

What are Peps

Peps are the new treatment for coughs, colds and lung troubles. They are little tablets made up from Pine extracts and medicinal essences. When put into the mouth these medicinal ingredients turn into healing vapors, which are breathed down direct to the lungs, throat and bronchial tubes. The Peps treatment is direct. Swallowing cough mixtures into the stomach, to cure ailments and disorders in throat and lungs, is indirect. Peps are revolutionizing the treatment of colds, as their price is within the reach of all. 50c. box all druggists, or Peps Co., Toronto.

WIRELESS MUSIC FEATURE OF NEW YEAR'S DANCE

New York, Dec. 31.—Soft, dreamy waltzes, raggy-taggy syncopated tunes and other kinds of dance music will be shot through the air for a distance of 31 miles this evening.

While a band plays in the Deforest Laboratories in High Bridge, New York city, ten couples will be dancing to the music thus furnished in Worristown, N.J. So will be born a new dance, "the radio telephone dance, the first of its kind.

The name does not apply to the steps of the dance, but to the manner in which the music will be furnished.

Close to the band in High Bridge will be a Deforest oscillon, which will carry the tunes via wireless. At the other end will be Deforest audion and amplifiers to jerk the notes out of the air and relay them to the dancers.

The dance will be in the home of Theodore E. Gaty, vice-president of the Fidelity and Casualty Co. of New York city. The suggestion that he get his music by wireless was made by his son, a Cornell student. The Columbia Graphophone Co. is furnishing the music and a test has proved successful.

PALE CHEEKED WOMEN TOLD ABOUT RESTORING A ROSY COMPLEXION

A few years ago the girl with pale, drawn cheeks scarcely knew what to do in order to restore her fading appearance. At that time there was no blood-food medium made that really would put color and strength into systems that were more or less worn out.

TAGGING THE KAISER.

(Boston Record.)

Those who like to do tricks with numbers may take an agreeable moment to reflect on the possibilities for the closing month of 1916 by studying these twin tables.

	Franz	Kaiser

Born	1830	1859
Began to rule	1848	1888
Age	86	57

REVELSTOKE and its BEAUTIES

- (1) Alfred Lake, Mt. Revelstoke Park, B.C.
- (2) Silver Tip Falls, on Eight Mile Creek, eight miles north of Revelstoke.
- (3) Revelstoke, B.C., in Summer, Showing Snow-Capped Mt. Begbie.

REVELSTOKE is situated on the Canadian Pacific Railway about half way between Sicamous and Glacier. It is a town of about 4,500 people, having altogether nine hotels, the leading hotel being the "Revelstoke," situated right at the Depot. Revelstoke is most picturesquely situated in the Valley of the Columbia River, and practically surrounded by mountains. Mount Begbie is always an interesting sight, and the Glacier on Mount Begbie can always be seen from Revelstoke. The view from the hotel on a summer evening is magnificent. There are two trips from this place which are absolutely unique in the whole Canadian Pacific Rockies.

One trip is nine miles north of Revelstoke, along the Columbia River to Silver Tip Falls, through the famous Columbia Canyon, which for scenic beauty and thrills is unsurpassed on the American Continent; and the other is up Mount Revelstoke. The Dominion Government is now building an automobile road from Revelstoke to the top of this mountain, and has recently expended \$200,000.00 on this road, which is now ten miles up the mountain. The road zig-zags up the mountain, having an excellent grade, a high-powered automobile being able

to go up this road on high gear. Tourists who have made this trip as far as the road is completed, claim that there is no trip on the American continent that can compare with it.

Should tourists be desirous, arrangements can be made to have saddle horses awaiting them at the end of the automobile road, so that they can continue to the top of Mount Revelstoke where a most beautiful natural park is situated.

In the months of July and August, this park is a most brilliant panorama of color, being covered with the most beautiful of wild flowers, which give the appearance of the whole mountain top being one glorious mass of red, yellow, and green, in the centre of which are Lakes Eva, Milar, and respect, the background being the famous Revelstoke Glacier. The lakes are about five miles from the end of the automobile road.
