LEWIS TIBERT OF THIS CITY THE MARITIME CHAMPION IN ORATORICAL CONTEST

St. John April 27—Lewis Tibert, son of Mr. and Mrs. W. K. Tibert, of Fredericton, was declared the 1929 winner of the oratorical contest open to high school students of New Brunswick at the finals held last night in the Saint John Rotary Club presided at the final competition. Representatives of Milltown, St. Stephen, Fredericton and Saint John schools participated in the contest last night and their addresses on "The Mineral Resources of New Brunswick" were given in a manner that rendered the final decision of the judges a difficult problem.

Ernest Whitebone, pupil of the Saint John high school was runner up for the provincial honors. The other speakers who took part in the finals last night were Thomas Day, of Milltown, and Ralph Rogers of St. Stephen. The judges of the evening were Hon. L. P. D. Tilley K. C., Judge H. O. McInerney and Rev. Dr. W. R. Hibbard, headmaster of Rothesay Collegiate School.

Goes to Ottawa

Tibert, through his win last night, will receive a free trip to Ottawa for the purpose of competing in the Dominion finals. His subject for deliverance at the capital of the Dominion will be the same as that spoken upon last night.

In the addresses last night the various speakers stressed the vast possibilities of the mineral deposits in the province.

In the first address of the evening, given by Tibert, the subject of the opportunities open to the young men of the province in the development of these deposits was dwelt upon in a finished and fluent fashion.

In the delivery of a true orator, the speaker pictured the future of the province through its mineral growth and mining activities in a manner that brought forth sustained applause from the audience. After summarizing the various locations of deposits found in the province and their economic value, the speaker said it was apparent that the mineral wealth of the province is now only being revealed and that enough has been done through the interest of the government and private individuals to show that the future has much room for great development in this field.

Prospecting today is being done on a scientific basis and the people of New Brunswick have every reason to expect the mineral resources of the province to contribute their share to the development and prosperity of the immediate future with the result that New Brunswick will take its place as one of the most prosperous provinces of Canada and as one of the most desirable provinces of the Dominion in which to live he said.

Was Presented

In presenting the handsome silver trophy to Tibert, to be placed in the Fredericton high school to be competed for again next year, Hon. Mr. Tilley assured the audience that every consideration had been given by the judges to the respective merits of the competitors and that the task of reaching a decision as to the winner of the contest was a most difficult problem. The close competition forced the judges to pass a vote on the winner as an unanimous decision could not be reached. Two votes were cast for Tibert and one for Whitebone.

A Great Puzzle To Careful Parents

One of the greatest puzzles to the careful parent is to know just what medicine to give the little ones. When the child falls ill with gripping pains; is seized with cold or fever, refuses food or vomits what he has taken, when he cries a great deal and cannot get the sleep so necessary to the growing child, the parent is in a quandary. What is to be done on such occasions? As often as not there is not a suitable medicine in the house. The puzzle is what to give him to set him right quickly.

It is to meet such emergencies that Baby's Own Tablets were designed. These pleasant little Tablets quickly reduce fever, break up colds, relieve constipation and indigestion and allay teething pains. They quiet the nerves and promote restful health-restoring sleep. They are guaranteed absolutely harmless and safe for even the youngest and most delicate baby.

Baby's Own Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

On behalf of the judges and audience he complimented the boys on the clear and logical manner in which they had delivered their subject and on the thorough study they had put into their work as was evidenced by the detailed information given in all the speeches.

Tibert is a pupil in the tenth grade of the Fredericton high school. S. McFarlane the principal of the school was present at the contest last night.

Although no definite date has been affixed by the Rotary clubs of the province on which to send Tibert to Ottawa for the Dominion finals, it will be in either July or August, during the vacation period.

TIBERT THIRD LOCAL YOUTH TO WIN HONOR

(Continued From Page Eight.)

silver trophy, emblematic of the oratorical championship of New Brunswick, has had a place among the high school trophies and with Tibert's victory last night, it is happily destined to spend another year at the local high school.

Last night's winner, is pupil of the tenth grade in the high school and is very popular with his classmates. Tibert will be sent to Ottawa in August or July to compete in the Dominion finals by the Rotary branches of the province.

RECORD SALE IN DERBY TICKETS

London, April 26—The £1,000,000 Stock Exchange record-breaking Derby sweepstakes closed here this morning, when the remaining 9000 £1 tickets sold in a little more than one hour. The money now lies in the vault of a city bank, where it will remain until after the race. Of this sum £900,000 will then be paid out to 1018 prize winners.

335 Entries

This is a much wider distribution of prize money than has been made hitherto, and means that ticket holders have one chance in a thousand of winning at least a consolation prize of £150 each. There will be two first prizes of £125,000 each, two second prizes of £65,000 each, two third prizes of £32,500 each and two fourth prizes of £17,500 each.

There are 335 entries for the Derby and one ticket to draw will represent the field. Every drawer of a runner and of the field will receive £500. In addition there will be 340 consolation prizes of £250. The draw will probably be held early next month when the lucky numbers will be announced, excepting the consolation prize number, which will not be made public until after the race.

In many cases those drawing good horses will as in the past, sell a share of their tickets to bookmakers on the basis of odds on the horses in question.

Sir Robert Thomas, Liberal member of Parliament, is going to ask the home secretary, Sir William Jonson-Hicks, whether in view of the illegality of lotteries in Great Britain he is going to take action against the Stock Exchange Sweepstakes are not worried over any danger of government interference. Such questions have been asked before without the government being induced to take any action.

Geneva, April 27—Germany today assumed the role of sole champion of the cause of reduction in Europe's standing armies.

Count Von Bernstorff, chief of the German delegation to the preparatory disarmament commission, told the gathering today that the latest stand of the United States and Great Britain on the question of trained reserves limitation would make disarmament virtually impossible.

A squirrel bit seven persons in Chicago, an entirely excusable error, it seems to us.

VERY LITTLE CHANGE SHOWN TODAY IN STOCK PRICES

The stock market this morning was quite active but inclined to be irregular. On the Montreal Exchange Brazilian was down to 57½, Nickel to 48¼ and Shawinigan to 75. Car Common sold at 141 and preferred at 159. In New York C. P. R. was strong at 241½.
