MR. DUPONT HAS A SUBMARINE DESTROYER

Wilmington, April 9—Alfred I. Dupont has announced his intention of turning over to the government a submarine destroyer of a new type, now under construction at Bristol, R.I., and which is pronounced by experts to be one of the most efficient yet conceived. It is to be of all steel construction 110 feet long, 15 feet beam and a draught of only 4 1-2 feet and will be completed July 1. The light draught of the boat, it is said, virtually will render it immune from torpedoes.

PACIFIST PRIACHER MOBBED AT PORTLAND

Portland, Maine 9—Rev. Chas. E. Joye, Pastor of the first Unitarian Church, the oldest and one of the richest in this city, was burned in effigy in front of his church by a party of unidentified men last night. After he had preached a sermon in which he was reported as expressing the opinion that "The war in which we serve is an unrighteous war." During his sermon Rev. Dr. Joye said that neither by act nor word could he aid his country in what he believed was her wrong doing.

ACIDS IN STOMACH SOUR THE FOOD AND CAUSE INDIGESTION

"Pape's Diapepsin" Fixes Sour, Gassy, Upset Stomachs in Five Minutes.

If what you just ate is souring your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache, you can surely get relief in five minutes.

Ask your pharmacists to show you the formula, plainly printed on these fifty-cent cases of Pape's Diapepsin. Then you will understand why dyspeptic troubles of all kinds must go, and why it relieves your out-of-order stomachs or indigestion in five minutes. "Pape's Diapepsin" is harmless; tastes like candy, though each dose will digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but what will please you most is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many "Pape's Diapepsin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gases, heartburn, sourness, for dyspepsia, or any stomach misery. Get some now, this minute, and rid yourself of stomach misery and indigestion in five minutes.

PEOPLE OF BRAZIL DEMAND ACTION

Rio Janeiro, April 9—Despatches received from all parts of Brazil describe the agitation caused by the torpedoing of the Parana. Every where press opinion demands immediate and energetic action on the part of Brazil. Activity prevails in Rio Janeiro and special anchorage has been arranged for the German ships in the port. The students have called a meeting for tomorrow to decide what attitude should be adopted in the way of reprisal in the face of a German assault.

BIG GAME IN NEW BRUNSWICK

IN the summer season the Province of New Brunswick is a happy land, where the sunny hours speed away on the feet of delightful dreams. In the fall she is lovely in her rich dress of brown; and in the winter, when she is arrayed in her robe of virgin whiteness, she is fair and charming; and if she is then cold, her admirers do not feel that her chillness is a chillness of heart.

This favorite Canadian haunt is preeminently a land of the holiday-maker and sportsman. St. Andrews, where is situated the popular Canadian Pacific Algonquin Hotel, and many other seaside places are loved haunts of the bather and outdoor game player during the holiday season of June, July, August and September. No sooner have the summer holiday folks and fishermen left the province than the hunters of the big game take their places, for at the opening of the big game season large numbers of hunters of both sexes appear with their guns amidst the thick forests of the land. New Brunswick is one of the most popular of the Canadian provinces for big game hunting. Moose, caribou and deer are plentiful in this region.

A magnificent specimen of big game is the moose. When fully grown he weighs over 1,000 lbs. His massive antlers are long and generally average six feet in width. He may be found in twelve of the fifteen counties of the province. It is only the hunting folks and the wary guides who know how to hunt the moose. There is the "calling" done early in the season, and the "still hunting" done later on—in the cold weather. In September and October the moose is often surprised and shot wading in the lakes and rivers, feasting on the roots of water plants. While pursuing the moose, the hunter can distinguish between the tracks of the male and the female, for the male leaves round tracks and those of the female are somewhat pointed. Fredericton, Havelock, Newcastle, Bathurst, Campbellton and Perth are good starting points.

A graceful antlered monarch of New Brunswick is the caribou. He weighs about 600 lbs. on an average. It is a delightful sight to watch him stride at a walking rate, or trot, or gallop over the country. A full grown caribou stands from four and a half to five feet in height. Of this animal there are two varieties, the woodland and the barren ground species. The woodland is somewhat taller than the other and its color is darker about the body, but the horns are lighter. It is generally found in herds of about half a dozen. The barren ground caribou travels in large herds, and its coat is light. This kind is noted for its migratory habits. In New Brunswick the places where the hunters are likely to achieve the best results are North West Miramichi, Restigouche, Upsalquitch, Nepisiguit, and Tobique Rivers. The starting points for these areas are Newcastle, Campbellton,

Bathurst, Chatham and Perth, all of which are reached by the Edmundston Branch of the Canadian Pacific. There are few localities in New Brunswick where a deer may not be located. Like the moose and the caribou he gives those who follow him an interesting and pleasant sport.

Sportsmen desirous of hunting the big game of New Brunswick may secure good accommodation at the homes of their guides. Good hotels and boarding houses are also available.

The season for the hunting of the moose, caribou, and deer opens on September 15th and continues to November 30th. Shooting on Sunday is prohibited by law. Non-resident hunters must be accompanied by a licensed guide. The license to kill

one bull moose, one bull caribou, and two deer costs a bona fide resident of the province \$3 and a non-resident \$50. Hunting with hounds is forbidden.

This year the opening of the big game season was marked by the exhibition for sale on the St. John market of moose and deer meat. In recent times there has been a considerable reduction in the number of males amongst the larger New Brunswick game, and the people are becoming alive to the necessity for being more careful. Indiscriminate shooting is being checked to some extent at all events, and it has been suggested that the sale of the meat of big game on the markets should be stopped to discourage the hunter who hunts for the purpose of making money.
