Violent Artillery Fighting On Franco Belgian Front

German Reconnoitering Parties Were Easily Repulsed by The French---American Supply Ship of a New Type Arrives at French Port.

PARIS, June 12.—Violent artillery engagements in the region of the Calvarnie plateau, on the Aisne front, and in the Champagne, are reported in today's war office announcement. The statement follows: "The artillery fighting was rather violent in the region of the Calvarnie plateau and southeast of Cerny. In the Champagne the bombardment of our positions, at Mont Blonda and Mont Carnillet was spirited at about midnight, and we repulsed with ease German reconnoitering parties at several points and took prisoners."

PARIS, June 12.—A correspondent of the Journal describes a visit aboard the first American ships of a new type which arrived recently at a French port. He says a steamer which he calls "J," belongs to a class of vessels which accompany the squadron far from its base and are capable of keeping it constantly supplied with food, coal and materials for repairs. The "J" did not come alone, but was accompanied by one of the new boats constructed for the purpose of submarines. The "J" brought thousands of tons of wheat flour in a miscellaneous cargo, and a veritable mountain of medicines and surgical dressings. A large number of German and Austrian prisoners assisted in unloading the "J."

THE HAGUE, via London, June 12.—President Wilson's note to Russia was published today in Germany. The newspapers made no comment on it, as the foreign office had given instructions that comment should be postponed until tomorrow. The document is reported to have caused a sensation in Germany.

BOULOGNE, June 12.—Another installment of the vanguard of the American army has arrived in France in the form of 150 ambulance drivers and 75 horses. Preceded by a British military band they marched through the streets amid the cheers of the population.

AUSTRIAN OFFICIAL STATEMENT ADMITS

THAT ITALIANS PENETRATED THE TRENCHES

VIENNA, June 11, via London, June 12.—An official statement issued by the Austrian War office today remarks:

"On the eastern and southern fronts the situation is unchanged. On the Italian front, the attack, which has been expected for some time, of the sixth Italian army on the Sette Comuni plateau and in the Sugani valley, has begun, after careful artillery preparation lasting for several days, when the enemy yesterday threw his infantry into the fight on the front between Asiago and the Brenta river.

"Fighting was especially obstinate near Mont Zebrio and in the region of Monte Forno, where the assault was shattered by the bravery of the Syrian troops. In the Sugani valley all enemy attacks collapsed. On the Isonzo front there is nothing especially to report."

BRITISH RECRUITS LEAVE NEW YORK.

NEW YORK, June 12.—The first contingent of British recruits gathered in the city for overseas duty 200 strong, left last night for Canada's training camps. Before their departure they were told something of a British soldier's duties by Gen. W. A. White, chief British recruiting officer, who addressed them at a luncheon.

Wallters. The Njord was bound from Sydney, N. S., for St. Johns, Nfld. She was abandoned forty miles east by north of Cape Breton.

The wood was intended for shipment to England and France, but because of the shortage of ships, its transfer to those countries has become impossible.

REDMOND KILLED WHILE LEADING HIS MEN IN AN ATTACK

LONDON, June 12.—According to official details supplied to his relatives, the late William Redmond, who was killed in action, had a post with a staff division which justified his remaining at headquarters. Mr. Redmond earnestly insisted that it was his wish to accompany his regiment in the advance, and the general reluctantly consented.

Mr. Redmond was leading his men in an attack in the Wytchaete wood, when he was wounded. He did not recover consciousness and died a few hours later in the Ulster Field Hospital. His body was taken to the little village of Loore, where it was buried Saturday at the urgent request of the nuns, in the private garden of their convent at the foot of a grotto and a statue erected in honor of Our Lady of Lourdes.

The funeral service was conducted by chaplains of the Ulster and Irish divisions. The grave was decorated with flowers by children of the village, and a volley was fired over it by a mixed company from the Ulster and Irish division.

KILTIES' BOSTON RECRUITING CAMPAIGN GREAT SUCCESS

The recruiting campaign conducted by the 236th New Brunswick Highlanders in Boston, Mass., and vicinity, has produced 425 volunteers for the Imperial and Canadian forces, 99 per cent for the 236th. Of that number at least 275 are expected to be fit for infantry service. In addition to these upwards of one hundred men were secured for the United States army.

With the approval of the British Recruiting Mission, which has established its headquarters in New York, the campaign will continue for another week and will probably close with the participation by the Kilties in the Bunker Hill Day demonstration at Boston next Monday. By that time it is expected that not less than 600 or 700 physically fit men will have been enlisted for the 236th Battalion, bringing the local unit up to considerably over strength.

