GOVERNOR PUGSLEY.

The appointment of Hon. Dr. Pugsley to the Lieutenant Governorship has been well received on all sides. His great ability is everywhere recognized and the general feeling is that he will discharge the duties of his exalted position in a manner that will give satisfaction to all classes of the people.

Commenting on his appointment, the St. John Times (Liberal) says:

"New Brunswick has had no more genial and gifted Lieutenant Governor than Hon. William Pugsley will prove to be. If he feels, after many years of public service of the greatest value to this province and the Dominion, that he may fairly retire to the comparative quiet and ease of this office, and accept the great honor thus conferred upon him, he may do so with the full assurance that his fellow citizens will welcome him as the executive head of the province. The only regret, so far as St. John people are concerned, is that they will lose the representative who made harbor development in St. John a reality, and whom they hoped would, under a Liberal government in the near future, get an opportunity to finish the work so well begun, but so sadly neglected during the six years of Conservative rule. Dr. Pugsley has been one of the leaders in the Parliament of Canada, whether as a minister or in opposition. He is one of the greatest constitutional authorities in the country."

The St. John Globe, independent Liberal, says:

"Hon. Mr. Pugsley's training in public life, his suavity of manner, his urbanity, his oratorical abilities and his interest in the activities of every day, fit him admirably for the position. He enters upon the discharge of his new duties with the best wishes not alone of the politicians, but of the people. Those who have been his keenest critics and most consistent opponents will agree that in accepting office he does the right thing and that his term of office will be distinguished by impartiality and will command the goodwill of all."

THE GREATEST MERGER.

A London cables quotes the Saturday Review in an editorial on the sale of honors, which was under debate in the House of Lords this week, as saying:

"Curiously enough, the peerage which has excited the most adverse comment, was not given for money. Mr. Maxwell Aiken before the general election of 1910 was unknown to the press and public of this country. In 1911 he was created a knight. In 1916 he was promoted to the baronetcy and in 1917 he was made a peer."

"The facts about the peerage are common knowledge. It was certainly not given for cash. At a critical juncture Aiken brought Lloyd George and Bonar Law together and rendered possible the formation of the present coalition government."

Lively interest, says the despatch, is evoked in the publication today of a book entitled "Lloyd George and the War." The author, who styles himself an independent Liberal, gives a fascinating account of the crisis of last December, resulting in the fall of the Asquith coalition ministry and the substitution of Lloyd George as Premier. According to this author, the gentleman who had most to do with these events was Sir Max Aiken, described here as a "rich Canadian newspaper proprietor."

"With the secret of personal diplomacy," the writer says, "it was he who brought Lloyd George, Bonar Law and Sir Edward Carson together. There were breakfasts, dinners, suppers and numerous conclaves with Aiken as host-go-between and intelligence officer," is the way the author puts it.

Sir Max, who is now Lord Beaverbrook, when a resident of Canada was very successful in floating companies and bringing about mergers, and it seems that he is still able to play the game. He undoubtedly rendered a great service to the Empire when he brought about the political merger in Great Britain last September.

A red-hot civic campaign in New York will be brought to a close today. Mayor Mitchell, who is seeking re-election, is being opposed by Mr. John F. Hughes, the Tammany candidate, Mr. William Bennett, Republican, and Mr. Morris Hillquit, socialist. Ex-President Roosevelt, who is supporting Mitchell, declares that he is the best mayor New York has ever had.

The St. John Standard is helping along the cause of union by publishing in its columns almost daily villainous cartoons of Sir Wilfrid Laurier, the Liberal leader. As the Quebec Telegraph well says: "It is a striking commentary on partisanship in Canada that while the Tory press is full of scurrilous and undignified cartoons, they are conspicuous by their absence from the Liberal press."

Mr. R. A. Pringle, ex-M.P., of Ottawa, has been appointed controller of news print. Mr. Pringle is known in New Brunswick, he having been called here several years ago to investigate matters pertaining to the Southamptontown Railway.

Sir Wilfrid Laurier will open his campaign in Quebec city on Friday evening of this week. The Liberal chieftain will visit Winnipeg next week to address a meeting and consult with his supporters.

Only five days more remain in which to register under the Military Service Act. All who do not register by the 10th inst., will be treated as deserters and are liable to a term of imprisonment.

