OF INTEREST TO WOMEN.**SPOT WISDOM.**Every all round housewife has to be
something of a dabbler in chemicals,
and though she seldom knows how to
write a single chemical prescription,
she has in the course of her varied
duties to make use of many chemicals
and to perform many a chemical re-
action that, if she understood it bet-
ter, would be amazingly interesting.Not the least important of the chem-
ical feats she has to perform are by
way of taking spots out of clothes.Accidents will happen in the best
regulated households, and the most
careful will bespot their clothes some-
times.Mildew is a frequent cause of spots
and javelle water applied carefully is
pretty sure to remove the spots, but it
is too strong to be used on any but
white materials. It should be applied
on the spot and held in the sunlight
for a very little while, when it should
be hastily put through many changes
of fresh water.**DYSENTERY
IS
DANGEROUS**Dysentery is one of the worst forms
of bowel complaint. It comes on so sud-
denly, the pains in the bowels become
intense, the discharges occur with
great rapidity, and are very often ac-
companied by blood, and the action on
the system so weakening that its ter-
mination often proves fatal.When the bowels get loosened up in
this way, and you wish to check the
unnatural discharge without bringing
on constipation, there is only one re-
medy to use, and that is Dr. Fowler's Ex-
tract of Wild Strawberry.This remedy is not an experiment as
it has been used in thousands of Cana-
dian homes during the past 72 years.
Mrs. Albert Fearon, Bryant's Corner,
N. B., writes: "I have used Dr. Fowler's
Extract of Wild Strawberry for the past
ten years, and I would not be with-
out it in the house."Last fall my little boy, three years
old, took very bad with dysentery.
After taking 3 or 4 doses of "Dr. Fow-
ler's" he began to improve, and before
he had used all the bottle he was en-
tirely cured. I sincerely recommend it
to all.There are many cheap imitations of
this sterling remedy on the market.
Ask for Dr. Fowler's and see that you
get the genuine when you ask for it.

IN REGARD TO HOSPITALS**The following act relating to Public Hospitals was passed at the last
session of the Legislature:**CAP. XXXVIII.**An Act relating to Public Hospitals, and to the Saint John County
Hospital.Be it enacted by the Lieutenant-Governor and Legislative
Assembly, as follows:1. The governing body of any public hospital receiv-
ing a Government grant may receive into such hospital, for
medical and surgical treatment, patients being non-residents
of the City, Town or County in which such hospital is situ-
ated, and may charge and collect from all such patients such
fees for board, maintenance and treatment as may be agreed
upon between the said governing body and such patients;
but in case any such non-resident patient applying for ad-
mission into any such hospital for treatment from any City,
Town or County in New Brunswick, shall be unable or shall
claim to be unable to pay fees for board, maintenance or
treatment in any such hospital, the said governing body
may admit such patient for treatment and all charges for
his board, maintenance or treatment shall be paid, on de-
mand, to the said governing body by the Treasurer of any
City, Town or County in which such patient had a settle-
ment at the time of his admission to said hospital, from any
moneys belonging to said City, Town or County except
County School Funds.2. The governing body of any such hospital, within ten
days after admitting any non-resident patient, unable to
pay, or claiming to be unable to pay board, maintenance, or
for treatment, shall notify by letter through the ordinary
course of the mail, the City or Town Clerk, or County Sec-
retary, where such non-resident patient has a known settle-
ment, of the admission of such non-resident patient into
said hospital for treatment, otherwise no notice need be
given. Every claim against a City, Town or County, when
made, and every such notice given shall contain the name
and present or last known address of such patient, age or
apparent age, birth place, his domestic relations, when
known, nature of illness, and in case of death, date and
cause of death, and in every case of discharge as incurable
of a non-resident patient who is unable or claims to be un-
able to pay as aforesaid, it shall be the duty of the govern-
ing body of the hospital so discharging such patient to no-
tify the governing body of each hospital to which this Act
applies, of the fact and of reason for such discharge, and
no hospital afterwards treating such patient for the same
disease shall be entitled to make claim against any City,
Town or Municipality for the board, maintenance or treat-
ment of such patient.3. The said cost of maintenance, board and treatment,
may be collected by any City, Town or County which has
paid said cost, as if the same were a tax, levied against such
patient in the same manner as general rates and taxes are
collected; and the same may be collected by any City or
Town Clerk or by the County Secretary, by an execution is-**IS NOW PRESIDENT OF
