Over Eighty Casualties From Air Raid on London

German Baby Killers Still Getting In Their Work---Fifteen Persons Killed and Seventy Injured---The London Daily Mail Calls for Reprisals

(Canadian Press direct wire.)

LONDON, Sept. 25.—Fifteen persons were killed and seventy injured in last night's air raid over London. The Zeppelins which crossed the Yorkshire and Lincolnshire coasts did not penetrate inland, being driven off by gunfire. Three women were injured. Only two airplanes at the most penetrated the defences of London last night, it is reported officially.

Reports from Yorkshire indicate that the Zeppelins dropped bombs and aerial torpedoes. The amount of damage has not been ascertained. The signal that all was clear was given at about five o'clock this morning.

LONDON PAPER THINKS THAT THE HUNS SHOULD BE GIVEN A DOSE OF THEIR OWN MEDICINE

LONDON, Sept. 25.—Reports from a Kentish town say that about eight bombs were dropped in last night's air raid. According to a telegram from an Essex coast town, the first intimation of the raid came about 7.30 o'clock, when anti-aircraft guns opened fire and the noise of the airplane motors could be heard. The bombing over this town continued for about two hours at intervals, but so far as could be learned only three bombs were dropped, and apparently there was no great property damage.

The Daily Mail, in an editorial, commenting on last night's air raid, calls for reprisals, saying: "The British people would view these attacks with entire indifference if they knew that every one of them was followed by an attack in which twice the weight of bombs dropped here was showered on German towns. Let's hit the Germans hard."

TREATMENT OF BRITISH PRISONERS BY THE GERMANS IN EAST AFRICA

(By Canadian Press Direct Wire.)

LONDON, Sept. 25.—Details concerning the treatment by the Germans of British prisoners in German East Africa are contained in a White Paper just issued. The paper contains a mass of testimony given by prisoners and others, including a number of women, to the effect that the Germans deliberately adopted a policy to lower the prestige of the British in the eyes of the natives, forcing them to do all manner of degrading work and subjecting them to terrible hardships without proper food, clothing and shelter. Bed linen was offered to the prisoners, but they were forced to lodge in native huts, which were damp, and all became ill. The commandant, according to the testimony declared that the prisoners had no rights, and that anything was good enough for the British.

DIFFERENT SYSTEMS OF FOOD CONTROL

(Canadian Press direct wire.)

Toronto, Sept. 25.—In an interview here yesterday, Food Controller Hanna explained that there was a difference in the system of control which Canada and the United States intended to exercise over their food products. In the United States they would do all purchasing themselves, at their own prices, as fixed by the Federal food controller. In Canada the method would be to name the figures which would represent the demand price, which must not be exceeded by the producers.

In the United States no one will be able to prevent John Smith from asking whatever he pleases for his commodity, whether there be a price fixed or not, but in Canada the actual price will be fixed, and John Smith will be amenable to certain statutory conditions which will be designed to prevent overcharging.

A meeting of the flour interests is to be held in Ottawa today, Mr. Hanna said, and the entire situation in regard to flour will be discussed.

Asked if he would either fix prices or give the reason why, Mr. Hanna said, "Yes."

Boys Reported.

Several small boys have been reported for hanging around the moving picture theatres at night, fooling with the cars standing outside. The managers and the police are going to put a stop to the nuisance.

SUBSTANTIAL FUND FOR WAR MEMORIAL

(Canadian Press direct wire.)

Ottawa, Sept. 25.—It is announced through the Militia Department that the Canadian War Records Office in London, of which Lord Beaverbrook is the head, has accumulated about \$50,000 from the sale of such books as "Canada in Flanders" and "Canada in Khaki," and the official photographs taken at the front.

This money, it is stated, will, when official expenses are deducted go to the Canadian War Memorials fund, the purpose of which is to perpetuate the memory of Canadians who took part in the war by the erection of monuments and the distribution of oil paintings bearing on the great struggle throughout the Dominion.

Two British artists have agreed to paint these pictures, which it is proposed to hang in the new House of Commons at Ottawa. It is the intention to send three Canadian artists to the front to paint some pictures which will be increasingly valuable from an historical point of view as time goes by.

TORY M. P. TAKE A WHACK AT FLAVELLE AND HANNA

Says that Canadian Electors are in no Pleasant Frame of Mind and Borden Government will be a Good Mark for Them.

TORONTO, Sept. 25.—Under the caption, "Street Scenes," the Toronto World, edited by W. F. MacLean, Conservative M. P. for South York, says:

"The Canadian electors are coming up to a general election ten weeks hence in no pleasant frame of mind. Most of them have been sorely tried by the war and the cost of living. Many of them will take a crack at someone, especially a public man or official of some kind, or a newspaper, as a more or less appropriate head to knock, and the government at Ottawa will be one of the outstanding marks."

"Sir Robert Borden will find it hard to carry Sir Joseph Flavelle, the head of the meat and provision trade and high prices in Canada, as chairman of the British Munitions Board, or W. J. Hanna, the leading Conservative representative of the Standard Oil Company in Canada, as food controller. The great American meat trust will not go with our people, our soldiers, or their womankind. Sir Joseph can stand, so can Mr. Hanna; but can the Borden government stand with these two, worthy as they may be in some things?"

SHOULD BE TREATED AS CRIMINALS

Premier of New South Wales
Makes Ringing Speech at
the Montreal Canadian
Club Gathering.

(Canadian Press direct wire.)

