CANADIANS IN THE THICK OF THE FIGHTING AT LENS

(By Stewart Lyon, Canadian Press Correspondent in France.) Canadian Army Headquarters, June 27. — A further phase of the long struggle for the recovery of Lens, the centre of the richest coal mining region of France, from the German invader was reached early this (Thursday) morning when the enemy's front line protecting Avion, a suburb of the city, was captured by storming waves which went forward under the protection of a concentration of artillery fire on the part of aviation immediately behind the German line.

By this morning's advance the British line has been carried forward to within a mile of the centre of Lens.

The assaulting troops were composed of men from British Columbia, Manitoba, Central Ontario and Nova Scotia. The Canadians have been greatly heartened by the success gained during the past few days at relatively small cost and this morning's advance, which involved the crossing of open ground sloping up on Avion and the village of Leauvoite, near the Souchez river, met with opposition of a serious nature at only one point, where a combination of machine gun fire and uncut wire delayed some of the Manitoba men. The attack was not intended to be pressed home at this particular point, because the ground favored the enemy, so no great harm was done.

Objectives Reached.

The men to the east and west of the Manitobans having reached their own objectives at once began to clear the

enemy out of a portion of trenches held by him in the centre. When this despatch was sent, few Germans were left on this part of the line. On the eastern left of the two mile front along which the attack was made the Nova Scotians pushed their way up the Lens-Arras road to the village of Leauvette. Here they came into contact with the enemy and took a number of prisoners.

At the other end of the line, east of the railway track, enemy dugouts were bombed. Their occupants belonged to the crack Prussian Guards corps, the Fifth Guard Grenadiers, who refused in most cases to come out and surrender. One officer and twenty-one men of the Grenadiers decided that discretion was the better part of valor. Others are believed to be still alive in the dugouts which will be thoroughly explored after the ground won is consolidated.

At daybreak our aeroplanes flying low over Avion saw very few Germans there. Craters which recently were made by mine explosions at the cross roads are now seriously attacked. The enemy's guns have been shelling our communication trenches but our heavier ones are now taking them on with good results.

Halifax Chronicle: The fishermen of Nova Scotia who find themselves without salt this year, will know that the fault lies with the Dominion Government. Instead of carrying salt out to Canada as ballast from Mediterranean ports and earning a freight rate of say seven or eight dollars a ton, the department having charge of the transports coming to Canada preferred to buy mud for ballast, pay good money for it and pay more good money to dump it overboard in Bedford Basin. Wise Government, eh?

When You Can't Sleep

YOU SHOULD USE

MILBURN'S HEART AND NERVE PILLS

Sleeplessness is caused by the nervous system becoming deranged.

Perhaps too much worry has gotten on your nerves, perhaps you have overworked yourself, or have been excessive in your use of tobacco, but whatever the cause, the nervous system must be built up again before restful sleep can be assured.

Those whose rest is broken into by frightful dreams, nightmares, sinking and smothering sensations, who wake up in the morning as tired as they went to bed, can have their old, peaceful, undisturbed, refreshing sleep back again by using Milburn's Heart and Nerve Pills.

Mrs. John Sloan, Haley Station, Ont., writes: "Over a year ago I was very nervous. I could not sleep at night, and I would faint at the slightest fright. I tried several doctors, but they did me practically no good. I noticed your advertisement and immediately tried Milburn's Heart and Nerve Pills, and I am proud to say they cured me."

Milburn's Heart and Nerve Pills are 50c. a box or three for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

EVIDENCE TO BE MADE PUBLIC

Montreal, June 28.—Any evidence taken by the McLeod-Tellier Commission on the charges affecting Hon. R. Rogers will be made public.

This point Sir E. McLeod made clear this morning. We have not yet decided whether we shall have witnesses to call, he said.

"We are now studying the evidence taken by the Galt commission, but if we do call witnesses you may be assured that there will be no secrecy. Everything will be published and we shall give full notice of our intentions to that effect before any witnesses are called."

Here Judge McLeod turned to his colleague, Judge Tellier, who was near and asked, "I am right in that, am I not?"

"That is quite correct," Judge Tellier assented.

Senior—Have you been through Calculus?

Fresh—Yes, but it was dark and I didn't see much of the place.—Orange Peel.
