BEAR STORY FROM CHIPMAN GREATLY INTERESTS MOVING PICTURE MAGNATES OF THE U. S.

Lowell, Mass., Sept. 26—Representatives of the Famous Players-Lasky-Paramount Moving Picture Company and Warner Bros., arrived here this afternoon en route to Saint John, N. B., where on Sunday next they will confer and negotiate with Ralph Donaldson, prominent young Lowell youth, in an effort to secure from him the original film which he "shot" of the deadly fight between John Bishop, celebrated Canadian guide, and a huge black bear in the woods, 20 miles north of Chipman, N. B. Both companies want the original film which, it stated, is the only one of its kind ever made. Bishop fought the bear and killed him with a maple club.

The film agents hope to reach Saint John before Donaldson reaches there Sunday to "shoot" the Reversing Falls. Each company dispatched a representative to Donaldson's home here as soon as they learned that pictures of a battle between a man, armed only with a maple club, and a black bear, seven feet two inches tall and weighing 300 pounds, were taken recently by Donaldson while on a hunting trip at a camp owned by Reuben Dunsford, of Chelmsford, 20 miles from Chipman. The battle was waged for quite some time before the guide finally killed the bear.

Expert Cameraman

Donaldson, who is the son of the Merrimack street store owner, David C. Donaldson, is an expert moving picture cameraman. He has taken many other interesting and exciting pictures during his stay in the woods. In describing the film to the companies, Donaldson, who will be offered fabulous amounts for his pictures, wrote:

"Up to date I have shot 2,200 feet, but wait until you see the 'shots' last Tuesday. It got within 100 feet of a big bull moose and 'shot' 45 feet of film before he trotted away. We are leaving Monday (Sept. 16) for the Sabbe (Salmon?) River, where we shall camp for a week and it is there we plan and hope to get the battle of the bulls. John snared a spruce partridge Thursday morning and I got the movies of the whole thing. When the bird recovered its wind John let it go.

"Over at Meadow Brook we erected a lean-to and stayed there three days. I got a telephoto 'shot' of a flock of ducks that should be quite the thing. About 2,000 in the flock.

The Big Event

"Now let me tell you of the greatest event. When we came back to camp Thursday, Sept. 12, and visited the bear trap, we had set about one mile and a half from the camp, much to our surprise as a huge black bear in it. I was very tired at the time, having walked eight miles and carried a pack of almost 50 pounds.

"Well, I soon forgot I was tired, and as soon as we could get the camera ready we left to visit old Bruin. When we got to the trap we found the bear had wrecked the trap, torn down trees, smashed down saplings and had run away with the trap, 20-pound one, and the log to which it was attached. We soon saw him, however, and he appeared to be snarled up about a small bush.

"We approached him cautiously and saw that the trap had just barely caught his paw, doing it no harm and that at any minute he was liable to be free. He growled and snapped his jaws at us and tried desperately to lunge towards us. This was my cue for entrance, so with the Dewry in my hands I crept up to him.

A Narrow Escape

"I got as near as two feet and was taking pictures when he leaped again at me. Boy, what a picture! I stood right there and got 100 feet of what I think are great 'shots.' John then stepped into the picture and then I never saw such a battle in my life. The bear was free for a moment and charged. John who was armed only with a maple club, put up a great scrap. Once I thought John was a goner and I was going to stop taking pictures and open fire with my .38 revolver, but John just got over a wonderful sock and the bear went down for the count—stone dead. Were we sweating when this was over? I'll say we were.

Slight Trap Hold

"After we rested we lifted up the bear's paw and found that the trap was caught on only one toenail. He weighed over 300 pounds and was was no mark on his skin, so we seven feet, two inches tall. There skinned him and brought it to camp. I am going to have it tanned in Chipman and then have it sent home and will have a beautiful bear rug that measures 7 by 6 feet. It will make an interesting reminder of the trip. I will be in Chipman about the 28th, which is Saturday, and take pictures of the town. On Sunday morning we will leave and drive to Saint John to get pictures of the Reversing Falls, one of the seven wonders of the world."

NUMBER OF CARS SMASHED IN ACCIDENTS

(Continued from page eight)

wheel and received damages to its front. Two Fredericton cars, one a new Ford, owned by Dell Hossocks collided with a car driven by Lloyd Shaw also of this city, with the result that both came in for heavy damages. Fenders and running boards on both were smashed off. No one was injured by the impact, however.

The Provincial Police were notified at 2.30 o'clock this morning and Sergeant John Bird went to the scene of the accident. The two owners couldn't seem to reach an agreement on the matter of damages, but when the police arrived it was quietly settled. The accidents last night were the largest number here for a long period.

STANLEY FAIR JUST ENDED WAS A SUCCESS

(Continued from page eight)

the President of the Stanley Agricultural Society. Included in the toast list was one to the King, responded to by the singing of the National Anthem, one to the Dominion Parliament, connecting the name of R. B. Hanson, federal representative for York County. A tribute of respect was paid to the late James Thorburn, Sr., who passed away last year. The late Mr. Thorburn had been connected with the Stanley Fair for the past seventy-one years and his death last year removed one of the oldest and most respected members of the community.

Hon. C. D. Richards in his address dwelt solely on the progress of the Fair in the past six years, during which time, he stated, there had been a marked improvement in all lines of exhibits, and also increase in attendance and interest in the annual showing.

The exhibits this year were better than ever before; particularly were the agricultural exhibits much larger and more keenly contested. The Jersey Calf Club was especially good this year and the directors deserve the highest praise for their fine work. During the course of his remarks, Mr. Richards on behalf of Hon. Mr. Smith, Minister of Agriculture, presented Mr. Thorburn with a cheque of \$500 as the government grant for the Stanley Fair. Hon. Mr. Smith was unable to be present. There was a noticeable decrease in the exhibits of domestic science. One of the improvements which might be made at the fair is better lighting as at the entrance to the grounds, it is very dark and difficult for cars and persons to see their way into the grounds. The improvement will probably be made in another year.

Mr. Jiggs—Listen—it's thundering again.

Mrs. Jiggs—That reminds me, the grocer was here today with his bill.

Life's biggest failure seems to lie in failing to understand life.

There aren't any sins of passion. They're only sins of judgment looked at from the wrong side.

"Do you want alimony, madam?"
"No, I don't want alimony; I want the custody of my husband."

BRAZILIAN AND POWER STOCKS FEATURED MONTREAL MARKET

The Call Money rate in New York today was nine per cent. The market displayed weakness, many issues showing declines of from one to three points. Radio was down to 85½, a drop of over 20 points in a few days. U. S. Steel was off to 226.

On the Montreal Exchange, the power stocks and Brazilian were the active features. Brazilian sold up to 73, Power was strong at 174½ and Shawinigan at 104.

Freshmen Meet

At a meeting yesterday of the freshmen of the University of New Brunswick the election of officers for the ensuing year took place, which resulted in Karl Watson, son of Mr. and Mrs. P. S. Watson, of North Devon being elected to the presidency. Charles Hoyt was elected secretary, while Malcolm Ross was named as the freshman representative to the Student's Council. A noteworthy feature is that all three members of the executive are from the Fredericton High School.

An Attraction

"The Studio Murder Mystery" a Paramount All-Talkie picture, now showing at the Gaiety Theatre is proving again the popularity of the talkies in this city, as record crowds were present last night at the first showing of this fascinating mystery celluloid creation. The cast included the popular Neil Hamilton, Warner Oland, Doris Hill and the inimitable Chester Conklin. The picture is 100 p. c. talking. Included in the bill is a two act talking comedy "The Melancholy Dame" and "Sidewalks of New York."
