

How the Hazen Government Wielded the Axe in 1908

A Partial List of Those Whose Heads Fell Into the Basket After the Change of Government Nine Years Ago--Members of the Present Opposition in the House Have Short Memories ---Present Government Has Shown Wonderful Leniency.

The Opposition in the Legislature has been making a great fuss about certain removals from office since the Foster Government took charge of affairs. Those who are doing most of the talking were the greatest partisans in the Province in the year 1908, when the Hazen government assumed the reins of power. The return brought down in the House a few days ago as to the officials who have been removed from office does not compare with the list of those whose heads fell into Hon. Mr. Hazen's political basket in 1908. The principle acted upon then was that not only were those who took an active part in politics removed from office, but officials who did not bother themselves at all found that it was necessary for them to resign if they did not wish to be decapitated.

The memories of men are short, particularly the memories of those who do not wish to remember, but the following list of officials who found themselves out of a job after the Hazen Government came into power may assist the present opposition to bear with some resignation the fate of those few of their supporters who have been dealt with by the Foster administration.

In addition to the list given below, there were hundreds of road supervisors and chairmen of revisors who fell by the wayside under the gentle pressure by Hazen partisans. However, the list which follows is interesting as giving some idea of the kind of political activity Mr. Hazen and his followers indulged in and which they are now complaining so bitterly about.

Removals and resignations of Mar. 24th, 1908, were:

Charles J. Milligan, as registrar of probates for the City and County of St. John, to take effect on the first day of April next.

Hon. Archibald Harrison, as a member of the Senate of the University of New Brunswick.

July 17th: Bernard Russell to be a member of the Board of Liquor License Commissioners, in the place of Edmund J. Bourgeois, whose term of office has expired.

"Nature" chose Assam

Scientists tell us that Assam in northern India was the original home of the tea plant. Thousands of years ago "Nature" chose the climate and soil of this favored region as most suitable for growing tea.

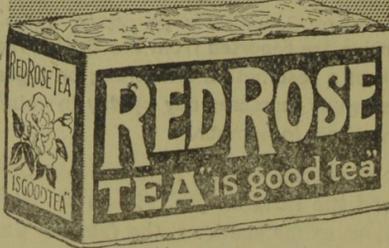

It is, therefore, natural that the hillside gardens of Assam (see picture) grow the teas which to-day are famous for their flavor, fragrance and rich strength.

It is of these Assam teas, skilfully blended with choice Ceylons, that Red Rose Tea consists. It is this rich Assam strength that users of Red Rose Tea must thank for its splendid economy—for the greater number of cups it yields to the pound, fully one-third more than ordinary teas.

To make certain that these Assam qualities are fully preserved for you we put Red Rose Tea into dust, odor and air proof sealed packages. Red Rose Tea reaches you pure, fresh and full strength—we guarantee it.

Try a Package of this Economical Tea

Red Rose crushed coffee is as generously good as Red Rose Tea and just as easy to make.

July 17th: Alexander P. Jones to be a Commissioner of the Parish of Queensbury Civil Court in the place of Andrew Dunlop, removed for cause.

Save the Food and Serve the Empire!

The Average Canadian Family Wastes Enough to Feed a Soldier

"The Kitchen must help as well as the Workshop and the Trenches"
Lloyd George.

INTELLIGENT economy in the kitchen can do much to prevent the threatened world famine—can counteract the effect of high prices—and can replace growing debt with systematic saving.

Careful investigations show that before the war the average British family wasted 25% of their food—and we Canadians were even more extravagant.

This waste is not in a few big things, but in many little ones, each, we used to think, too small to bother about—such as careless peeling of vegetables and fruit—failure to make good use of dripping and "left-overs"—and such others as will occur to every thrifty housekeeper.

For the Empire's sake as well as your own, hunt up and cut out these leaks! You'll be helping to relieve the food shortage—saving your own money—and putting yourself in a position to buy Canadian War Savings Certificates and help win the war.

War Savings Certificates are issued in denominations of \$25, \$50 and \$100, to be repaid in three years at full face value. They cost \$21.50, \$43 and \$86 respectively, at all Money Order Post-Offices and Banks, thus yielding over 5% Interest. Should you need it, you can get your money back at any time.

The National Service Board of Canada,
OTTAWA.

Belgians are starving— Canadians have plenty!

Our heroic Allies deserve—and sorely need—more help than we are giving!

GIVE—GIVE!

Freely—quickly—often to the
BELGIAN RELIEF FUND
