Germans on Western Front Showing Much Activity

Strong Attacks Made on British and French Positions Yesterday---Both Were Repulsed With Heavy Loss to the Enemy.

PARIS, July 17.—German troops made a strong attack on the French positions in the vicinity of The Teton, but were driven back, leaving a number of dead, according to a statement issued by the War Office today, as follows:

"Intermittent cannonading occurred on the Aisne front, quite spirited in the region of Cerny, Cavaliers and Courcy. In the Champagne the Germans made another serious effort on The Teton. Their assaulting waves, caught under our fire, were compelled to retreat in disorder to their trenches, leaving a number of dead. We maintained our gains of Saturday.

"On the left bank of the Meuse our troops this morning made a spirited attack west of Hill 304. According to news thus far received, all our positions which have remained in the hands of the Germans following the actions of June 28 and 29, were entirely reconquered by us.

"We captured prisoners whose number is not yet known. Enemy attacks on our small posts in Argonne, near Douaumont and in the Woëvre, near Regneville, were without results."

ROYAL FAMILY DISCARDS GERMAN NAME AND WILL BE KNOWN AS THE HOUSE OF WINDSOR

LONDON, July 17.—King George today, at a meeting of the Privy Council, announced the new name of the royal house and family to be "The House of Windsor." The Privy Council at which the King announced the change was held at St. James Hall. It was the most important and largest attended since the coronation. The attendance included Premier Lloyd George, Foreign Secretary Balfour and other members of the cabinet, the Archbishop of Canterbury, former Premier Asquith and all members of the colonial governments who are now in London. The Privy Council unanimously endorsed the King's announcement and the proclamation putting it into effect was published this afternoon. King George is of the house of Saxe-Coburg and Gotha. It was recently decided to drop titles and names of German origin.

BRITISH TROOPS PULL OFF A SUCCESSFUL RAID AND BOMBARD ENEMY IN THE TRENCHES

LONDON, July 17.—"We gained ground slightly during the night northwest of Wirmenon," says a statement of the British War Office today. "In the Nieuport sector," the communication adds, "one of our raiding parties encountered a large party of the enemy in front of the German positions. After a sharp fight our troops drove the enemy back to their lines and bombarded them in their trenches."

AMERICAN SCHOONERS SUNK.

LONDON, July 17.—Lloyds announces that the American schooners Addie M. Lawrence, 2807 tons, and Edward B. Winslow, 3424 tons, have stranded and are regarded as total losses. The Winslow had previously been reported to be on fire. Both vessels were built at Bath, Maine, and were owned by Winslow & Co., of Portland. Both were sold some time ago to the British government.

MAY SETTLE WITH ARGENTINE.

BERLIN, via London, July 17.—Germany hopes that the affair of the torpedoing of the Argentine steamer Toro will be settled amicably, according to a semi-official note. This statement denies that relations had been broken off, the government saying that it had not yet replied to the Argentine note. Dr. Luis de Molina, Argentine ambassador to Berlin, telegraphed his government last night that Germany's answer to Argentina's demand would be delayed several days owing to the change in the German chancellorship.

WAS PROBABLY SET BY HUNS

Copenhagen, July 17. — According to news from Trondhjem, Norway, a mysterious fire which occurred there yesterday in a storage warehouse, containing goods ready for shipment to Great Britain, is still burning and has spread to different points among the vast storehouses. The damage is estimated at many millions of crowns. During the fire a Norwegian steamer blew up.

HUNS TIRED OF THE WAR

People Hungry and Worried, and May Use Desperate Means to Solve Their Difficulties.

London, July 16.—The Daily News correspondent at Zurich says in a dispatch:

"Leading members of the Greek colony in Berlin, who arrived here yesterday, tell me that the German politicians and newspapers have inadequately reflected the intensity of the popular feeling which has prevailed during the last week. The masses of the people are hungry and worried, and incline more and more toward using reckless and desperate means to solve their difficulties.

"On Tuesday the governing classes completely lost their mental balance, and talk of the dynasty being in danger was current. Economic conditions in the large towns have grown steadily worse, and the thought of a fourth war winter dismays all classes."

LIGHTNING STRUCK TREE

Marysville, July 17. — During the heavy electrical storm which passed over the town yesterday the lightning struck two of the largest pines in Pine Grove and split the trees from top to bottom, also penetrating the roots of the trees, which were torn from the ground. The force of the storm was severe in this section and the upper sections of the county.

The Japanese nation was the first to recognize the true value of the medical officer in time of war—that his place was at the front of any army, to prevent disease, as well as at the rear, to cure it.

CANADIAN HIGHLANDERS WELCOMED TO NEW YORK

Party of 300 Has Arrived to Stimulate Recruiting For the British Army--Given Great Reception by The Populace.

New York, July 17.—The two hundred Canadian Highlanders who are in New York to stimulate "British Recruiting Week" received an ovation from New Yorkers today when they left here to spend the day at Newark, N. J. This is the only day during the week that the men will leave the city. Each day's programme will keep the visitors before the public as part of the campaign to obtain recruits.

