane hospital at Saint John, N. B., will be returned there. She is now in a St. Stephen hospital in a greatly weakened condition from refusing to eat.

The woman disappeared from her father's home in Milltown the night of the shooting and was discovered four days later hiding under the hay in a barn a few miles away.

Bathing suits were featured in flared and fancy styles with open backs to permit ample sunbath. There were many exhibits of beach pajamas.

Wins Praise

The quality of her acting as the Private Secretary in "The News Parade" is winning the praise of movie fans everywhere for this lovely newcomer to the screen. At home in New York City, hundreds admire her charming personality and she has fairly "set the style" on Broadway by the way she dresses her hair.

"The simple method I use in caring for my hair," says Miss Shea, "has been of great help to me in my motion picture work, where one's hair must always look its best. It's just the thing for busy girls, too, because it is so easy. Most of the girls I know in stage and picture work are taking it up as soon as they hear about it. All you do is put a little Danderine on your brush every time you use it. It makes your hair so easy to dress and holds it in place wonderfully. It's ideal for girls who are letting their hair grow. It keeps my hair and scalp so clean and comfortable. I don't shampoo half so often, now. It gives my hair such a silky, soft, lustrous appearance that all my friends comment on it."

Danderine removes the oily film from each strand of hair, restores its natural color, gives it more lustre than brillianine. It cleanses and invigorates the scalp; helps overcome dandruff. It is delightfully fragrant; isn't sticky or oily; doesn't show. Waves, "set" with it, last longer. All drug stores have it, in generous 35c bottles.

A Young Appetite Digests Anything

Indigestion is the result of too much acid in the stomach. It sours your food, turns it into a fermenting mass, gives you sick headaches, bad breath, biliousness, shortness of breath, and that drowsy, don't-care-what-happens feeling.

Pape's Diapepsin has helped thousands of such unfortunate stomach sufferers to get their appetite back. Chew one or two tablets of Pape's Diapepsin after meals to dissolve the excess acid, and sweeten your stomach. Then your food will digest and nourish you. You will gain weight and feel fine. Pape's Diapepsin does what it promises to do. That's the reason 5 million packages are used a year.