One of the biggest features of the Boston campaign will be a demonstration which is being arranged for next Friday evening by the united Canadian, Scottish and British societies of Boston. This will take place at Mechanics' Hall and it is expected that 10,000 people will attend.

Seventeen of the Boston recruits arrived with Capt. Black from Boston today and each day during the balance of the week it is expected that there will be from 50 to 100 recruits arriving here. Arrangements have been made to have a special car attached to the Boston-St. John express daily for the accommodation of the recruits and in a few days it is expected that everything will be running smoothly, so that recruits can be shipped here from Boston and outfitted almost as rapidly as they are secured.

Battalion Leaves Friday.

The Kilties will leave Fredericton on Friday morning en route to Valcartier Camp, where they will continue their training for an indefinite period. After they leave it is expected that a depot will be established here through which all recruits enlisted in New England and in New Brunswick will pass, be examined and outfitted and then sent to Valcartier to join the battalion in parties.

Capt. Black will probably return to Boston on Wednesday or Thursday and will later come back to Fredericton and be in charge of the depot here until it is closed.

UNEXPECTED CRISIS HAS DEVELOPE IN THE ITALIAN CABINET

Friction Between Baron Sonnino and the Other Ministers Has Reached Climax Over Selection of Italian Missions--- Parliament Called For June 14.

ROME, via Paris, June 12.—A crisis in the Italian cabinet has developed when least expected, only a few days before the re-opening of parliament, which is fixed for June 14th.

For some time a disagreement between the members of the cabinet has been known to exist, especially between Baron Sonnino, minister of foreign affairs, and the other ministers. The friction reached a climax when the members of the Italian mission had to be selected. Then Baron Sonnino put his veto on the appointment of several persons whom the other ministers considered most suitable for the task, and declared that he would resign if the appointments were insisted upon.

Wishing to avert a crisis in such a grave moment of the nation's history, the cabinet ceded to Sonnino's opinion.

This was one of the chief causes of delay in appointing the mission, in addition to the refusal of the Duke of Abruzzi to return to America for personal reasons.

The life of the cabinet, however, seemed reassured, particularly after the recent successes on the Carso front, when suddenly a proclamation was published announcing the independence of Albania under an Italian protectorate.

SOCIALISTIC DELEGATES TO RUSSIA ARE HELD UP

LONDON, June 12.—The holding up of the socialist labor delegation to Russia by the seamen's and firemen's union is causing a good deal of comment, and occupies a considerable amount of space in the papers. There is a sharp conflict of opinion and Ramsay MacDonald and Frederick W. Jewett, the heads of the delegation, have received strong support from the Glasgow trades council.

The trades council has telegraphed to the Premier, the shipping controller, the foreign minister and the labor party, protesting against the hold-up of the delegation, and saying among other things: "The action of the seamen's union may cause labor unrest."

Meetings were held throughout Glasgow last evening at which the attitude of the council was endorsed.

Several of the morning papers confirm the report that MacDonald and Jewett have signed a guarantee that they would insist upon restitution to Allied merchant seamen for murder and destruction committed by German submarines. The papers say, however, that the labor delegates' opponents declare that their action has come too late.

It is reported, but cannot be confirmed, that MacDonald and Jewett have gone to another port. The union has ordered a strict watch on all harbors. Another rumor is that the delegates will cross the North Sea in an airplane.

JUDGE WHITE IS PRESIDING

Sir Ezekiel McLeod on Rogers Commission—Two Common Motions Made This Morning.

The June sittings of the Supreme Court appellate division, opened here this morning with an unusually small docket. Judge White presided in the absence of Sir Ezekiel McLeod, chief justice, who is on the Rogers commission, and with him were associated Judge Grimmer and Judge Chandler of the King's Bench division.

There were two common motions today. In the case of Farrell et al. vs. Conway et al., tried before Judge Crockett and a jury at the Queens County circuit court last month, Mr. D. Mullin, K. C., moved for enlargement of time for giving notice of motion for a new trial and for filing of factums with stay of proceedings on terms. Motion granted on terms that defendant pay to plaintiff amount of verdict upon later giving security for repayment in case defendant succeed on appeal; and that defendant give security for payment of mesne profits, \$90, and pay plaintiff's solicitor costs of suit when taxed upon plaintiff's solicitor undertaking to repay same if defendant succeed on appeal.

(Boston Globe.)
Before leaving for Canada and the front, Piper James Cameron of the 236th Canadian Overseas Battalion—the New Brunswick Kilties—is to be married to Miss Beatrice Caswell of 710 Walk Hill street, Mattapan, whom he met since the pipers came to Boston. The ceremony will be strictly military, but the just where it will take place has not yet been decided. ed to enlarge the time for giving notice of appeal. Leave granted, notice to be given within two days.