The Highlanders planned to reach Newark this afternoon and march to the City Hall, there to be formally welcomed by Mayor Raymond. A trolley trip through the city was to precede a recruiting meeting. They will then be the guests of the City of Newark for dinner, followed by a second recruiting meeting, when they will return to New York.

Cordially Welcomed.

The newspapers publish detailed accounts of the glowing reception given the Highlanders on their arrival yesterday. The Sun says:

"There have been events with thrills crowding them in New York recently, but with the coming of Papa Joffre

and his Frenchmen and the arrival of Balfour and his Englishmen, and the reception to the Italians and the Russians; but it would have been very difficult to find more spirit in any wedding ceremony than was observed yesterday when the Highlanders in their kilts, their plaids and their breeches, their sporans and their feathered bonnets, marched up Broadway, while the pibrochs of the pipers sounded like a million angry bees swarming; and thousands of men and women rushed to the skyscraper windows to look down and to cheer the big Highlanders. All day, wherever they went, the streets were crowded, and always ahead of the Highland music rolled waves of cheering.

There is something about the Highlander, perhaps the fierce challenge of his music, which stirs the heart, and there was something about the visitors who arrived yesterday—perhaps the known fact of their desperate fighting in France—which was more moving to the spirits on the streets than would have been any other spectacle except the sight of departing American troops.

CAMPERS AT DAVIDSON LAKE

Prof. and Mrs. Mittell Arrive for the Season—Their Only Son Off to the War.

Professor and Mrs. Phillip Mittell, of New York, who own a summer camp at Davidson Lake, have arrived there to spend the summer. They are accompanied by their daughter, Miss Sybella Mittell, and a party of twelve boys, who will camp out with them.

Mrs. Mittell, who was among the visitors to the city today, informed the Mail that her only son, Teja S. Mittell, a strapping young man of 23, had enlisted for overseas service with a New York ordnance corps. Mrs. Mittell stated that although she and her husband are natives of Germany, they are naturalized Americans and their interests are now in the United States.

"I feel," said she, "that my boy has just as good a right to fight for his country as other American youths, and in consenting to his enlistment I am making no greater sacrifice than is being made by thousands of other American mothers. He has had a long experience in camping out in New Brunswick, which I feel sure will stand him in good stead."

Prof. and Mrs. Mittell and family have been camping at Davidson Lake now for fifteen seasons, and have made many friends in the city and county.

AUSTRIA HUNGARY'S PREMIER DELIVERS AN ADDRESS ON PEACE

Makes Use of High Sounding Phrases In Regard to the Alleged Aims of His Country---Says That His People Are United.

VIENNA, via Amsterdam, July 17.—Austria-Hungary's ideas on peace were made known to the Constitutional Committee of the Reichstag in an address by the Premier, Dr. Von Seydler. After referring to the unbreakable unity between Austria and her allies, Von Seydler declared parliament would work for the aim for which Austria is fighting, namely, the unassailable sacred right of her people to decide for themselves their internal destiny. This task, at the same time, will be a long stride in the direction of an honorable peace which we decide to create on the basis of justice, moderation and conciliation, the firm unity of all civilized peoples and their uniform endeavor to abolish those circumstances which brought about the world war. We are all longing for this peace. Until then we are determined to hold on in firm co-operation between frontier and home lands.

Says People are United.

Dr. Von Seydler referred to the uselessness of all past efforts to carry out the principle of equal rights of all nationalities laid down in the constitution. This, he said, was the cause of the political troubles which made Austria appear sick, a state which, however, every clear-minded person knew to be untrue. All peoples of Austria were united externally and internally by a common tie, by love of the dynasty and the uniformity of all vital interests.

MEMBERS OF RUSSIAN CABINET HAVE RESIGNED

Resignation of Three Ministers Followed Sharp Disagreement With Colleagues in Regard to the Ukraine--Will Confer With Premier.

PETROGRAD, July 17.—Three members of the cabinet have resigned and a separate session of the Council of Ministers has been convoked in an effort to avert a crisis. Their names are A. I. S. Ingaroff, minister of finance; Prof. Manuiloff, minister of education, and Prince Skavosky, head of the Department of public aid. The resignation of these cabinet ministers followed a sharp disagreement over questions involving the Ukraine. Premier Lvoff has requested the ministers to meet at his private residence, when the cause of the dispute would be considered. The ministers took exception to the form of a declaration drawn up by M. Tereschtenko and Tseretelli without the authorization of the government.

Tereschtenko and Tseretelli, the cadets maintained, simply had been chosen delegates to find a possible basis of an agreement in the Ukraine, but had not been given the power of making a declaration in the name of the government.

Tereschtenko and Tseretelli flatly insisted upon the immediate publication of the declaration, adding that the form might be allowed if the sense were kept intact.

When a vote was taken at a cabinet council meeting, the two Lvoffs in the cabinet and the socialists declared themselves in favor of the declaration as already taken, without correction or alteration. Opposed by the majority, the cadet members then resigned.
