DR. J. W. INCHES TELLS ST. JOHN FRIENDS THAT HE IS PLANING ANOTHER TRIP TO AFRICA

St. John, April 29—After having secured some of the finest pictures ever taken of wild life in Africa, to have them, and all his personal effects, guns and cameras with the exception of about 4,000 feet of moving picture film, lost, was the experience which Dr. James Inches, of Detroit, a former New Brunswicker, passed through last year. Dr. Inches is visiting in Saint John.

An Eventful Life

Dr. Inches has had a busy and eventful life since he left his New Brunswick home, 53 years ago, and located in Detroit Michigan. He was born in Fredericton the son of Andrew Inches, this city. At the age of 14 he came to Saint John and for a few months worked in the store of T. McAvity & Sons, Walter street and Market Square. This was before the St. John fire. His next move was to the west.

Practiced Medicine

After locating in Detroit he decided to enter the medical profession and after graduation put out his sign in that city. He became one of the leaders in his profession and was chosen as commissioner of Health. During the first influenza epidemic, due to precautions taken by Mr. Inches and his staff, Detroit suffered the least of any of the large cities of the continent.

Later he was named commissioner of Police and made a wonderful record in that office.

A Real Sportsman

Having always been interested in fishing and big game hunting he has devoted most of his time since retiring three years ago to these pursuits and has made two trips to Africa.

On the first visit he was accompanied by three friends from Detroit

and they made the journey from Cairo to Capetown, going up the Nile and Walking more than 700 miles through Uganda and the Congo. In the safari they had three other white men and 260 natives.

His last trip was confined to the Transvaal where he secured a number of very fine trophies.

Splendid Pictures

As he desired to get some pictures still and moving, of the animal life of Africa arrangements were made to do this in the Kruger National Park, probably the finest game reserve in the world, Dr. Inches said. Blinds were built in trees and at watering holes and Dr. Inches was fortunate enough to get what was said to be the finest collection of animal pictures in the world.

Unfortunately, just after he had sailed from Durban for New York the steamer was wrecked off East London and Dr. Inches lost everything but about 4,000 feet of moving picture film. He also lost all his guns and cameras and four fine lion and two leopard skins. Fortunately his mounted heads were not on this steamer and he still has these.

The passengers on the vessel had a strenuous time for three days, being tossed about in lifeboats until picked up by steamships brought by S. O. S. calls sent out when the ship they were on was foundering.

Luncheon Guest

Dr. Inches will remain in that city until Monday when he will return to Fredericton, leaving that city early next week for New York Saturday at 1 o'clock he was the guest of his cousin, C. F. Inches, K.C., at luncheon at the Adminal Beatty hotel.

NO DANGER IN FOREST FIRES FOR SOME TIME

(Continued From Page Eight.)

Minor Fire

Another fire of minor character occurred in Carleton county on the same day but this blaze was easily controlled before it had gained much headway. In general, to date, the weather has been greatly against the spread or springing up of these forest fires and today's rainfall ought to put a damper on all districts where potential fire brands lie.

The danger of serious outbreaks has been allayed by rain, particularly in the southern parts of the province where the high winds have been drying up the forests rapidly in the northern countries, snow still lies in great depth.

GEN. BOOTH IS HONORED BY THE KING

London, April 29—King George today appointed General Bramwell Booth, former commander of the Salvation Army, a member of the order of Companions of Honor, an order created since the World War.

Property Purchase.

Mr. Claude McDonald, one of the pulpwood kings of New Brunswick, has disposed of his bungalow in Charlotte street to Mr. Ernest Bell of this city.

PERSONAL MENTION

Mr. C. A. Sampson and Miss Bright Sampson have returned from a pleasant visit to relatives in New York and New Jersey.

Mr. and Mrs. J. B. McNair left Saturday night on a trip to Ottawa where Mr. McNair will argue a case before the Supreme Court of Canada.

