

ACIDS IN STOMACH SOUR THE FOOD AND CAUSE INDIGESTION

"Pape's Diapepsin" Fixes Sour, Gassy,
Upset Stomachs in Five
Minutes.

If what you just ate is souring your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache, you can surely get relief in five minutes.

Ask your pharmacist to show you the formula, plainly printed on these fifty-cent cases of Pape's Diapepsin, then you will understand why dyspeptic troubles of all kinds must go, and why it relieves your out-of-order stomachs or indigestion in five minutes. "Pape's Diapepsin" is harmless; tastes like candy, though each dose will digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but what will please you most is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many "Pape's Diapepsin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gases, heartburn, sourness, for dyspepsia, or any stomach misery.

Get some now, this minute, and rid yourself of stomach misery and indigestion in five minutes.

THE GOVERNMENT'S LAND SETTLEMENT SCHEME

Premier Murray, in his manifesto to the electors, makes a big splash over what the government is going to do towards promoting settlement in New Brunswick after the war. The government, according to Premier Murray, is going to "set aside extensive areas of land not now available which are found to be suitable for farming, and for the use of our own people, as well as immigrants coming to us in the future." We are further told that "plans are now being made for the subdivision of extensive areas in Restigouche and Northumberland counties, which have been found suitable for the purposes of the settler."

Premier Murray is a great admirer of Hon. J. D. Hazen, whom he tries to ape when on the public platform, and will no doubt be largely guided by his advice in any policy which he will try to carry out if returned to power.

Now, what does Mr. Hazen think of the plan to settle people on the Crown lands? Fortunately, we have a very good record of his views in the legislative debates of 1907, when Hon. Dr. Pugsley was urging the passage of the International Railway bill, on the ground that it would open up land for settlement. Here is what Mr. Hazen said on that occasion:

"Moreover, the country is such that there will not for many years to come be a single settler on it. No one is going to the trouble of carving out a farm in the forest, when he can go out west and get land ready to walk on to."

Then we have the views of ex-Premier Flemming, who seems to be actively associated with Premier Murray in this campaign. Here is what Mr. Flemming said from his place in the House in 1907:

"I want to say that the day has passed when the young men of New Brunswick will take up wilderness lands. Western opportunities are too great."

EX-PREMIER FLEMMING IS STILL IN FAVOR

Warmly Defended by the Present Premier in a Speech at Woodstock.

From the Gleaner, Sept. 1, 1916, report of the government convention in Woodstock, August 31, 1916:

"It was about 8.30 o'clock when Hon. Mr. Smith accompanied by Hon. J. A. Murray, Minister of Agriculture, Hon. Dr. Landry, Provincial Secretary, Hon. J. K. Flemming, the Conservative nominee for the Federal house, Mr. H. W. Woods, M.L.A. for Queens county, arrived at the theatre. As they ascended the platform the large crowd burst out in cheering."

Hon. Mr. Murray's speech, reported by the Gleaner:

"He also congratulated the convention on their admirable selection of a candidate as a running mate for Mr. Smith, and also expressed his heartfelt appreciation for the magnificent reception that had been tendered Hon. J. K. Flemming. Hon. Mr. Murray said he was indeed pleased to see Hon. Mr. Flemming had been restored to health and was once again ready to jump into the fight. The leading men of both political parties were indeed surprised to think the opposition would sink so low as to carry on a campaign of slander, insinuation and innuendo against Hon. Mr. Flemming when he was so ill. Even the worst criminal is treated with more consideration than the Opposition treated Hon. Mr. Flemming, and it is not to the credit of the reptile press who vilified and abused a man who has given to New Brunswick such legislation as Hon. Mr. Flemming placed upon the statute books of this province. I hope that kind providence will continue the restoration and enable him to deal with his traducers."

Hon. Dr. Landry "also expressed his pleasure at seeing Hon. J. K. Flemming once more restored to health."

IT'S NOT IMPOSSIBLE

to cure that skin disease of yours if you will only use the right remedy. Zam-Buk is the right preparation for all such troubles, because Zam-Buk is specially adapted for obstinate and chronic troubles. Zam-Buk owes its great power to its unique herbal composition.

Mr. W. D. Love, of 33 Rand St., Central Falls, R.I., U.S.A., writes: "For nine months my little son endured a bad attack of eczema on his face and head. The pain at times was intense and although we tried numerous remedies and spent dollars upon doctors, he got no relief. Finally we were persuaded to use Zam-Buk."

"To say the results were gratifying is putting it mildly! The first few applications ended the pain and irritation, and it was soon evident that Zam-Buk was effecting a cure. We persevered, with the result that my little son is now completely cured. In the interests of other sufferers you have my permission to publish what a wonderful cure Zam-Buk has wrought in my home." Zam-Buk is also unequalled for ringworm, scalp sores, ulcers, abscesses, blood-poisoning, piles, burns, scalds, cuts and all skin injuries. The Man Who Puts The "Deal" Through

must be ready physically and mentally.

This readiness depends to a great degree on sound nourishment—food that includes those "vital phosphates" so essential to sturdy energy, but which are often lacking in the usual dietary.

The famous food—

Grape-Nuts

made of wheat and malted barley, retains and supplies, as does no other food in such splendid proportions, all the nourishment of the grains. It includes potash for brain and nerves, iron for the blood, lime for the bones, and other most necessary mineral elements.

Grape-Nuts has a wonderfully delicious flavor, is easily digested, and comes ready for the table. With cream or milk it makes a splendidly balanced ration.

Every table should have its
daily ration of Grape-Nuts—