Dr. D. H. McAlister, who was some time ago nominated as the Liberal candidate in Royal, has come out strongly in favor of union government.

Punkin pies—oh, squash!

The punkin pie is now in our midst. Hats off to the punkin. It defies the H. C. of L.

Only a pessimist can discover the punk in punkin pie.

The same man who grumbles most at the heat does all the kicking when the mercury goes into winter quarters.

No man will admit that he would marry a woman smarter than himself—because he doesn't believe there is one.

HAD BRONCHITIS FOR THREE YEARS

COULD GET NO RELIEF.

Bronchitis is generally the result of a cold caused by exposure to wet and inclement weather. It begins with a tightness across the chest, difficulty in breathing, and a wheezing sound comes from the lungs. There is also a raising of phlegm from the lungs, especially in the morning. This is at first white, but later becomes of a greenish or yellowish color, and is occasionally streaked with blood.

On the first sign of bronchitis you should check it immediately by using Dr. Wood's Norway Pine Syrup, and thereby prevent it becoming chronic and perhaps turning into some more serious lung trouble.

Mr. Theodore P. Beers, Upper Main River, N. B., writes: "I was troubled with bronchitis for three years and could get no relief. I was always worse when I got wet. I tried lots of different medicines, but none did me good until a friend told me to try Dr. Wood's Norway Pine Syrup. I got three bottles and before I had them half used I was better."

"My mother is now using it for asthma. It is a great medicine and we never want to be without it."

Dr. Wood's Norway Pine Syrup is put up in a yellow wrapper; three pine trees the trade mark; price 25c and 50c; manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

CECIL CARMAN KILLED IN ACTION IS THE REPORT

Sergt. Clarence Edgecombe is Seriously Ill—Gunnery J. E. Wilson and L. Wilkinson Wounded.

Casualties from this section of New Brunswick are reported in quite large numbers today and the conjecture is that the Canadian troops have been in some hard fighting. Mr. and Mrs. H. R. Carman of Barker's Point, have been notified that their son, Private Cecil Carman, has been killed in action. He went west in 1911 and has not been home since. He went overseas with the 191st Battalion and to France in September last. He is survived by his parents, a widow living in Calgary, one brother Allan of Minto and two sisters, Misses Gladys and Letitia at home.

Seriously Ill. Sergt. Clarence Edgecombe, reported yesterday as wounded, is today reported seriously ill in the 7th Canadian General Hospital, November 1st.

Gunner Lawrence Wilkinson. Rev. W. J. Wilkinson, rector of St. Peter's church, Springhill, today received official word to the effect that his son, Gunner W. Lawrence Wilkinson, artillery, was admitted to the 44th Casualty Clearing Station, October 29th, with gunshot wounds in the right leg and left arm.

Gunner Joseph E. Wilson. Mrs. Lillian Wilson of 541 Charlotte street, was notified this morning that her husband, Gunner Joseph Edward Wilson, artillery, was admitted to the 3rd Australian Casualty Clearing Station October 26th with a gunshot wound in the right foot. Gunner Wilson is a former member of the Royal Canadian Regiment and the United States Coast Artillery Corps. He left with the 24th Field Battery.

TROUBLED WITH CONSTIPATION From 16 to 20.

Constipation is one of the commonest ills of mankind, and one too often allowed to go unlooked after until some serious complication sets in.

If the bowels are properly looked after there will be no constipation, jaundice, sick or bilious headaches, heartburn, coated tongue, sour stomach, floating specks before the eyes, etc. Milburn's Laxa-Liver Pills will keep your bowels so regulated that in no time the constipation will disappear.

Miss Emma E. Melanson, Halifax, N.S., writes: "I am now 20 years of age and since I was 16 I have been greatly troubled with constipation, so much so that at times I would be in bed three or four days a month. I tried all the old-fashioned remedies, castor oil, cascara, etc., with only temporary relief until my sister-in-law gave me some of Milburn's Laxa-Liver Pills. From the first they seemed beneficial and I gave them a fair trial. This was two years ago, and with an occasional dose I have kept entirely free from constipation for the period mentioned."

Milburn's Laxa-Liver Pills are 25c. a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.