Dr. J. W. Inches of Detroit, Mich., is in the city on a business trip and is being heartily greeted by many old friends.

Mrs. J. L. Hodgins of Charlottetown, arrived here on Saturday night to join her husband, who lately took over the duties of accountant of the Bank of Montreal.

THREE TEAMS IN YORK COUNTY BALL LEAGUE

(Continued from Page Eight.)

that day in afternoon and evening games.

Cup Presented.

As drawn up at the meeting a playing roster of eighteen men will be allowed each team, the names to be handed in to the secretary by June 10th. A beautiful cup has been presented to the league by F. J. Williams of McAdam, which will become the possession of the team winning it three years in succession.

The rules of the Amateur Athletic Union of Canada were adopted at the meeting and all its clauses will be adhered to strictly. One of the matters coming under these rules is the residence rule, which is to the effect that an athlete who has resided in a locality for a period of six months must play with that team and no other. This will affect players in Devon and Fredericton, but probably will have no bearing on McAdam.

FIND TRIBES OF YEARS AGO

Budapest, April 29—Two Hungarian tribes have been discovered in India by Stephen Gujard, archaeologist. He also found the ruins of an ancient palace with data indicating that Huns owned it. He believes the tribes are descendants of Magy Nomads who went to Europe with Attila 1500 years ago.

Liquor Convictions

Provincial Police headquarters here this morning received word of several convictions at Moncton during the past weekend under the Intoxicating Liquor Act. John Cunningham, a resident of that place was sentenced to a \$200 fine with two months in jail when he appeared before Magistrate Steeves. He will get an added two months in event of non payment of the fine. Agnes Wencalm and Marcene Arsenault were both convicted on Saturday at Moncton and given a \$200 fine and two months. All convictions were for the illegal sale.

H. D. McMillan of Moncton is in the city today.

B. O. Williams of Toronto is in the city today on business.

BAN THE NO CHILDREN SIGN ON APARTMENTS

Rome, April 27—The "No Children" sign so frequently seen on advertisements of apartments to let is to be banned in Rome in the near future it was learned today.

The commissioner of the Fascist National Federation of Real Estate Owners, Enrico Parisi, has issued an order to all the members of the various Fascist associations grouped in the federation informing them that the inclusion of the "No Children" warning or other words barring children will result in the immediate expulsion of the offender from the Federation.

Any attempt to refuse to rent a home or an apartment to persons who have children it was said will result also in the expulsion of the guilty party from the real estate owners' association.

No man looks at a clothesline any more.

* SPECIAL ATTRACTION *
* AT GAIETY THEATRE *

"The Trail of '98 is the Photo Play at the Gaiety for Monday and Tuesday.

This saga of the dramatic gold rush, so masterfully directed by Clarence Brown, is the sort of a picture that keeps you pepped up from the opening shot, on July 14, 1897, when the ship from Alaska brings the news of gold, to the fade-out of the reunited lovers.

Miss Del Rio brings pathos and sincerity to her character and Mr. Forbes makes an admirable hero. Karl Dane has a fat comedy role and, in our estimation, is better in this film than in "The Big Parade." Harry Carey gives one of the best performances in the picture. Tully Marshall is excellent in fact the entire cast is just about perfect.

Permanent Face-Swelling Finally Traced to Neuralgia

The experience of Mrs. E. J. Barker of 120 Alice Street, Guelph, was an interesting one. "I suffered with dreadful pains all over my face. Although I tried many medicines, my face remained badly swelled. A lady friend recommended Nerviline. Her experience had been very satisfactory. I used Nerviline with great benefit myself. I rubbed Nerviline over the neuralgic part of my face, and covered it with a piece of red flannel. Nerviline ended all my trouble, and I recommended it highly for rheumatism, painful joints, swellings, lumbago, coughs and colds. I think it is a necessity in every home." All dealers sell Nerviline in large 35-cent bottles.
