**OF INTEREST TO WOMEN.****SAVE THE TOMATOES.**Now They are Literally Lying on the  
Ground—Don't Let Them Go  
to Waste.First and foremost comes the plain  
canning method. When you have can-  
ned and canned, you should turn your  
thoughts to other ways of preserving  
them. And just here come in tomato  
pickles of various sorts. Here are  
some recipes for preparing different  
tomato pickles that are worth while:**Ripe Tomato Soy.**Ripe tomato soy can be made as  
follows: 1 peck of ripe tomatoes,  
peeled and sliced; 1 cupful of salt.  
Let stand 24 hours; drain off the li-  
quid and add 1 head of celery, 8 on-  
ions, chopped fine; 1 quart of vinegar,  
1 tablespoonful each of ground mus-  
tard, ginger, cloves, allspice, cinnamon  
and half a teaspoonful of cayenne pep-  
per; stew slowly 2 hours, and when  
nearly done add 1 pound of sugar and  
a quarter pound of white mustard  
seed.**Green Tomato Soy.**Slice thin a peck of green tomatoes,  
add a pint of salt, let them stand 24  
hours, strain and put over the fire with  
12 raw onions, an ounce of black pep-  
per, 1 ounce of allspice; three-quar-  
ters of a pound of ground mustard;  
half a pound of white mustard seed  
and a little cayenne pepper. Cover  
the whole with vinegar and boil until  
thick as jam, stirring occasionally with  
a wooden spoon to prevent burning.  
This will keep many months if sealed  
in glass.**Sweet Tomato Pickles.**1 peck green tomatoes, sliced. Strew  
1 cupful of salt over them, let stand  
over night, and in the morning drain  
off; then take 4 quarts of vinegar, 3  
pounds of brown sugar, quarter of a  
pound of whole white mustard seed, 2  
tablespoonfuls each of pimento, cloves,  
ginger and ground pepper. Put all ina kettle and boil till thoroughly done.  
This will keep in a stone jar.  
India Relish.1 peck of green tomatoes, half head  
of cabbage, 12 green peppers, 1 pound  
of brown sugar, 1 tablespoonful of cin-  
namon and 1 tablespoonful of allspice.  
Chop the tomatoes, put half a cupful  
of salt over them and let drain for 24  
hours; then add 3 onions, the cabbage  
and peppers, all well chopped. Put  
spices in bag and add sugar. Cover  
well with cider vinegar and let it sim-  
mer for 4 hours.**CORN MEAL AND WHEAT BREAD.**One and a half cups of water or a  
mixture of milk and water, quarter of  
a yeast cake, 1 tablespoon sugar, 1  
teaspoon salt, 1 cup cornmeal, 2 cups  
wheat flour, water for cooking the  
cornmeal.Stir the cornmeal into 1 cup of boil-  
ing water and cook it in a double boil-  
er for 20 minutes. Cool the mush un-  
til it is lukewarm.**That's it! Clean and—**

**of Prohibition!****Hon. Nicholas Iserguine**Inspector of State Sav-  
ings Banks of Russian  
Empire states, in regard  
to effect of Prohibition:  
"We have about dou-  
bled in less than  
three years the amount  
accumulated in seventy-  
three years previous to  
the outbreak of the war,  
for our State banks are  
about seventy-five years  
old."**Former Attor.-Gen. Baxter**in introducing the Prohibition  
Act said: "I do not think that  
I need discuss the question of  
whether Prohibition prohibits.  
That depends upon you and  
me. If those in the community  
who hold the moral forces under  
their particular care—if they do  
their duty—if they let petty  
things go and if they stand  
back of the men who live under  
the law and persistently and  
insistently urge these men to  
respect the law—for without  
respect the law becomes of no  
value whatever—to respect this  
law as they would any other  
law, if the moral and social  
leaders of our country will but  
rise to the occasion and do their  
duty, there is no fear but that  
a prohibitory law, like any  
other law, can be enforced  
within the Province of New  
Brunswick."**Premier Foster**as leader of the Opposition, in  
speaking of Prohibition said:  
"That in his opinion the Tem-  
perance question is not a ques-  
tion of party politics. Prohibi-  
tion, after all, affects everyone  
directly or indirectly and is  
therefore too big and broad a  
matter to be dealt with politi-  
cally. The law is to-day on the  
Statute Books, and if we are  
returned to power when May  
1st comes the Prohibition bill  
will be put into effect, and we  
will enforce it as far as it lies  
in our power to do so."In these critical days when governing bodies the  
world over are imploring everyone to increase  
production of food, when our armies are crying  
for men, munitions, ships—when every resource,  
however small, is a vital asset—waste is intolerable.New Brunswick stands second to none in her  
loyalty to the vital cause of the Empire. Of her  
sacrifices of precious boys, her wealth and  
resources she is justly proud. With effective  
Prohibition laws in force throughout the province,  
she will tolerate no waste due to lax enforcement  
of Prohibition. Her resolve, however, demands a  
united public opinion in favor of strictest  
enforcement.**Help to Enforce Prohibition**The "PIONEER" (published in Toronto) is authority for the statement that  
in Canada the total value of foodstuffs destroyed by the liquor traffic in 1916  
was approximately \$4,244,090.22. Add to this the immense loss of trans-  
portation facilities, clogged and hindered by carrying the grain to  
destruction, and again conveying the product of the breweries and distil-  
leries to make precious men less efficient in this solemn hour!**Russia—**Some idea of the enormous effect  
of Prohibition is afforded by the  
wonderful example of Russia. The  
whole country is "bone dry." The  
people declare they never will back-  
slide to vodka. In spite of the fact  
that millions of producers have been  
in the army the savings of the people  
enormously increased. In 1912 and  
1913 they were saving, per year,  
about \$20,000,000. In the first five  
months under Prohibition they saved  
\$60,000,000. In 1915 the banks took  
in \$265,000,000. For the first half  
of 1916, the Russian people saved  
\$300,000,000!The shortage of revenue from the  
tax on vodka is gradually being  
made up by increase in other  
revenue, due to the savings and  
greater efficiency of the people. In  
spite of the ravages of war there is  
less begging and misery. "With  
vodka on her back, she could neverhave held the Germans back. Russia  
has helped to save Europe."On May 1st 1917, the putting into  
effect of the Prohibitory Act in New  
Brunswick placed in our hands a  
powerful instrument. The success  
of Prohibition depends upon our  
use of the instrument, just the same  
as success in battle depends upon  
the general's intelligent, vigorous  
use of his forces.No matter where you live, whether  
your district is under the Canada  
Temperance Act or under the new  
Prohibitory Act, you are urged to use  
every legitimate means within your  
power of support and aid the officers  
of the law in their sworn duty of  
enforcement.Use your influence to build up such  
a weight of public opinion in favor  
of strictest enforcement of both the  
Scott Act and the Prohibitory Act  
that the success of Province-wide  
Prohibition will be permanent.**Dominion Temperance Alliance****NEW BRUNSWICK BRANCH****DONALD FRASER, President**