Montreal, Sept. 24.—"A trial under the laws of the various countries outraged by the criminals who have recklessly let loose the horrors of war," was demanded by Hon. W. A. Holman, Premier of New South Wales, in the course of an address he made before the Canadian Club in the Windsor Hotel today.

"I hope this war will never cease until there have been brought to a plain criminal trial all the men, all the generals, all the ministers and all the royalties too, if necessary, who have been responsible for the outbreak of this horrible war," continued Mr. Holman. "Let them justify their acts in Belgium and elsewhere, or suffer like the criminals they are."

A PEACE PLOT DISCLOSED

(Canadian Press direct wire.)

Chicago, Sept. 25.—J. J. Tobias, the Chancellor of Chicago Law School once leader of The Friends of Peace, an organization for a while active in furthering peace talk, told yesterday of having received an offer of \$30,000 to work for an embargo on munitions and to influence sentiment in the United States in favor of peace with Germany. The offer, he said, came from a man calling himself E. J. Thyme, a banker from Stockholm, Sweden. Dr. Tobias said he became suspicious and withdrew from activity in the organization when he was convinced it was becoming pro-German.

STOCKS ARE IRREGULAR

New York, Sept. 25.—Wall Street: Higher prices prevailed at the outset of today's trading, the war shares and related issues of yesterday's gains by large fractions to a point. These were offset, however, by the heaviness of coppers, motors and tobaccos. United States Steel also reflected pressure with crucible and rails irregular within narrow limits. Most advances were surrendered before the end of the first half hour by increased offerings.

Amsterdam, Sept. 25.—Advices have been received from the frontier by the Telegraaf to the effect that about thirty residents of Ghent, Belgium, have been put to death in the last three weeks on charges of espionage.

THE GERMANS SUFFER HEAVY LOSSES IN AN ATTACK ON FRENCH LINE

The Enemy Made Use of Liquid Fire--- Bombardment Kept up on East Bank of the Meuse---Important Speech by Lord Derby

(By Canadian Press Direct Wire.)

PARIS, Sept. 25.—Liquid fire was used by the Germans in an attack on the French lines in the Beaumont region, north of Verdun, last night. The French, however, repulsed the assault with heavy losses to the Germans, the War Office announces.

The bombardment that has been in progress on the east bank of the Meuse, in the neighborhood of Chaume wood, was kept up by the German guns during the night.

The statement is as follows: "There was active artillery fighting on the Aisne front, in the sectors of Hurtebise and south of Jauvincourt. We checked surprise attacks on our small advanced posts east of Teton and north of Hill 304, on the right bank of the Meuse (Verdun front). The enemy conducted the bombardment in the region north of Chaume wood and renewed his attacks on our trenches near Beaumont. Notwithstanding the intensive employment of flame throwers, he was repulsed with heavy losses without obtaining any advantage. Three German airplanes were brought down yesterday by our pilots."

EARL OF DERBY SAYS THERE WILL BE MUCH FIGHTING AND SORROW BEFORE WAR ENDS

LONDON, Sept. 25.—The Earl of Derby, Minister of War, addressing the Canadian Club dinner at Folkestone last night, said that the Allies had made great mistakes during the war, but their enemies had made far greater mistakes and were gradually arriving at the conclusion that they had been using the wrong map. He feared that there was a likelihood of much fighting and much more sorrow and misery for the nation before the war would end.

It was said sometimes, the minister declared, that the enemy was demoralized. That was not true. The enemy is still fighting and is not demoralized. Although the Germans are fighting well, the Allies are fighting far better.

Commenting on the replies of the Central Empires to the Pope, Lord Derby said the day had gone by when any king or government could make war. The only authority able to make war or bring it about was the people themselves, and the only thing the Allies could do now, bearing in mind what Germany had done to civilization, was to fight on.

(Canadian Press direct wire.)

LONDON, Sept. 25.—Captain Laureati, one of the most daring Italian aviators, who has twice been decorated with military medals for valor, accompanied by an observer, made the first Italy to England flight, repeating the feat of the late George Chaves in 1910 in crossing the Alps. Laureati covered 700 English miles in 722 minutes. His machine, which is one of the new type, started from Turin yesterday. Captain Laureati flew at a height of 10,500 feet. He encountered high wind, fog banks, rain storms and clouds on the route, which lay over Modane and Culoz, in southeastern France, thence over the French battle lines in northern France to Cape Griseux, and thence across the English channel. He brought mail to the Italian ambassador.

INCREASED PAY RECOMMENDED FOR C. P. R. MEN

(Canadian Press direct wire.)

Ottawa, Sept. 25.—An increase of pay is the one recommendation made by the board of conciliation under the disputes investigation act, which had completed an inquiry into the dispute between the Canadian Pacific Railway Co. and its station agents, operators, train despatchers and linemen.

The board recommends an increase for station agents, operators, relief agents, and linemen of not less than 18 per cent. upon the present monthly wages, and an increase for train despatchers of not less than 12 per cent.

The board further recommends that these increases in rates be distributed as requested by the employees, having regard to a reduction in the difference between eastern and western lines due to the difference in cost of living in the east and west. A number of requests made by the employees are not

ATTEMPTED MURDER ALSO IS CHARGED

(Canadian Press direct wire.)

Montreal, Sept. 25.—In addition to several charges laid against Henri Monette, alias Girard, when arrested last week, including an attempt to murder Lord Atholstan and family, is a charge of attempting to kill Detective Bisette, of the Thiel agency, when Bisette tried to arrest Monette the night Elie Lalumiere was taken into custody.
